When you heard the voice out of the darkness and the fire, all the leaders of your tribes and you said, "The LORD our God has shown us his glory and we have heard his voice from the fire. Today we have heard his voice with them. ²⁵But now, why should we hear the voice of the LORD our God, and consume us, and we will die if we hear the voice of the LORD our God? ²⁶For what mortal has ever heard the voice of the LORD and survived? ²⁷Go near and listen, as we have, and survived the LORD our God. Then tell us whatever the LORD our God tells us when you spoke to me."

³²So be careful to do what the LORD your God has commanded you, so that you may turn aside to the right or to the left. ³³Walk in the land that you will possess.

Atheism at the Agora James C Ford, 2023-08-11 This fresh comprehensive study of ancient Greek atheism aims to dismantle the current consensus that atheism was unthinkable in ancient Greece demonstrating instead that atheism was not only thinkable but inextricably embedded in the Greek religious environment Through careful analysis of a wide range of source material provided in modern English translation and drawing on philosophy theology sociology and other disciplines Ford unpicks a two and a half thousand year history of marginalisation

Our God Yinka Bamgbelu, 2015-05-22 It seems extraordinary that Dr Richard Dawkins who Dr Stephen Hawking implied was an imbecile was apologising for Albert Einstein I believe Dawkins was afflicted by delusional self aggrandisement which is a form of psychosis and part of the clinical manifestations of latent progressive dementia He was not fit to speak for a true genius like Einstein Infallibility is brainless nonsense as it exists only in the supernatural realm Only an infallible being will describe another being as fallible If Albert Einstein were a stately horse Dr Richard Dawkins is an insect Albert Einstein regards Sir Isaac Newton as near deity Sir Isaac Newton was a devout unorthodox Christian and perhaps the supreme science genius *Changing God's Law* Nadjma Yassari, 2016-06-03 This volume identifies and elaborates on the significance and functions of the various actors involved in the development of family law in the Middle East Besides the importance of family law regulations for each individual family law has become the battleground of political and social contestation Divided into four parts the collection presents a general overview and analysis of the development of family law in the region and provides insights into the broader context of family law reform before offering examples of legal development realised by codification drawn from a selection of Gulf states Iran and Egypt It then goes on to present a thorough analysis of the role of the judiciary in the process of lawmaking before discussing ways the parties themselves may have shaped and do shape the law Including contributions from leading authors of Middle Eastern law this timely volume brings together many isolated aspects of legal development and offers a comprehensive picture on this topical subject It will be of interest to scholars and academics of family law and religion

Romans: Theological Masterpiece (Volume 2) Joseph R. Holder, 2014-05-04 Volume 2 of Joe Holder's exposition of Romans covers Romans chapters 9 through 16 The epistle to the Romans is indeed a theological masterpiece Against the dark background of man's tragic sinfulness it paints the brilliant scene of God's gracious gift of righteousness through the Lord Jesus Christ Then it calls for a practical response of faith and godliness in the believer's daily walk of discipleship

God and His Demons Michael Parenti, 2010-06-30 A noted author and activist brings his critical acumen and rhetorical skills to bear in this polemic against the dark side of religion Unlike some popular works by stridently outspoken atheists this is not a blanket condemnation of all believers Rather the author's focus is the heartless exploitation of faithful followers by those in power as well as sectarian intolerance the violence against heretics and

nonbelievers and the reactionary political and economic collusion that has often prevailed between the upper echelons of church and state Parenti notes the deleterious effects of past theocracies and the threat to our freedoms posed by present day fundamentalists and theocratic reactionaries He discusses how socially conscious and egalitarian minded liberal religionists have often been isolated and marginalized by their more conservative and better financed coreligionists Finally he documents the growing strength of secular freethinkers who are doing battle against the intolerant theocratic usurpers in public life Historically anchored yet sharply focused on the contemporary scene this eloquent indictment of religion s dangers will be welcomed by committed secular laypersons and progressive religionists alike
