Three Perspectives Steven H. Propp, 2009-12 You're Jewish aren't you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self-examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti-Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migrant named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the author's earlier book Beyond Heaven and Earth in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world **Holocaust Denial as an International Movement** Stephen E. Atkins, 2009-04-30 The end of World War II saw an emergence of Holocaust dissent that began in Europe and has since developed into an international movement

with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler s intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler s anti Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects

**Corporal Hitler and the Great War 1914-1918** John F Williams, 2005-07-05 Adolf Hitler enlisted in the Bavarian Army in August 1914 as a war volunteer Fanatically devoted to the German cause between 1914 and 1918 Hitler served with distinction and sometimes reckless bravery winning both classes of Iron Cross Using memoirs military records regimental divisional and official war histories as well as wherever possible Hitler's own words this book seeks to reconstruct a period in his life that has been neglected in the literature It is also the story of a German regiment 16th Bavarian Reserve Infantry or List Regiment which fought in all the main battles on the Western Front As a frontline soldier Hitler began his study of the black art of propaganda and as he himself maintained the List Regiment

provided him with his university of life This is not only an account of the fighting however Some of the most profound influences on Hitler occurred on home leave or as a result of official wartime propaganda which he devoured uncritically His conversion from passive pathological anti-Semitism began while invalided in Germany in 1916 17 The language of anti-Bolshevik Jewish virus propaganda became Hitler's language confirmed as he saw it by the infected recruits to the List Regiment in 1918 Hitler is here presented less as the product of high cultural forces than as an avid reader and gullible consumer of state propaganda which fed his prejudices He was a good soldier but also a true believer in fact and practice It is no exaggeration to say that every military decision made by Hitler between 1939 and 1945 was in some way influenced or coloured by his experiences with the List Regiment between 1914 and 1918
