Going International The Experience Of Smaller Companies Overseas

Zoltan J. Acs, Bernard Yin Yeung

Going International The Experience Of Smaller Companies Overseas:

Going International Gerald David Newbould, Peter J. Buckley, Jane C. Thurwell, 1978 Monograph intended to serve as a guide on the establishment of foreign enterprises and foreign investment discusses the reasons for success and failure of overseas production and sales subsidiaries of small firms and provides an overview of investment policies and foreign exchange controls of developed countries Graphs and statistical tables

Small and Medium-Sized Enterprises in the Global Economy Zoltan J. Acs, Bernard Yin Yeung, 2010-08-10 Entrepreneurship and globalization are two much examined forces as we enter the new millennium yet very little has been published on the intersection of small and medium sized enterprises SMEs and the global economy To close the gap this volume delves into the intricate roles and consequences of such businesses on both global and domestic economies The first part of the volume provides an overview of the phenomenon of globalization arguing that entrepreneurial discovery and technological change lead to globalization which in turn leads to further opportunity for entrepreneurial discovery no less for SMEs than for multinational corporations In part two the essays examine the role of SMEs in the global economy and why they are thriving Part three reviews the roles of SMEs and innovators and examines their roles in direct foreign investment Part four explores the role of technological diversity and knowledge spillovers as a way to explain the superior innovative performance of SMEs Part five looks at the role of SMEs in technology transfer Finally part six examines the theoretical and policy implications of the international activities of SMEs suggesting that policies should aim to reduce the costs in international expansion for SMEs This volume will provide the foundation for further study in SMEs and globalization It will appeal to scholars and students in both international business and economics Zoltan J Acs is Professor of Economics and Finance University of Baltimore Bernard Yin Yeung is Professor of International Business University of Michigan

Foreign Direct Investment by Smaller UK Firms: The Success and Failure of First-Time Investors Abroad Peter J. Buckley, Gerald D. Newbould, Jane Thurwell, 1988-06-18 One of the biggest risks any company can take is the setting up of an overseas production subsidiary The production subsidiary requires the greatest capital with the possibility of the total investment being lost should the venture fail It is to reduce that risk that this book has been written

Handbook of Research on European Business and Entrepreneurship Leo Paul Dana, 2008 This book is an important contribution to the field of international entrepreneurship it provides a comprehensive account of internationalization strategies adopted by SMEs in a wide range of European countries and by drawing on a number of empirical studies it enriches the theory of SME internationalization with a new theoretical framework that can be useful for understanding the complexity of SME internationalization processes in Europe Julia Korosteleva Thunderbird International Business Review From Andorra to Wales with stops in more than 35 other European countries along the way this comprehensive collection of articles is required reading for scholars interested in international entrepreneurship It provides information on how entrepreneurs and their firms go international from virtually every country in Europe This unique volume

permits researchers to compare how the process of entrepreneurial internationalization is affected by differences in culture location technology and other influences within Europe Furthermore the various authors consider a range of theoretically important issues such as cooperation and trust venture capital research and development learning networks and government policy This book serves as an essential departure point from which scholars can embark on their study of international entrepreneurship in Europe Benjamin M Oviatt Georgia State University US This is a timely and interesting book that brings together some of the most insightful contributions on the internationalization of new ventures with an emphasis on the European experiences Assembling some of the best scholars the book offers a distinctively European perspective one that deserves recognition analysis and discussion I applaud the editors for doing such a masterful job in bringing a great group of researchers and ideas together I highly recommend this book for any serious researcher and scholar Shaker A Zahra University of Minnesota US This remarkable book provides valuable contributions on how the process of SMEs internationalization is operating in 37 different European countries Researchers in international entrepreneurship will find new materials for theorization Numerous facets of international business are carefully documented by a great many well known scholars Also given the variety of situations typical of the European small business sector the book may prove to be helpful to small scale entrepreneurs wishing to take steps towards internationalization Overall this coordinate work makes you realize why Europe is so fascinating Jean Jacques Obrecht University Robert Schuman Strasbourg France This unique comparative study of the internationalization of small firms is a milestone in international business research It compares the internationalization strategies of fast growing firms across nearly forty different European countries It shows that the growth trajectories of firms reflect the investing country s geographical location natural resource endowments legal and financial institutions and local culture There are many important new insights to be gained from a careful study of this important new research resource Mark Casson University of Reading UK This unique Handbook illustrates how entrepreneurs across Europe tackle internationalization This timely and important book identifies patterns and builds a theory of international entrepreneurship in Europe The contributors discuss the performances of SMEs on the road to internationalization Each chapter emphasizes how the process of internationalization of SMEs operates the challenges and opportunities that arise due to each country s specific political and economic situation and their subsequent internationalization performance These processes challenges and performances can be understood through theories of international business and entrepreneurship Although at times these theories cannot fully
