Going All The Way:

Going All the Way Sharon Thompson, 1996-09-30 Describes the experiences of young American women coming of age in the late twentieth century and provides firsthand accounts of love desire popularity promiscuity sex birth control and motherhood

Going All the Way Dan Wakefield, 2016-02-09 Two friends return home from the Korean War to find their world and themselves irrevocably altered in this novel hailed by Kurt Vonnegut as gruesomely accurate and enchanting and wildly sexy Willard Sonny Burns and Tom Gunner Casselman Korean War vets and former classmates reunite on the train ride home to Indianapolis Despite their shared history the two young men could not be more different Sonny had been an introverted bookish student whereas Gunner had been the consummate Casanova and athlete and a popular source of macho pride throughout the high school Reunited by the pains of war they go in search of finding love rebuilding their lives and shedding the repressive expectations of their families As Sonny and Gunner seek their true passions the stage is set for a wounded gripping account of disillusionment and self discovery as seen through the lens of the conservative Midwest in the summer of 1954 Rendered in honest prose national bestseller *Going All the Way* expertly and astutely captures the joys and struggles of working class Middle America and the risks of challenging the status quo Author Dan Wakefield crafts this enduring coming of age tale with fluidity grace and deep humanity

Going All the Way Brian Gleason, Marcia Gleason, 2007-11 The committed relationship is the perfect vehicle for accessing life's greatest gifts Deep pleasure profound intimacy personal fulfillment and creative expression are some of the many gifts that the committed relationship is capable of providing But for most couples these possibilities fail to materialize Instead partners silently slip into habits of interaction which choke off their ability to access their immense potential In *Going All The Way* authors Brian and Marcia Gleason offer a model of relationship called the Exceptional Marriage Safety and security are the trademarks of a passable marriage The Gleason's suggest a better option An exceptional marriage creates space for partners to come alive Such a relationship involves a radical commitment to support each other's truth and greatness In their broader vision of a committed relationship the Gleason's encourage and invite couples to claim their human potential through unlocking their full range of sincere and transformative emotions In most marriages these responses are hidden avoiding precisely those areas where the greatest potential for growth and fulfillment exist According to the Gleason's a relationship is a living experience which allows couples to move between needs for security and connection and the human impulses toward adventure and creativity By letting go of their control patterns partners can free up their capacity to laugh cry shout tremble and soar together and individually *Going All The Way* is a sincere invitation for couples to claim their emotional birthright and to have a truly Exceptional Marriage
