Geopolitics In The Danube Region Hungarian Reconciliation Efforts 18481998:

Czechoslovakia and the Czech Republic in World Politics Ladislav Cabada, Šárka Waisová, 2011-11-21 The book focuses on the description and analysis of the historical formation of the Czechoslovak and Czech positions in the international system during the course of the 20th century The first part of the book presents a brief outline of the history of Czechoslovak foreign policy between the First World War and the end of the Cold War The authors focus on the key periods and turning points in the role of the small Central European state in the international system as well as on the significant actors formulating Czechoslovak foreign policy from the inside and influencing it from the outside The second analytical part of the book focuses on the key issues connected to the change of the position of Czechoslovakia and the Czech Republic after 1993 in world politics and on the formulation of Czech foreign policy priorities and strategies in the globalized world after the end of bipolar confrontation The authors analytically investigate the activities of the Czech Republic in Central European regional integration processes and the integration of the state in the global system of development cooperation A great deal of attention is paid to the key political actors of the Czech foreign policy discussion and their impact on the formulation of foreign policy goals Special attention is paid to the dilemmas of Czech foreign policy the hesitation between the role of a small state and a medium power and also the span of Czech foreign policy between Atlanticism anti Americanism and Europeanization

The Politics of Good Neighbourhood Béla Filep, 2016-10-04 Analyzing neighbourly relations in multicultural societies this book develops a concept of good neighbourhood and argues that cultural capital in various forms is the determining variable in building good neighbourly relations This work breaks new ground by offering a conceptual integration of different mutually interdependent forms of capital intercultural capital cross cultural social capital and multicultural capital These forms of capital are linked to different educational and cultural policies of the state as well as to civil society involvement at different levels of implementation Grounded in extensive fieldwork the book not only provides critical insights into neighbourly relations in culturally diverse border regions of East Central Europe but the concept developed through a rich theoretical base can be usefully adapted and widely applied to other contexts Scholars and graduate level students in geography international relations political science social anthropology and sociology as well as policy practitioners with an interest in the negotiation of coexistence minority issues and social and political cohesion in multicultural societies will find this an illuminating read

The Logic of Hungarian Political Development (1990-2022) Ervin Csizmadia, 2024-01-22 The Logic of Hungarian Political Development 1990 2022 Historical and Political Perspectives is a departure from most of the works focused on contemporary Hungarian politics Most tend to focus on describing the transition from democracy to autocracy with a focus on Viktor Orbán and the construction of an illiberal regime Ervin Csizmadia's book differs from this literature in its approach How it could have happened in Hungary in the first place To understand the essence of this you must recognize the whole process of Hungarian political development Csizmadia

argues that patterns of the old Hungarian development have emerged in our time which cannot be dismissed as archaic are reviving the old patterns today are intriguing and we know very little about them Geopolitics in the Danube Region Ignác Romsics, Béla K. Király, 1999 The Danube region has a history of ethnic conflicts and a revolutionary tradition against expansionism Germany and Russia have both tried to develop versions of confederations and politicians have proposed initiatives for various formations This text examines why these initiatives have failed **Liberal Imperialism in Europe** M. Fitzpatrick, 2012-08-06 In this state of the field anthology leading scholars in the fields of European imperial history and intellectual history explore the nature of European imperialism during the long nineteenth century scrutinizing the exact relationship between the various forms of liberalism in Europe and the various imperial projects of Europe **19th-Century Hungarian Political Thought and Culture** Ferenc Hörcher, Kálmán Tóth, 2023-06-15 This volume presents the ideas of the main actors of the political scene in the Hungarian Kingdom during the long 19th century 1790 1920 Organised around key political thinkers the book considers the most significant paradigms of thought associated with these figures and the critical political events of the day Beginning with an introductory overview of 19th century Hungary in a European context which includes the main features of Hungarian political thought 19th Century Hungarian Political Thought and Culture explores the fundamental characteristics of the country's political system and the geopolitical background to political discourse in the region at the time The contributors reflect on the stories of some of the most influential voices as well as their networks impacts and legacies Through this the book is able to offer novel insights into how Western political culture was perceived and adapted in a country long considered by many to belong to the European periphery *The Social Significance of Reconciliation in Paul's Theology* Corneliu Constantineanu, 2010-04-08 This is an assessment of the social dimension to reconciliation as displayed in Paul's Letter to the Romans Traditional exegetical scholarship has treated Paul's presentation of reconciliation as referring to reconciliation between people and God and has primarily focused use of the word *katallage* traditionally translated as atonement Constantineanu challenges this view and argues that Paul's understanding of the concept is more complex employing rich symbolism to describe reconciliation with God and between human beings forming together an inseparable reality The discussion is placed within Paul's overall religious social and political contexts showing that an analysis of the social dimension of reconciliation in his thought is both plausible and necessary Constantineanu offers an analysis of two major sections of Romans chapters 5 8 and 12 15 Special emphasis is placed on Paul's use of the story of Jesus for community formation for the shaping of identity values and community practices It is thus demonstrated that for Paul God's reconciling initiative shown in the crucifixion is not only the pronouncement of God's reconciling the world but also the ground and model for reconciliation among human beings It was formerly the Journal for the Study of the New Testament Supplement a book series that explores the many aspects of New Testament study including historical perspectives social scientific and literary theory and theological cultural and contextual approaches *Evolution of the*

Hungarian Economy, 1848-1998 János Kornai, 2000 *Imre Nagy* János M. Rainer, 2009-08-30 After nearly three decades of dutiful service to the Communist Party Imre Nagy led the popular uprising against the Soviet authorities during the 1956 Hungarian Revolution Two years later he was disgraced and executed How did the formerly loyal Party servant become one of its most ardent critics How did he reconcile his own beliefs with the demands of the Party for so long and what finally drove him to take a stand And how should we understand his legacy for the modern democracy of Hungary This definitive biography of the Communist leader traces his life from his conventional petty bourgeois childhood in south west Hungary through his tremendous political achievements and ultimate dramatic failure The first complete portrait of this complex and contradictory figure Imre Nagy is vividly brought to life as an enigmatic figure whose actions shaped Hungary's destiny in 1956 and ever since Nationalism and the Crowd in Liberal Hungary, 1848-1914 Alice Freifeld, 2000-07-17 Audiences at theaters fairs statue raisings and commemorations of national figures political rallies ethnic mobs May Day celebrations monarchical festivities and finally war rallies all take up places in this history Not only insurgent crowds but festive ones as well have political and material goals Freifeld finds And hope for liberal nationalism which Hungarian crowds carried from their experience of 1848 thus continued to confront the monarchy its bureaucracy and the gentry Evolution of the Hungarian Economy, 1848-1998: Hungary: from transition to integration János Kornai, 2000 **The Grand Strategy of the Habsburg Empire** A. Wess Mitchell, 2019-10 The Habsburg Empire's grand strategy for outmaneuvering and outlasting stronger rivals in a complicated geopolitical world The Empire of Habsburg Austria faced more enemies than any other European great power Flanked on four sides by rivals it possessed few of the advantages that explain successful empires Yet somehow Austria endured outlasting Ottoman sieges Frederick the Great and Napoleon A Wess Mitchell tells the story of how this cash strapped polyglot empire survived for centuries in Europe's most dangerous neighborhood without succumbing to the pressures of multisided warfare He shows how the Habsburgs played the long game in geopolitics corralling friend and foe alike into voluntarily managing the empire's lengthy frontiers and extending a benign hegemony across the turbulent lands of middle Europe The Grand Strategy of the Habsburg Empire offers lessons on how to navigate a messy geopolitical map stand firm without the advantage of military predominance and prevail against multiple rivals Evolution of the Hungarian Economy, 1848-1998: One-and-a-half centuries of semi-successful modernization, 1848-1989 Tibor Iván Berend, János Kornai, 2001 This volume is a major contribution to Hungarian economic history since the middle of the nineteenth century In this first volume of three on the evolution of that economy the authors focus on the beginnings of the modern capitalist economy 1848 1914 on economic nationalism 1918 1944 and on the socialist attempt at modernization 1945 1989 **EU Enlargement, Region Building and Shifting Borders of Inclusion and Exclusion** James Wesley Scott, 2016-04-22 The 2004 entry of 10 Central and Eastern European countries along with Malta and Cyprus into the EU has caused a huge shift in the EU's external boundaries The socio economic and political transformations that this shift has

caused not only suggest new regional development opportunities but also many potential problems and tensions While the EU insists that enlargement will not signify new divisions processes of inclusion and exclusion and the imposition of visa restrictions on non EU citizens could pose obstacles to co operation conjuring fears of an emerging fortress Europe that effectively divides the continent Illustrated with case studies from Central and Eastern European border areas this book examines capacities for region building across national borders in within the context of EU enlargement synthesizing the various insights provided by local information and suggesting ways forward for the future development of the EU s Wider Europe strategy **The Routledge History of East Central Europe since 1700** Irina Livezeanu, Arpad von

Klimo, 2017-03-16 Covering territory from Russia in the east to Germany and Austria in the west The Routledge History of East Central Europe since 1700 explores the origins and evolution of modernity in this turbulent region This book applies fresh critical approaches to major historical controversies and debates expanding the study of a region that has experienced persistent and profound change and yet has long been dominated by narrowly nationalist interpretations Written by an international team of contributors that reflects the increasing globalization and pluralism of East Central European studies chapters discuss key themes such as economic development the relationship between religion and ethnicity the intersection between culture and imperial national wartime and revolutionary political agendas migration women s and gender history ideologies and political movements the legacy of communism and the ways in which various states in East Central Europe deployed and were formed by the politics of memory and commemoration This book uses new methodologies in order to fundamentally reshape perspectives on the development of East Central Europe over the past three centuries Transnational and comparative in approach this volume presents the latest research on the social cultural political and economic history of modern East Central Europe providing an analytical and comprehensive overview for all students of this region

Minorities in the Balkans: state policy and interethnic relations (1804 - 2004) Bataković, Dušan T., 2011-01-01

Czechoslovakism Adam Hudek, Michal Kopeček, Jan Mervart, 2021-09-30 This collection systematically approaches the concept of Czechoslovakism and its historical progression covering the time span from the mid nineteenth century to Czechoslovakia s dissolution in 1992 1993 while also providing the most recent research on the subject Czechoslovakism was a foundational concept of the interwar Czechoslovak Republic and it remained an important ideological political and cultural phenomenon throughout the twentieth century As such it is one of the most controversial terms in Czech Slovak and Central European history While Czechoslovakism was perceived by some as an effort to assert Czech domination in Slovakia for others it represented a symbol of the struggle for the Republic s survival during the interwar and Second World War periods The authors take care to analyze Czechoslovakism s various emotional connotations however their primary objective is to consider Czechoslovakism as an important historical concept and follow its changes through the various cultural political contexts spanning from the mid nineteenth century to the breakup of Czechoslovakia in 1993 Including the work of many of

the most eminent Czech and Slovak historians this volume is an insightful study for academic and postgraduate student audiences interested in the modern history of Central and Eastern Europe nationality studies as well as intellectual history political science and sociology **Minority Recognition and the Diversity Deficit** Jessika Eichler, Kyriaki

Topidi, 2022-11-17 This book addresses one of the most serious societal questions of our time how to create new spaces and frameworks for minority recognition given the State centric sovereignty discourse and the persisting equality jargon that dominate today's world By so doing it approaches minority rights by means of a critical engagement with its underlying premises Notably it makes attempts to both construct and reconfigure neglected legal categories in particular collective rights and to deconstruct domestic constitutional orders More precisely it does so through diametrically opposed levels of analysis that is top down and bottom up logics by exploring sociolegal strategies forms and formats of governance on the one hand and grassroots demands on the other Drawing on empirical findings in Europe and Latin America the book gives us a sense of how recognition needs to be contextualised against the background of right wing trends in Europe and the rebuilding of the State in the Andes This is a fascinating study of one of the key questions engaging human rights minority studies and discrimination law **Hungarian Spaces and Places** Györgyi Barta, 2005 **Hungary since 1945** Árpád von Klimó, 2017-12-14 Lying on the political fault line between East and West for the past seventy five years the significance of Hungary in geopolitical terms has far outweighed the modest size of its population This book charts the main events of these tumultuous decades including the 1956 Uprising the end of Hungarian communism entry into the European Union and the rise to power of Viktor Orbán and the national conservative ruling party Fidesz
