George Mifflin Dallas Jacksonian Patrician:

George Mifflin Dallas John M. Belohlavek, 1977 **Shapers of the Great Debate on Jacksonian Democracy** Paul E. Doutrich, 2004-03-30 The successful conclusion of the War of 1812 ushered in a new age of American history the Jacksonian era This book explores the background motives and goals of political and social leaders who dominated this era Divided into three categories Whigs Democrats and Writers and Reformers biographies of Henry Clay Ralph Waldo Emerson James Knox Polk Andrew Jackson and others are included Debates over such issues as westward expansion the Second Bank of the United States Indian policies and slavery are discussed from opposing viewpoints Americans of the Jacksonian era upheld traditions and values of their forefathers while also embracing the unlimited opportunity of the future During this era profound political divisions emerged within the nation with the core debate focused on the extent of the federal government s power Americans debated such issues as the degree to which the federal government could compel states to implement federal legislation administer expansion policy regulate trade and manage the economy Interwoven within these debates were questions about the legitimacy of slavery This book explores the background motives and goals of political and social leaders who dominated this era Debates over such issues as westward expansion the Second Bank of the United States Indian policies and slavery are discussed from opposing viewpoints Students and general readers will find this reference tool useful in describing the lives and views of individuals who directed the course of the nation during the Jacksonian era *The Presidency of James K. Polk* Paul H. Bergeron, 1987 James K Polk was one of the strongest and most active presidents ever to occupy the office In the nineteenth century only Jefferson Jackson and Lincoln matched his overall leadership and domination of national government Bergeron s crisp insightful narrative shows how and why Polk achieved such stature and yet failed to attract the kind of popular support or retrospective recognition granted other presidential luminaries A native of North Carolina Polk prepared for the presidency by honing his leadership skills as a seven term congressman speaker of the house and governor of Tennessee Bergeron s summary and analysis of those years shed light on the foundations of the presidency that followed He provides fresh new perspectives on Polk s relationship with his cabinet his skirmishes with Congress over domestic economic legislation and the curse of presidential patronage But perhaps the most fascinating portions of this study are devoted to Polk s role as the western expansionist By the end of his term the United States had acquired enormous territories in the Southwest and far West Bergeron demonstrates that Polk adroitly used both war and diplomacy to acquire and protect these lands When the annexation of Texas led to the outbreak of war with Mexico Polk was forced to become commander in chief of the American forces In contrast the potentially explosive dispute with Great Britain over Oregon s borders was settled through purely diplomatic means Norman A Graebner in *America s Top Ten Presidents* declares Polk s achievements in diplomacy were among the most remarkable in American history Drawing upon a careful review of the extensive literature on our eleventh president as well as Polk s personal diary Bergeron has written a significant and

balanced reassessment of the Polk presidency In the process he has also created a revealing portrait of a complex man who led the nation with imperial determination tempered with compassion generosity and even humor Historical Dictionary of the Jacksonian Era and Manifest Destiny Mark R. Cheatham, Terry Corps, 2016-12-13 The Jacksonian period under review in this dictionary served as a transition period for the United States The growing pains of the republic's infancy during which time Americans learned that their nation would survive transitions of political power gave way to the uncertainty of adolescence While the United States did not win its second war the War of 1812 with its mother country it reaffirmed its independence and experienced significant maturation in many areas following the conflict's end in 1815 As the second generation of leaders took charge in the 1820s the United States experienced the challenges of adulthood The height of those adult years from 1829 to 1849 is the focus of the Historical Dictionary of the Jacksonian Era and Manifest Destiny This second edition of Historical Dictionary of the Jacksonian Era and Manifest Destiny contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about this era in American history **Senators of the United States** Diane B. Boyle, 1995 S Doc 103 34 Compiled by Jo Anne McCormick Quatannens Diane B Boyle editorial assistant prepared under the direction of Kelly D Johnston Secretary of the Senate Lists scholarly works that profile the lives and legislative service of senators and their autobiographies and other published works *The A to Z of the Jacksonian Era and Manifest Destiny* Terry Corps, 2009-07-27 The brief period from 1829 to 1849 was one of the most important in American history During just two decades the American government was strengthened the political system consolidated and the economy diversified All the while literature and the arts the press and philanthropy urbanization and religious revivalism sparked other changes The belief in Manifest Destiny simultaneously caused expansion across the continent and the wretched treatment of the Native Americans while arguments over slavery slowly tore a rift in the country as sectional divisions grew and a national crisis became almost inevitable The A to Z of the Jacksonian Era and Manifest Destiny takes a close look at these sensitive years Through a chronology that traces events year by year and sometimes even month by month actions are clearly delineated The introduction summarizes the major trends of the epoch and the four administrations therein The details are then supplied in several hundred cross referenced dictionary entries and the bibliography concludes this essential tool for anyone interested in history **James K. Polk and His Time** Michael David Cohen, 2023-08-18 This collection arose out of a 2019 conference to commemorate the completion of the fourteen volume Correspondence of James K Polk Its scholarship which pays tribute to the Polk Project itself as well as to the controversial nature of the Polk legacy will result in a significant reinterpretation of the eleventh US president Contributors include John F Polk who examines the ways history has mischaracterized almost the entire Polk family tree and Kelly Houston Jones who investigates the family's investments in slave based agriculture The

fascinating life of Elias Polk a man enslaved by the president is compellingly related by Zacharie W Kinslow Asaf Almog analyzes the persistence of labels Polk and fellow Democrats labeled their Whig opponents Federalists he argues with both rhetorical and substantive aims Michael Gunther analyzes Polk s authorization of the Smithsonian Institution and the Department of the Interior seemingly at odds with his devotion to small government Taken together the twelve essays unveil a more complex James K Polk than the narrowly focused Jackson prote ge and proponent of Manifest Destiny we often hear about He was politically partisan but inspired by history and grounded in principle His family s long reliance on nonwhite Americans losses of freedom and land informed his policies on slavery and Indian removal and the nature of the legislation at hand determined when he promoted a larger or a smaller federal government James K Polk and His Time helps us to unde

Andrew Jackson and the Rise of the Democrats Mark R. Cheatham, 2015-03-10 This illuminating overview explains political parties in the early 19th century comparing and contrasting that era with the modern day political climate In this chronological examination of the Democratic Party s origins award winning author Mark R Cheatham traces the development of both the Democratic Party and the second American party system from its roots in the Jeffersonian Republicans in the 1790s to its maturation during Andrew Jackson s presidency in the 1830s The book explores the concept of politics and its effects on the national government of the early American republic This historical reference is filled with fascinating facts and anecdotes about 19th century politics in the United States most notably how Martin Van Buren acted as the architect of the Democratic Party what factors contributed to the Democrats rise to power and how the Bank War created the second American party system pitting the Democrats against Whigs Content features key political writings from the period portraits and political cartoons of the time and a helpful chronology detailing influential events *Bosom Friends* Thomas J.

Balcerski, 2019-08-02 A dual biography of bachelor politicians James Buchanan and William Rufus King that analyzes a much discussed intimate friendship in nineteenth century American politics *James Buchanan and the Coming of the Civil War* John W. Quist, Michael J. Birkner, 2013-03-19 As James Buchanan took office in 1857 the United States found itself at a crossroads Dissolution of the Union had been averted and the Democratic Party maintained control of the federal government but the nation watched to see if Pennsylvania s first president could make good on his promise to calm sectional tensions Despite Buchanan s central role in a crucial hour in U S history few presidents have been more ignored by historians In assembling the essays for this volume Michael Birkner and John Quist have asked leading scholars to reconsider whether Buchanan s failures stemmed from his own mistakes or from circumstances that no president could have overcome Buchanan s dealings with Utah shed light on his handling of the secession crisis His approach to Dred Scott reinforces the image of a president whose doughface views were less a matter of hypocrisy than a thorough identification with southern interests Essays on the secession crisis provide fodder for debate about the strengths and limitations of presidential authority in an existential moment for the young nation Although the essays in this collection offer widely differing interpretations of

Buchanan's presidency they all grapple honestly with the complexities of the issues faced by the man who sat in the White House prior to the towering figure of Lincoln and contribute to a deeper understanding of a turbulent and formative era

The First Smithsonian Collection Helena E. Wright, 2015-04-28 Outstanding Academic Title Choice 2015 Winner Ewell Newman Award of the American Historical Print Collectors Society 2016 In 1849 the Smithsonian purchased the Marsh Collection of European engravings Not only the first collection of any kind to be acquired by the new Institution it was also the first public print collection in the nation and it presented an important symbol of cultural authority The prints formed part of the library of Vermont Congressman George Perkins Marsh 1801-1882 a member of the Smithsonian's Board of Regents The uncertainty of the Smithsonian's mission in the early years complicated its motivation for purchasing the collection especially given Marsh's position as a Regent in financial difficulty After a serious fire in 1865 portions of the collection were deposited at the Library of Congress and the Corcoran Gallery of Art Efforts to reclaim it began in the 1880s as a new generation of Smithsonian staff expanded the National Museum but they achieved only mixed success Through the story of the Marsh Collection the book explores the cultural values attributed to prints in the 19th century including their prominent role in expositions and their influence on visual culture at a time when collecting styles were moving from an individual's private contemplation of artworks to wider public venues of exposition in museums and reception by multiple audiences The history of this first Smithsonian collection enlivens an important stage in the development of American cultural identity and in the formation of the Smithsonian as a national institution

Amiable Scoundrel Paul Kahan, 2016-07-01 From abject poverty to undisputed political boss of Pennsylvania Lincoln's secretary of war senator chair of the Senate Foreign Relations Committee and a founder of the Republican Party Simon Cameron 1799-1889 was one of the nineteenth century's most prominent political figures In his wake however he left a series of questionable political and business dealings and at the age of eighty even a sex scandal Far more than a biography of Cameron *Amiable Scoundrel* is also a portrait of an era that allowed indeed encouraged a man such as Cameron to seize political control The political changes of the early nineteenth century enabled him not only to improve his status but also to exert real political authority The changes caused by the Civil War in turn allowed Cameron to consolidate his political authority into a successful well-oiled political machine A key figure in designing and implementing the Union's military strategy during the Civil War's crucial first year Cameron played an essential role in pushing Abraham Lincoln to permit the enlistment of African Americans into the U.S. Army a stance that eventually led to his forced resignation Yet his legacy has languished nearly forgotten save for the fact that his name has become shorthand for corruption even though no evidence has ever been presented to prove that Cameron was corrupt *Amiable Scoundrel* puts Cameron's actions into a larger historical context by demonstrating that many politicians of the time including Abraham Lincoln used similar tactics to win elections and advance their careers This study is the fascinating story of Cameron's life and an illuminating portrait of his times

The Invincible Duff Green W.

Stephen Belko, 2006 Drawing on previously unexploited primary sources Belko illuminates the wide ranging influence of Duff Green as land speculator entrepreneur lawyer militia officer politician and newspaper editor Disputing common assumption Green is portrayed as a political moderate and independent westerner who played a fundamental role in the shaping of Jacksonian America Provided by publisher [The Journals of Thomas Babington Macaulay Vol 1](#) William Thomas, 2021-03-24 Presents the candid diary of Thomas Macaulay Victorian statesman historian and author of The History of England This work shows how spanning the period 1838 to 1859 the journal is the longest work from Macaulay's pen It states that these unique manuscripts held at Trinity College Cambridge are most revealing of all his writings Volume 1 includes an Introduction and entries for 20 October 1838 12 June 1840 **The Era of Change** Bob Navarro, 2006-02-23 This is the third book written by Bob Navarro on early American history in relation to the evolution of the American Presidency It focuses on the actions of the chief executives and the events that occurred during a period of rapid change in the United States that occurred before the Civil War **The Encyclopedia of the Mexican-American War** Spencer C. Tucker, 2012-10-09 This user friendly encyclopedia comprises a wide array of accessible yet detailed entries that address the military social political cultural and economic aspects of the Mexican American War The Encyclopedia of the Mexican American War A Political Social and Military History provides an in depth examination of not only the military conflict itself but also the impact of the war on both nations and how this conflict was the first waged by Americans on foreign soil and served to establish critical U S military political and foreign policy precedents The entries analyze the Mexican American War from both the American and Mexican perspectives in equal measure In addition to discussing the various campaigns battles weapons systems and other aspects of military history the three volume work also contextualizes the conflict within its social cultural political and economic milieu and places the Mexican American War into its proper historical and historiographical contexts by covering the eras both before and after the war This information is particularly critical for students of American history because the conflict fomented sectional conflict in the United States which resulted in the U S Civil War **Old Hickory's Nephew** Mark R. Cheatham, 2007-07-01 Though remembered largely by history as Andrew Jackson's nephew Andrew Jackson Donelson was himself a significant figure in nineteenth century America a politician planter diplomat newspaper editor and vice presidential candidate His relationship with his uncle and mentor defined his life as he struggled to find the political and personal success that he wanted and his uncle thought he deserved In Old Hickory's Nephew the first definitive biography of this enigmatic man Mark R Cheatham explores both Donelson's political contributions and his complex tumultuous and often overlooked relationship with Andrew Jackson Born in Sumner County Tennessee in 1799 Donelson lost his father only five years later Andrew Jackson soon became a force in his nephew's life seeing in his namesake his political protégé Jackson went so far as to predict that Donelson would one day become president After attending West Point Donelson helped establish the Jacksonian wing of the Democratic party and edited a national Democratic newspaper As a diplomat he helped bring about

the annexation of Texas and following in his uncle's footsteps he became the owner of several plantations. On the surface Donelson was a political and personal success. But few lives are so straightforward. The strong relationship between the uncle and nephew defined by the concept of honor that suffused the southern society in which they lived quickly frayed when Donelson and his wife defied his uncle during the infamous Peggy Eaton sex scandal of Jackson's first presidential administration. This resulted in a tense relationship full of distrust and suspicion between Donelson and Jackson that lasted until the Hero of New Orleans died in 1845. Donelson later left the Democratic party in a tiff and joined the American or Know Nothing party which selected him as Millard Fillmore's running mate in 1856. Though Donelson tried to establish himself as his uncle's political successor and legator, his friends and foes alike accused him of trading on his uncle's name to gain political and financial success. The life of Andrew Jackson Donelson illuminates the expectations placed upon young southern men of prominent families as well as the complexities and contradictions in their lives. In this biography Cheatham awakens interest in a nearly forgotten but nonetheless intriguing figure in American history.

The Journals of Thomas Babington Macaulay William Thomas, 2024-07-31 Presents the candid diary of Thomas Macaulay, Victorian statesman, historian, and author of *The History of England*. This work shows how spanning the period 1838 to 1859, the journal is the longest work from Macaulay's pen. It states that these unique manuscripts held at Trinity College, Cambridge, are most revealing of all his writings.

A Companion to 19th-Century America William Barney, 2008-04-15 *A Companion to 19th Century America* is an authoritative overview of current historiographical developments and major themes in the history of nineteenth-century America. Twenty-seven scholars, all specialists in their own thematic areas, examine the key debates and historiography. A thematic and chronological organization brings together the major time periods: politics, the Civil War, economy, and social and cultural history of the nineteenth century. Written with the general reader in mind, each essay surveys the historical research, the emerging concerns, and assesses the future direction of scholarship. Complete coverage of all the major themes and current debates in nineteenth-century US history, assessing the state of the scholarship and future concerns. 24 original essays by leading experts in nineteenth-century American history, complete with up-to-date bibliographies. Chronological and thematic organization covers both traditional and contemporary fields of research: politics, periods, economy, class formation, ethnicity, gender, roles, regions, culture, and ideas.

Free Trade and Sailors' Rights in the War of 1812 Paul A. Gilje, 2013-03-18 Examines the slogan "free trade and sailors' rights," tracing its sources to eighteenth-century thought and Americans' experience with impressment into the British navy.

If you ally infatuation such a referred **George Mifflin Dallas Jacksonian Patrician** book that will give you worth, get the entirely best seller from us currently from several preferred authors.
