Bush** Louann Atkins Temple,2025 A brief biography of George W Bush for young readers *The Presidency of George W. Bush* John Robert Greene,2021-10-15 The Presidency of George W Bush is the first balanced academic study to analyze the entirety of his presidency domestic social economic and national security policies as well as the administration s response to 9 11 and the subsequent War on Terror In so doing John Robert Greene argues persuasively that the judgment of most scholars that the Bush administration was a complete failure has been made in haste and without the benefit of primary sources This book is the first scholarly work to make wide use of the documents at the George W Bush Presidential Library many of which have only recently been made available to researchers through the Freedom of Information Act John Robert Greene offers a balanced assessment and nuanced conclusions supported by documentary evidence Yet in doing so he does not absolve the Bush administration of its shortcomings The Presidency of George W Bush shows that the administration could be vindictive as demonstrated by the Plame Wilson affair and the firing of the US attorneys It all too often moved too slowly as shown by the National Security Council s lethargic handling of terrorism pre 9 11 the failed attempt to revise Social Security and the sluggish reaction to Hurricane Katrina It was an administration that accepted and acted on the highly suspect theory of the unitary presidency as advocated by Dick Cheney and accepted by the president On the other side of the balance sheet however the evidence also makes it eminently clear that the Bush administration was responsible for many positive achievements No Child Left Behind set the nation on the road toward affecting serious educational reform In healthcare reform the Bush administration both strengthened the Medicare system and extended its benefits for millions of Americans And Bush did more to combat the worldwide scourge of AIDS particularly in Africa than any other president In sum the actions of this presidency continue to affect the presidencies of each of his successors as well as the trajectory of world history to the present day **Will Ferrell - Staying Classy: The Biography** Ryan Hutton,2014-04-24 He s the man who made millions laugh with a twitch of his perfectly coiffured moustache and rebooted the Internet s funny bone as one of the masterminds behind the comedy trove FunnyOrDie If there is comedy to be mined you can be sure Will Ferrell will find it From playing the school joker as a young boy to shake off the trauma of his parents divorce to becoming one the world s most bankable movie stars Will has always used comedy as a way to bring happiness to others He doesn t care if you laugh at him or with him if you re laughing at all then he s done his job This must read biography of Will Ferrell explores his early days on famed US variety show Saturday Night Live and also charts Will s transition from quirky support character to being one of the world s biggest comedy stars thanks to films like Elf The Other Guys and of course a certain little known anchorman from San Diego Read Will Ferrell The Biography if you want to stay classy *Biography Today Vol. 12 No. 2* Omnigraphics,2003-05 Contains alphabetically arranged biographical sketches of well known authors of books for young readers *The History of Neuroscience in Autobiography* Larry R.
