**George W. Smalley, Forty Years a Foreign Correspondent** Joseph James Mathews, 1973 One of the most widely read American foreign correspondents of the nineteenth century Smalley was greatly admired especially for his revolutionary handling of war news Working more than thirty five years for the New York Tribune and later as American representative for the London Times he wrote innovative profiles of Theodore Roosevelt and French socialist Louis Blanc his dispatches from the Battle of Antietam the 1880 opening of Parliament and Queen Victoria's Golden Jubilee are examples of the best journalism of the time Originally published in 1973 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *American Journalists in Hitler's Germany* Norman Domeier, 2025 The first book to critically examine American journalists and media companies roles in Hitler's Germany reigniting the debate on the relationship between political power and the media Despite Hitler's international use of propaganda and despite the power of the US press historians have neglected American journalists activity in Nazi Germany American media companies expanded their presence in Germany after 1933 and the Associated Press AP conducted business with Hitler's regime throughout the war Norman Domeier's study now in English is the first to examine critically and in detail the roles of American journalists and media companies in Hitler's Germany showing that they knew about but kept secret the plans for rearmament the occupation of the Rhineland the annexation of Austria the invasions of Denmark Norway and the Soviet Union The book documents the companionship between Adolf Hitler and Karl Henry von Wiegand chief German correspondent of the Hearst press who was the first and last American to interview him Most important it details the secret exchange of news photographs discovered by Domeier in 2017 between the AP and the Nazis from 1942-45 Thousands of AP photos were used in the Nazi press usually with anti American or anti Semitic spin while the AP distributed ca 40 000 Nazi photographs to US newspapers Domeier's book reignites the debate on the relationship between political power and the media opening up new perspectives on the political and cultural history of journalism beyond one-sided idealizations *Journalism's Roving Eye* John Maxwell Hamilton, 2011-08-15 In all of journalism nowhere are the stakes higher than in foreign news gathering For media owners it is the most difficult type of reporting to finance for editors the hardest to oversee Correspondents roaming large swaths of the planet must acquire expertise that home-based reporters take for granted facility with the local language for instance or an understanding of local cultures Adding further to the challenges they must put news of the world in context for an audience with little experience and often limited interest in foreign affairs a task made all the more daunting because of the consequence to national security In *Journalism's Roving Eye* John Maxwell Hamilton a historian and former foreign correspondent provides a sweeping and definitive history of American foreign news reporting from its inception to the

present day and chronicles the economic and technological advances that have influenced overseas coverage as well as the cavalcade of colorful personalities who shaped readers perceptions of the world across two centuries From the colonial era when newspaper printers hustled down to wharfs to collect mail and periodicals from incoming ships to the ongoing multimedia press coverage of the Iraq War Hamilton explores journalism s constant and not always successful efforts at dishing the foreign news as James Gordon Bennett put it in the mid nineteenth century to describe his approach in the New York Herald He details the highly partisan coverage of the French Revolution the early emergence of special correspondents and the challenges of organizing their efforts the profound impact of the non yellow press in the run up to the Spanish American War the increasingly sophisticated machinery of propaganda and censorship that surfaced during World War I and the golden age of foreign correspondence during the interwar period when outlets for foreign news swelled and a large number of experienced independent journalists circled the globe From the Nazis intimidation of reporters to the ways in which American popular opinion shaped coverage of Communist revolution and the Vietnam War Hamilton covers every aspect of delivering foreign news to American doorsteps Along the way Hamilton singles out a fascinating cast of characters among them Victor Lawson the overlooked proprietor of the Chicago Daily News who pioneered the concept of a foreign news service geared to American interests Henry Morton Stanley one of the first reporters to generate news on his own with his 1871 expedition to East Africa to find Livingstone and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Hamilton details the experiences of correspondents editors owners publishers and network executives as well as the political leaders who made the news and the technicians who invented ways to transmit it Their stories bring the narrative to life in arresting detail and make this an indispensable book for anyone wanting to understand the evolution of foreign news gathering Amid the steep drop in the number of correspondents stationed abroad and the recent decline of the newspaper industry many fear that foreign reporting will soon no longer exist But as Hamilton shows in this magisterial work traditional correspondence survives alongside a new type of reporting Journalism s Roving Eye offers a keen understanding of the vicissitudes in foreign news an understanding imperative to better seeing what lies ahead [The Americanization of the British Press, 1830s-1914](#) J.
