George Dickerson Selected Poems 1959 1999:

Selected Poems, 1959-1999 George Dickerson, 2000 **Selected Poems, 1959-1999** George Dickerson, 2000 **The Iowa Review**, 2000 *Emmett Till in Literary Memory and Imagination* Harriet Pollack, Christopher Metress, 2008-01-01

The horrific 1955 slaying of fourteen year old Emmett Till marks a significant turning point in the history of American race relations. An African American boy from Chicago, Till was visiting relatives in the Mississippi Delta when he was accused of wolf whistling at a young white woman. His murderers abducted him from his great uncle's home, beat him, then shot him in the head. Three days later, searchers discovered his body in the Tallahatchie River. The two white men charged with his murder received a swift acquittal from an all white jury. The eleven essays in *Emmett Till in Literary Memory and Imagination* examine how the narrative of the Till lynching continues to haunt racial consciousness and to resonate in our collective imagination. The trial and acquittal of Till's murderers became, in the words of one historian, the first great media event of the civil rights movement, and since then the lynching has assumed a central place in literary memory. The international group of contributors to this volume explores how the Emmett Till story has been fashioned and refashioned in fiction, poetry, drama, and autobiography by writers as diverse as William Bradford Huie, James Baldwin, Langston Hughes, Gwendolyn Brooks, Audre Lorde, Anne Moody, Nicolás Guillén, Aimé Césaire, Bebe Moore Campbell, and Lewis Nordan. They suggest the presence of an Emmett Till narrative deeply embedded in post-1955 literature, an overarching recurrent plot that builds on recognizable elements and is as legible as the lynching narrative or the passing narrative. Writers have fashioned Till's story in many ways, and the annotated bibliography that ends the volume discusses more than 130 works that memorialize the lynching, calling attention to the full extent of Till's presence in literary memory. Breaking new ground in civil rights studies and the discussion of race in America, *Emmett Till in Literary Memory and Imagination* eloquently attests to the special power and artistic resonance of one young man's murder.

Resource: THE DIRECTORY OF AMERICAN POETS & FICTION WRITERS is a required resource for any arts or presenting organization looking for literary readers as well as for all publishers seeking to solicit work from the best American writers. In addition, writers can use the book to find the right writing mentor and connect with other writers. When I directed my first arts program, the Directory delivered the addresses and phone numbers of writers I loved but couldn't find. This in-depth study of the paintings of Willem de Kooning, 1904-1997, from the 1940s through the 1970s, breaks new ground in its analysis of the artist's working methods and yields new information about previously unreported materials. De Kooning's idiosyncratic working

methods have long engendered intense speculation and debate among conservators and art historians primarily on the basis of visual inspection and anecdotal accounts rather than rigorous technical analysis This is the first systematic study of de Kooning s creative process to use comprehensive scientific examinations of the artist s pigments binders and supports to inform art historical interpretations thereby presenting a key to the complicated evolution of the artist s work Written for conservation scientists conservators specialists in modern art history museum curators and practicing artists this book offers insights into the way an artist can achieve radical changes in style The technical discussions will have practical applications for conservators curators collections managers and collectors who care for twentieth century art 1999 Writer's Market
