George Fox And The English Spiritualists:

First Among Friends : George Fox and the Creation of Quakerism H. Larry Ingle Professor of History University of Tennessee-Chattanooga, 1994-03-03 In *First Among Friends* the first scholarly biography of George Fox 1624-91 H. Larry Ingle examines the fascinating life of the reformation leader and founding organizer of the Religious Society of Friends more popularly known today as the Quakers Ingle places Fox within the upheavals of the English Civil Wars Revolution and Restoration showing him and his band of rude disciples challenging the status quo particularly during the Cromwellian Interregnum Unlike leaders of similar groups Fox responded to the conservatism of the Stuart restoration by facing down challenges from internal dissidents and leading his followers to persevere until the 1689 Act of Toleration It was this same sense of perseverance that helped the Quakers survive the only religious sect of the era still existing today Firmly grounded in primary sources and enriched with gripping detail this well written and original study reveals hitherto unknown sides of one who was clearly First Among Friends **Spiritualism and British Society Between the Wars** Jenny

Hazelgrove, 2000-09-02 Historians of modern British culture have long assumed that under pressure from secular forces interest in spiritualism had faded by the end of the Great War Jenny Hazelgrove challenges this assumption and shows how spiritualism grew between the wars and became part of the fabric of popular culture This book provides a fascinating and lively insight into an alternative culture that flourished and continues to flourish alongside more conventional outlets for spiritual beliefs and needs *The American's Political Manual*, 1856 Studies in Christian Biography Samuel

Osgood, 1850 Reclaiming Our Roots, Volume II Mark Ellingsen, 2012-04-01 This second volume of *Reclaiming Our Roots* carries readers on a whirlwind journey from the eve of the Reformation to developments in Christianity in the twentieth century As in the first volume Mark Ellingsen gives special attention to the history of Christianity in the southern hemisphere the church among minority cultures in North America and the role of women in church history Ellingsen's careful and critical eye ranges over the entire panorama of modern church history He provides balanced theological analyses of major movements and figures as well as the interactions between them Ellingsen presents church history as an opportunity to enter into a dialogue with the church's richly diverse heritage He sees the role of church history as Community builder teaching the faithful their heritage Safety patrol sensitizing church leaders to the errors of the past that they must still confront Liberating instrument learning to look at reality from the perspective of the other no longer chained to one's own suppositions and cultural biases and Source of theological creativity providing access to the stimulating insights of the great theological minds of the past This thought provoking book offers readers a sympathetic exposure to a variety of credible scholarly interpretations of major figures and encourages them to make their own judgments with the help of suggested primary source readings Ellingsen closes each chapter with questions that lead readers to ponder the deeper meanings of various events in the history of Christianity **The Progress of Religious Ideas** Lydia Maria Child, 1855 Among Our

 offers a reassessment of the life and thought of Adam Boreel a leading member of the Dutch nonconformist Collegiant
 movement Usually regarded as a less important member of this religious group Boreel is described as a forerunner whose
 ideas influenced later Collegiants Drawing on both archival and published sources Francesco Quatrini provides the first
 modern biography of Boreel as well as a critical analysis of his writings He corrects misconceptions about Boreel who
 appears here as an intriguing figure who drew his views from several different sources In this way Francesco Quatrini
 revealed that Boreel was a major leader in the era s intellectual discourse **Mental and Moral Culture, and Popular
