George W Norris Gentle Knight Of American Democracy:

George W. Norris Norman L. Zucker,1966 The Divided Mind of American Liberalism James R. Hurtgen,2002-01-01

The Divided Mind of American Liberalism reveals the crisis at the heart of modern American liberalism James Hurtgen s historical narrative traces the liberal movement through three periods of reform the progressive movement the New Deal and the Great Society Drawing on the views of political activists presidents and theorists the work examines the tensions that resulted in the ideological disunion based on deep and lasting divisions over the desirability of centralized political power of the communitarian decentralists and individualist modernist wings of the liberal movement It documents how a modernist willingness to accept properly reformed nationally exercised power held sway through much of the century only to be supplanted in the sixties and early seventies by decentralists champions of local government as the ideal political unit This superb study demonstrates the central role liberalism has played in modern American political development and lays bare a liberal movement thrown into crisis by competing theories of social order **The Great Depression and the New Deal**

Daniel Leab,Kenneth J. Bindas,Alan Harris Stein,Justin Corfield,Steven L. Danver,2009-12-18 A comprehensive encyclopedia of the 1930s in the United States showing how the Depression affected every aspect of American life In two volumes The Great Depression and the New Deal A Thematic Encyclopedia captures the full scope of a defining era of American history Like no other available reference it offers a comprehensive portrait of the nation from the Crash of 1929 to the onset of World War II exploring the impact of the Depression and the New Deal on all aspects of American life The book features hundreds of alphabetically organized entries in sections focusing on economics politics social ramifications the arts and ethnic issues With an extraordinary range of primary sources integrated throughout The Great Depression and the New Deal is the new cornerstone resource on a historic moment that is casting a shadow on our own unsettled times **Why Do We**

Still Have the Electoral College? Alexander Keyssar,2020-07-31 A New Statesman Book of the Year America s greatest historian of democracy now offers an extraordinary history of the most bizarre aspect of our representative democracy the electoral college A brilliant contribution to a critical current debate Lawrence Lessig author of They Don t Represent Us Every four years millions of Americans wonder why they choose their presidents through an arcane institution that permits the loser of the popular vote to become president and narrows campaigns to swing states Congress has tried on many occasions to alter or scuttle the Electoral College and in this master class in American political history a renowned Harvard professor explains its confounding persistence After tracing the tangled origins of the Electoral College back to the Constitutional Convention Alexander Keyssar outlines the constant stream of efforts since then to abolish or reform it Why have they all failed The complexity of the design and partisan one upmanship have a lot to do with it as do the difficulty of passing constitutional amendments and the South s long history of restrictive voting laws By revealing the reasons for past failures and showing how close we ve come to abolishing the Electoral College Keyssar offers encouragement to those hoping

for change Conclusively demonstrates the absurdity of preserving an institution that has been so contentious throughout U S history and has not infrequently produced results that defied the popular will Michael Kazin The Nation Rigorous and highly readable shows how the electoral college has endured despite being reviled by statesmen from James Madison Thomas Jefferson and Andrew Jackson to Edward Kennedy Bob Dole and Gerald Ford Lawrence Douglas Times Literary Supplement

American Genesis Thomas P. Hughes,2020-05-21 The book that helped earn Thomas P Hughes his reputation as one of the foremost historians of technology of our age and a finalist for the Pulitzer Prize in 1990 American Genesis tells the sweeping story of America s technological revolution Unlike other histories of technology which focus on particular inventions like the light bulb or the automobile American Genesis makes these inventions characters in a broad chronicle both shaped by and shaping a culture By weaving scientific and technological advancement into other cultural trends Hughes demonstrates here the myriad ways in which the two are inexorably linked and in a new preface he recounts his earlier missteps in predicting the future of technology and follows its move into the information age **American Political**

Leaders, Third Edition Richard Wilson,2021-10-01 Praise for previous editions accessible this book is an excellent addition to collections serving general readers high schools and undergraduates American Reference Books Annual This readable volume is recommended for high school public and undergraduate libraries Booklist an outstanding reference tool Biographical dictionaries abound in political science as in other fields but Wilson s work is more accessible benefitting from his straightforward approach and simpler organization Highly recommended Choice Recommended Library Media Connection an authoritative and readable guide serves as a helpful resource for high school college and public libraries Christian Library Journal American Political Leaders Third Edition contains 286 biographical profiles of men and women in the United States who have demonstrated their political leadership primarily by being elected nominated or appointed to significant political offices in the United States or by having attained some special prominence associated with political leadership This reference work provides students and general readers with a concise readable guide to present and past leaders in U S politics Included in this book are presidents vice presidents major party candidates for president significant third party candidates important Supreme Court justices Speakers of the U S House of Representatives senators representatives cabinet officers significant agency heads and diplomats Since much of U S political leadership involves the representation of successive waves of new groups within the U S political system special care has been taken to include the contributions of women Native Americans African Americans Hispanic Americans Asian Americans and Americans who represented earlier waves of immigrants to the United States Profiles include John Adams president vice president diplomat Revolutionary leader author Amy Coney Barrett justice of the Supreme Court Pete Buttigieg secretary of transportation candidate for president Andrew Cuomo governor of New York Jefferson Davis secretary of war senator representative president of the Confederate States of America Kamala Harris senator vice president John Lewis civil rights activist

representative Gavin Newsom governor of California Barack Obama senator president Sonia Sotomayor associate justice of the Supreme Court Elizabeth Warren senator candidate for president **Beyond Left & Right** David A. Horowitz,1997

Beyond Left and Right is a sweeping overview of political insurgency in the United States from the 1880s to the present It is at once a stunning synthesis drawing on a large number of scholarly works and an ambitious and original piece of research The book ranges over diverse individuals and groups that have attacked the established order from the left and the right from the Populists of the 1890s to Ross Perot and the religious right of our times dealing along the way with non interventionists Klans monetary radicals McCarthyites Birchers and Reaganites among many others **Arthur Morgan**

Aaron D. Purcell,2014-11-28 On May 19 1933 President Franklin D Roosevelt announced the appointment of Arthur Morgan 1879 1975 a water control engineer and college president from Ohio as the chairman of the newly created Tennessee Valley Authority TVA With the eyes of the nation focused on the reform and recovery promised by the New Deal Morgan remained in the national spotlight for much of the 1930s in this thoughtful biography Aaron D Purcell re assesses Morgan s long life and career and provides the first detailed account of his post TVA activities As Purcell demonstrates Morgan embraced an alternative types of Progressive Era reform that was rooted in nineteenth century socialism an overlooked strain in American political thought Purcell Pinpoints Morgan s reading of Edward Bellamy s Looking Backward while a teenager as a watershed moment in the development of his vision for building modern American society He recounts Morgan s early successes as an engineer budding Progressive leader and educational reformer his presidency of Antioch College and his revolutionary but contentious tenure at the TVA After his dismissal from the TVA Morgan eventually published over a dozen books including a biography of Bellamy while supporting community building efforts across the globe Morgan retained many of his late nineteenth century beliefs including eugenics as part of his societal vision His authoritarian administrative style and moral rigidity limited his ability of attract large numbers to his community based vision By presenting Morgan s life and career within the context of the larger social and cultural events of his day this revealing biographical study offers new insight into the achievements and motivations of an important but historically neglected American reformer Book jacket **The Sound of Freedom**

Raymond Arsenault,2010-01-19 Chronicles the landmark 1939 concert offers insight into the period s racial climate describes Eleanor Roosevelt s resignation from the DAR for barring Anderson s performances and pays tribute to the singer s significant contributions **Congressional Record** United States. Congress,1976 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session

The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 [The United States Senate, a Historical Bibliography](#) Richard A. Baker,United States.

Congress. Senate. Historical Office,1977 **Senators of the United States** ,1995 **Senators of the United States**

Diane B. Boyle, 1995 S Doc 103 34 Compiled by Jo Anne McCormick Quatannens Diane B Boyle editorial assistant prepared under the direction of Kelly D Johnston Secretary of the Senate Lists scholarly works that profile the lives and legislative service of senators and their autobiographies and other published works The World Remade G. J. Meyer, 2018-02-06 A bracing indispensable account of America's epoch defining involvement in the Great War rich with fresh insights into the key issues events and personalities of the period After years of bitter debate the United States declared war on Imperial Germany on April 6 1917 plunging the country into the savage European conflict that would redraw the map of the continent and the globe The World Remade is an engrossing chronicle of America's pivotal still controversial intervention into World War I encompassing the tumultuous politics and towering historical figures that defined the era and forged the future When it declared war the United States was the youngest of the major powers and militarily the weakest by far On November 11 1918 when the fighting stopped it was not only the richest country on earth but the mightiest With the mercurial autocratic President Woodrow Wilson as a primary focus G J Meyer takes readers from the heated deliberations over U S involvement through the provocations and manipulations that drew us into the fight to the battlefield itself and the shattering aftermath of the struggle America's entry into the Great War helped make possible the defeat of Germany that had eluded Britain France Russia and Italy in three and a half years of horrendous carnage Victory in turn led to a peace treaty so ill conceived so vindictive that the world was put on the road to an even bloodier confrontation a mere twenty years later On the home front Meyer recounts the break up of traditional class structures the rise of the progressive and labor movements the wave of anti German hysteria and the explosive expansion of both the economy and federal power including shocking suspensions of constitutional protections that planted the seeds of today's national security state Here also are revealing portraits of Theodore Roosevelt Henry Cabot Lodge Robert La Follette Eugene Debs and John J Black Jack Pershing among others as well as European leaders such as Welsh Wizard David Lloyd George of Britain Tiger Georges Clemenceau of France and Kaiser Wilhelm II of Germany Meyer interweaves the many strands of his story into a gripping narrative that casts new light on one of the darkest most forgotten corners of U S history In the grand tradition of his earlier work A World Undone which centered on the European perspective The World Remade adds a new uniquely American dimension to our understanding of the seminal conflict of the twentieth century Praise for The World Remade G J Meyer offers wonderful insights into many of the key players in this arresting saga one that should be read to understand our emergence as a global power Booklist starred review Meyer gives a good sense of America's future at that negotiating table and Wilson's celebrated role at Versailles as the leader of the free world A refreshing look at this still much debated world debacle Kirkus Reviews Characters come alive and the past seems near Meyer succeeds brilliantly with his basic narrative approach and any reader who wants to learn about American participation in the war will benefit from this book Publishers Weekly This book is well written sharp and has bearing on our present and future involvement in wars A Seattle Book Review This lengthy revisionist

history will fit well with American history and governmental studies departments in both public and academic libraries

Library Journal **The Revolution of '28** Robert Chiles, 2018-03-15 The Revolution of 28 explores the career of New York governor and 1928 Democratic presidential nominee Alfred E. Smith. Robert Chiles peers into Smith's work and uncovers a distinctive strain of American progressivism that resonated among urban ethnic working-class Americans in the early twentieth century. The book charts the rise of that idiomatic progressivism during Smith's early years as a state legislator through his time as governor of the Empire State in the 1920s before proceeding to a revisionist narrative of the 1928 presidential campaign exploring the ways in which Smith's gubernatorial progressivism was presented to a national audience. As Chiles points out, new stock voters responded enthusiastically to Smith's candidacy on both economic and cultural levels. Chiles offers a historical argument that describes the impact of this coalition on the new liberal formation that was to come with Franklin Delano Roosevelt's New Deal, demonstrating the broad practical consequences of Smith's political career. In particular, Chiles notes how Smith's progressive agenda became Democratic partisan dogma and a rallying point for policy formation and electoral success at the state and national levels. Chiles sets the record straight in *The Revolution of 28* by paying close attention to how Smith identified and activated his emergent coalition and put it to use in his campaign of 1928 before quickly losing control over it after his failed presidential bid.

Warhogs Stuart D. Brandes, 2021-12-14 The Puritans condemned war profiteering as a Provoking Evil. George Washington feared that it would ruin the Revolution, and Franklin D. Roosevelt promised many times that he would never permit the rise of another crop of war millionaires. Yet on every occasion that American soldiers and sailors served and sacrificed in the field and on the sea, other Americans cheerfully enhanced their personal wealth by exploiting every opportunity that wartime circumstances presented. In *Warhogs*, Stuart D. Brandes masterfully blends intellectual, economic, and military history into a fascinating discussion of a great moral question for generations of Americans: Can some individuals rightly profit during wartime while others sacrifice their lives to protect the nation? Drawing upon a wealth of manuscript sources, newspapers, contemporary periodicals, government reports, and other relevant literature, Brandes traces how each generation in financing its wars has endeavored to assemble resources equitably to define the ethical questions of economic mobilization and to manage economic sacrifice responsibly. He defines profiteering to include such topics as price gouging, quality degradation, trading with the enemy, plunder, and fraud in order to examine the different guises of war profits and the degree to which they have existed from one era to the next. This far-reaching discussion moves beyond a linear narrative of the financial schemes that have shaped this nation's capacity to make war to an in-depth analysis of American thought and culture. Those scholars, students, and general readers interested in the interaction of legislative, economic, social, and technological events with the military establishment will find no other study that so thoroughly surveys the story of war profits in America.

Making the Modern American Fiscal State Ajay K.

Mehrotra,2013-09-30 At the turn of the twentieth century the US system of public finance underwent a dramatic transformation The late nineteenth century regime of indirect hidden partisan and regressive taxes was eclipsed in the early twentieth century by a direct transparent professionally administered and progressive tax system This book uncovers the contested roots and paradoxical consequences of this fundamental shift in American tax law and policy It argues that the move toward a regime of direct and graduated taxation marked the emergence of a new fiscal polity a new form of statecraft that was guided not simply by the functional need for greater revenue but by broader social concerns about economic justice civic identity bureaucratic capacity and public power Between the end of Reconstruction and the onset of the Great Depression the intellectual legal and administrative foundations of the modern fiscal state first took shape This book explains how and why this new fiscal polity came to be **Desperate Crossings** Norman L. Zucker,Naomi Flint Zucker,2016-09-16 This work provides an examination of US refugee policy since the 1960s particularly as it has been applied to Cuba Haiti and Central America The authors also address world wide refugee problems proposing ideas for the 21st century **Workers' Paradox** Ruth O'Brien,1998 Reinterpreting the roots of twentieth century American labor law and politics Ruth O'Brien argues that it was not New Deal Democrats but rather Republicans of an earlier era who developed the fundamental principles underlying modern labor policy By exam
