Reprint [George Washington's Eye](#) Joseph Manca, 2012-09-01 Explore the beauty and history of Mount Vernon and the inquisitive independent mind of its famous architect and landscape designer. Winner of the John Brinkerhoff Jackson Book Prize of the Foundation for Landscape Architecture. On the banks of the Potomac River, Mount Vernon stands with its iconic portico boasting breathtaking views and with a landscape to rival the great gardens of Europe as a monument to George Washington's artistic and creative efforts. More than one million people visit Mount Vernon each year, drawn to the stature and beauty of Washington's family estate. Art historian Joseph Manca systematically examines Mount Vernon, its stylistic, moral and historical dimensions, offering a complete picture of this national treasure and the man behind its enduring design. Manca brings to light a Washington deeply influenced by his wide travels in colonial America, with a broader architectural knowledge than previously suspected and with a philosophy that informed his aesthetic sensibility. Washington believed that design choices and personal character mesh to form an ethic of virtue and fulfillment, and that art is inextricably linked with moral and social concerns. Manca examines how these ideas shaped the material culture of Mount Vernon. Based on careful study of Washington's personal diaries and correspondence and on the lively accounts of visitors to his estate, this richly illustrated book introduces a George Washington unfamiliar to many readers: an avid art collector, amateur architect and leading landscape designer of his time. Grasso, 2021-04-13 The story of the first American president's journey through Brooklyn, Queens, Nassau and Suffolk based on his own diary. After being elected president, George Washington set out to tour the new nation, which was desperate for a unifying symbol. He spent five days on Long Island in April 1790, an area recovering from seven years of devastating British occupation. Washington saw it all, from Brooklyn to Patchogue to Setauket and back. He was honored at each stop and wrote extensive diary entries about his impressions of the carriage stops, for food and overnight stays at taverns and private homes, as well as his vision for the future of the region. In this book, historian Dr. Joanne S. Grasso traces this momentous journey. Includes maps and illustrations. **George**
