Georgian Furniture And Looking Glasses:

Georgian Furniture & Looking Glasses F. Lewis Hinckley, 1992 Provides a selective list of pieces of Georgian furniture with the main focus on pieces originating from the cabinetmakers of Dublin The author refutes misconceptions about origins of Dublin pieces and offers suggestions for future research **Queen Anne and Georgian Looking Glasses** Lewis

Hinckley, 1988-01-01 Little is known in regard to authentic London furniture and looking glasses because of scarcities that are striking in comparison with the productions of other large cities in Europe and the British Isles Of continental cities only Paris was larger during the Georgian era while Dublin ranked next in size It has long been the view of F Lewis Hinckley that a thorough knowledge of Dublin furniture designs is a must in order to understand the source of a great many of the highly sophisticated metropolitan pieces currently found in British and American museums that carry London attributions Clearly the volume outstrips what known London cabinetmakers could have turned out while the English hinterland has yet to yield the names of artisans who could have worked at such high levels of design and execution For collectors of Americana a knowledge of Dublin designs is highly desirable both for recognizing their influence on the development of American furniture and for evaluating any Dublin pieces that reach the market mislabeled as American productions *Mark Lane*

The Lure of the Antique Walter Alden Dyer, 1910 **Aesop's Mirror** Maryalice Huggins, 2025-06-25 Everything I needed to know about Fox and Grapes mirror I knew the moment I first saw it What antiques restorer Maryalice Huggins knew when she stumbled across the mirror at a country auction in Rhode Island was this She was besotted Rococo and huge more than eight feet tall the mirror was one of the most unusual objects she had ever seen Huggins had to have it The frame's elaborate carvings were almost identical to a famous eighteenth century design Could this be eighteenth century American That would make it rare indeed But in the rarefied world of American antiques an object is not significant unless you can prove where it's from Huggins set out to trace the origins of her magnificent mirror Fueled with the delightfully obsessive spirit of Susan Orlean's *The Orchid Thief* Aesop's Mirror follows Huggins on her quest as she goes up against the leading lights of the very male world of high end antiques and dives into the historical archives And oh what she finds there The mirror was likely passed down through generations of the illustrious Brown family of Providence Rhode Island Throughout history mirrors have been seen as having mystical powers enabling those who peer into them to connect the past and the future In Aesop's Mirror Maryalice Huggins does just that creating a marvelous one of a kind book about a marvelous one of a kind American treasure American Furniture with Related Decorative Arts, 1660-1830 Layton Art Collection, Brock Jobe, Milwaukee Art Museum, 1991 Beautiful and scholarly study A must for collectors *Furniture Manufacturer and Artisan*, 1926 *A Short Dictionary of Furniture* John Gloag, 2022-10-24 Originally published in 1952 but enlarged and revised in 1969 this dictionary became a standard authoritative work of reference It contains 2 612 entries and over 1 000 illustrations reproduced from
