Gerald R Ford's Date With Destiny A Political Biography:

Gerald R. Ford's Date with Destiny Edward L. Schapsmeier, Frederick H. Schapsmeier, 1989 This informative and highly readable biography presents a scholarly account of Gerald R Ford's life and political career one which culminated in being the nation's only unelected president Elaborated upon are his start in politics as a municipal reformer thirteen terms in Congress role as GOP Minority Leader tenure as vice president significant events of his 835 day presidency and the highlights of his post presidential years *A Companion to Gerald R. Ford and Jimmy Carter* Scott Kaufman, 2015-10-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department

The Presidency of Gerald R. Ford John Robert Greene, 1995 In addition Greene details Ford's rise to prominence within the Republican party chronicles the president's problematic relations with his staff the new Democratic Congress and Ronald Reagan sheds new light on the selection and performance of Vice President Nelson Rockefeller offers new insights into the election of 1976 and provides the first in depth look at Ford's clemency program for Vietnam era draft evaders

Gerald R. Ford Mary Mueller Winget, 2007-01-01 Presents the life and political career of the thirty eighth president of the United States who was the first person to succeed a president who had resigned from office **Gerald Ford and the Challenges of the 1970s** Yanek Mieczkowski, 2005-04-22 A reappraisal of the brief presidency of Gerald Ford called to leadership in the midst of scandal stagflation and an energy crisis For many Americans Gerald Ford evokes an image of either an unelected president who abruptly pardoned his corrupt predecessor or an accident prone klutz spoofed on Saturday Night Live In this book Yanek Mieczkowski reexamines Ford's two and a half years in office showing that his presidency successfully confronted the most vexing crisis of the postwar era Viewing the 1970s primarily through the lens of economic events Mieczkowski argues that Ford's understanding of the national economy was better than any modern president's that he oversaw a dramatic reduction of inflation and that he attempted to solve the energy crisis with judicious policies Throughout his presidency Ford labored under the legacy of Watergate Democrats scored landslide victories in the 1974 midterm elections and within an anemic Republican Party the right wing challenged Ford's leadership even as pundits predicted the GOP's death Yet Ford reinvigorated the party and fashioned a 1976 campaign strategy against Jimmy Carter that brought him from thirty points behind to a dead heat on election day Drawing on numerous personal interviews with

former President Ford cabinet officials and members of the Ninety fourth Congress Mieczkowski presents the first major work on Ford in more than a decade combining the best of biography and presidential history to paint an intriguing portrait of a president his times and his legacy This ambitious work calls for a reexamination of the Ford presidency in light of the formidable challenges he faced upon taking office A welcome and important addition to the literature on the Ford presidency Library Journal American Political Leaders, Third Edition Richard Wilson,2021-10-01 Praise for previous editions accessible this book is an excellent addition to collections serving general readers high schools and undergraduates American Reference Books Annual This readable volume is recommended for high school public and undergraduate libraries Booklist an outstanding reference tool Biographical dictionaries abound in political science as in other fields but Wilson s work is more accessible benefitting from his straightforward approach and simpler organization Highly recommended Choice Recommended Library Media Connection an authoritative and readable guide serves as a helpful resource for high school college and public libraries Christian Library Journal American Political Leaders Third Edition contains 286 biographical profiles of men and women in the United States who have demonstrated their political leadership primarily by being elected nominated or appointed to significant political offices in the United States or by having attained some special prominence associated with political leadership This reference work provides students and general readers with a concise readable guide to present and past leaders in U S politics Included in this book are presidents vice presidents major party candidates for president significant third party candidates important Supreme Court justices Speakers of the U S House of Representatives senators representatives cabinet officers significant agency heads and diplomats Since much of U S political leadership involves the representation of successive waves of new groups within the U S political system special care has been taken to include the contributions of women Native Americans African Americans Hispanic Americans Asian Americans and Americans who represented earlier waves of immigrants to the United States Profiles include John Adams president vice president diplomat Revolutionary leader author Amy Coney Barrett justice of the Supreme Court Pete Buttigieg secretary of transportation candidate for president Andrew Cuomo governor of New York Jefferson Davis secretary of war senator representative president of the Confederate States of America Kamala Harris senator vice president John Lewis civil rights activist representative Gavin Newsom governor of California Barack Obama senator president Sonia Sotomayor associate justice of the Supreme Court Elizabeth Warren senator candidate for president Presidential Machismo Alexander DeConde,2000 A look at the expansion of executive authority in America and the influence of scholars journalists and presidents themselves **A Compassionate Conservative** James Joseph Kenneally,2003-01-01 In this the first full length scholarly examination of Martin s career readers will encounter a devoted public servant who often modified his party s extreme stances on domestic matters during the Great Depression and on foreign policy issues leading up to World War II This political biography effectively illustrates that bipartisanship does not mean abandonment of principles that kindness

integrity and gentility are compatible with effective leadership and that close friendships with members of the opposing party can contribute to a more effective Congress Ambition, Pragmatism, and Party Scott Kaufman, 2017-12-04 Within eight turbulent months in 1974 Gerald Ford went from the United States House of Representatives where he was the minority leader to the White House as the country's first and only unelected president His unprecedented rise to power after Richard Nixon's equally unprecedented fall has garnered the lion's share of scholarly attention devoted to America's thirty eighth president But Gerald Ford's 1913-2006 life and career in and out of Washington spanned nearly the entire twentieth century Ambition Pragmatism and Party captures for the first time the full scope of Ford's long and remarkable political life The man who emerges from these pages is keenly ambitious determined to climb the political ladder in Washington and loyal to his party but not a political ideologue Drawing on interviews with family and congressional and administrative officials presidential historian Scott Kaufman traces Ford's path from a Depression era childhood through service in World War II to entry into Congress shortly after the Cold War began He delves deeply into the workings of Congress and legislative executive relations offering insight into Ford's role as the House minority leader in a time of conservative insurgency in the Republican Party Kaufman's account of the Ford presidency provides a new perspective on how human rights figured in the making of U.S. foreign policy in the Cold War era and how environmental issues figured in the making of domestic policy It also presents a close look at the 1976 presidential election emphasizing the significance of image in that contest and extensive coverage of Ford's post presidency In sum Ambition Pragmatism and Party is the most comprehensive political biography of Gerald Ford and will become the definitive resource on the thirty eighth president of the United States

Vietnam's Second Front Andrew L. Johns, 2010-01-21 The effects of domestic politics on the Vietnam War are revealed in this groundbreaking historical study by the author of The Price of Loyalty In Vietnam's Second Front Andrew L. Johns examines how American domestic politics effected the Vietnam War He pays special attention to the role of the Republican Party from the Nixon administration to grassroots organizations The revealing analysis sheds new light on the relationship between Congress and the imperial presidency as they struggled for control over U.S. foreign policy Johns argues that from 1961 through the Paris Peace Accords of 1973 the Kennedy Johnson and Nixon administrations failed to achieve victory on both fronts of the Vietnam War military and political because of their preoccupation with domestic politics Johns details the political dexterity required of all three presidents and of members of Congress to maneuver between the countervailing forces of escalation and negotiation offering a provocative account of the ramifications of their decisions With clear incisive prose and extensive archival research Johns's analysis covers the broad range of the Republican Party's impact on the Vietnam War offers a compelling reassessment of responsibility for the conflict and challenges assumptions about the roles of Congress and the president in U.S. foreign relations Russell Long Michael S. Martin, 2014-05-05 Russell Long 1918-2003 occupies a unique niche in twentieth century United States history Born into Louisiana's most influential political family and

son of perhaps the most famous Louisianan of all time Long extended the political power generated by other members of his family and attained heights of power unknown to his predecessors including his father Huey P. Long. The Long family and its followers pervaded Louisiana politics from the late 1920s through the 1980s. Being a Long, especially a son of Huey P. Long, preordained Russell for a political life. His father's assassination set the wheels in motion for his eventual political career. In 1948 Russell followed his father and his mother to a seat in the United States Senate. In due course he rose to the politically eminent positions of majority whip and chair of the Senate Finance Committee. Russell Long: A Life in Politics examines Long's public life and places it within the context of twentieth-century Louisiana, southern and national politics. In Louisiana, Long's politics arose out of the Longite/Anti Longite period of history. Yet he transcended many of those two groups' factional squabbles. In the national realm, Long's politics exhibited a working philosophy that straddled the boundaries between New Deal liberalism and southern conservatism. By the time of his retirement in early 1987, he had witnessed the demise of one political paradigm, the New Deal liberal consensus, and the creation of one dominated by a new style of conservatism.

The Education of Gerald R. Ford Hendrik Booraem V, 2016. GERALD R. FORD, 1913-2006, the thirty-eighth president of the United States, grew up in Grand Rapids, Michigan, and by all accounts modeled exemplary behavior. In this biography, Hendrik Booraem carefully examines that image and the reputation that Ford earned during his early years, telling about Ford's life up until his graduation from the University of Michigan in 1935. Booraem uses in-depth research of numerous written sources plus interviews with some twenty people who personally knew Ford to show how Jerry Ford excelled at academics and athletics, forging his way through challenges, family difficulties, economic setbacks, and more on his way to a remarkable political career. Booraem's historical portrait offers fascinating insight into the early years of this president who sought to heal the nation at a very low point in its history.

Historical Dictionary of the U.S. Presidency Richard S. Conley, 2015-12-14. This book covers the development of the presidential office within the context of constitutional interpretations of presidential power and socio-political and economic developments as well as foreign affairs events from 1789 to 2015. It provides details on the men who have held the office and biographies of vice presidents, unsuccessful candidates for the office, and noteworthy Supreme Court and other appointees. The Historical Dictionary of the U.S. Presidency contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on the development of the institution of the presidency and details the personalities, domestic and foreign policy governing contexts, elections, party dynamics, and significant events that have shaped the office from the Founding to the present day. This book is an excellent resource for students, researchers, and anyone wanting to know more about the U.S. Presidency.

Postwar America Harvard Sitkoff, 2000. The half-century since the end of World War II has been crucial in defining America's image of itself and role in the world. Gould,2014-02-04 This volume presents thirty nine interpretive biographical essays on all first ladies from Martha Washington to America s newest First Lady Laura Bush This new edition contains updated material on all the living First Ladies and updated bibliographies for each entry as well as a portrait of the newest First Lady

Changing Party Coalitions

Jerry F. Hough,2006 Exploring the causes of the unnatural red state blue state dichotomy in America Hough a professor of comparative politics ponders the likely effects of the next economic crisis and what it will take to create new party coalitions

A Patriot's History of the United States Larry Schweikart,Michael Allen,2014-11-25 For the past three decades many

history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men. As a result, more emphasis is placed on Harriet Tubman than on George Washington, more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima, more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long overdue acknowledgment of America's true and proud history. **The War After the War** Johannes Kadura, 2016-02 In *The War after the War*, Johannes Kadura offers a fresh interpretation of American strategy in the wake of the cease fire that began in Vietnam on January 28, 1973. The U.S. exit from Vietnam continues to be important in discussions of present-day U.S. foreign policy, so it is crucial that it be interpreted correctly. In challenging the prevailing version of the history of the events, Kadura provides interesting correctives to the different accounts, including the ones of the key actors themselves: President Richard Nixon and Secretary of State Henry Kissinger, foremost among them. In so doing, Kadura aims to forge a synthesis between orthodox and revisionist interpretations of this important period. Kadura finds that the strategy employed by Nixon and Kissinger centered on the concepts of equilibrium strategy and insurance policy. That approach allowed them to follow a twofold strategy of making a major effort to uphold South Vietnam while at the same time maintaining a fallback strategy of downplaying the overall significance of Vietnam. Whether they won or lost on their primary bet to secure South Vietnam, Nixon and Kissinger expected to come through the crisis in a viable strategic position. *The Reader's Companion to American History* Eric Foner, John A. Garraty, 2014-01-14 An A to Z historical encyclopedia of U.S. people, places, and events with nearly 1,000 entries, all equally well written, crisp, and entertaining. Library Journal From the origins of its native peoples to its complex identity in modern times, this unique alphabetical reference covers the political, economic, cultural, and social history of America. A fact-filled treasure trove for history buffs, *The Reader's Companion* is sponsored by the Society of American Historians, an organization dedicated to promoting literary excellence in the writing of biography and history. Under the editorship of the eminent historians John A. Garraty and Eric Foner, a large and distinguished group of scholars, biographers, and journalists, nearly four hundred contemporary authorities, illuminate the critical events, issues, and individuals that have shaped our past. Readers will find everything from a chronological account of immigration, individual entries on the Bull Moose Party and the Know Nothings, as well as an article on third parties in American politics, pieces on specific religious groups, leaders, and movements, and a larger-scale overview of religion in America. Interweaving traditional political and economic topics with the spectrum of America's social and cultural legacies, everything from marriage to medicine, crime to baseball, fashion to literature, the Companion is certain to engage the curiosity

interests and passions of every reader and also provides an excellent research tool for students and teachers
