Historical Dictionary of Albania Robert Elsie, 2010-03-19

Albania is not well known by outsiders it was deliberately closed to the outside world during the communist era Now it has thankfully become free again its borders are open and it can be visited and it is increasingly integrating with the rest of Europe and beyond Unfortunately Albania has had its share of problems in the post communist era it's a land of destitution and despair thanks in part to the Albanian mafia which has turned the country into one of blood feuds kalashnikovs and eternal crises Yet Albania is in essence a European nation like any other and will soon it is to be hoped advance and take its proper place in Europe and the world

The second edition of the Historical Dictionary of Albania relates the history of this little known country through a detailed chronology an introduction a bibliography appendixes and over 700 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets

Beyond Eurocentrism Peter Gran, 2021-02-01

Eurocentrism influences virtually all established historical writing With the rise of Prussia and by extension Europe eurocentrism became the dominant paradigm for world history Employing the approaches of Gramsci and Foucault Peter Gran proposes a reconceptualization of world history He challenges the traditional convention of relying on totalitarian or democratic functions of a particular state to explain and understand relationships of authority and resistance in a number of national contexts Gran maintains that there is no single developmental model but diverse forms of hegemony that emerged out of the political crisis following the penetration of

capitalism into each nation In making comparisons between seemingly disparate and distinctive nations and by questioning established canons of comparative inquiry Gran encourages people to recognize the similarities between the West and non West nations

Encounters with Civilizations Gezim Al pion,2017-09-29 Encounters with Civilizations is a broad ranging work uniting sweeping themes such as history culture the media social issues and politics Building around comparative analyses of aspects of Albanian Egyptian British and Indian cultures Al pion addresses the problems people experience in their encounters with civilizations different from their birth cultures The course of history has made the confrontation and comingling of different cultures inevitable It has also engendered ambivalence toward the cultures involved including a desire to emulate the new culture or resentment or conflicting attitudes toward the relative strength or weakness of both birth and new cultures Al pion describes how Egyptian culture and politics have been shaped by foreign domination while retaining ancient customs at the social level In comparison Great Britain has been an imperial power whose cultural preeminence has shaped the images of smaller countries in the eyes of the world Al pion writes of English images of his native Albania and offers a penetrating analysis of Mother Teresa as a Christian missionary in Hindu and Muslim India focusing on her cultural presentation via the media and the cult of celebrity Whether discussing the customs of Egyptian coffee houses or Alexander the Great as a defining figure in Western and Eastern culture Al pion grasps the impact of these cultural encounters He makes us aware that understanding and resolving such differences involves considering ultimate issues of life and death

A Concise History of Albania Bernd J. Fischer, Oliver Jens Schmitt,2022-09-29 A Concise History of Albania charts the history of Albania and its people within their Balkan and European contexts It shows the country s journey from its ancient past still shrouded in mystery and controversy through its difficult transition from a particularly brutal form of communism to an evolving form of democracy and a market economy Bernd Fischer and Oliver Schmitt challenge some of the traditional narratives concerning the origins of the Albanians and the relations between Albanians and their Balkan neighbours This authoritative and up to date single volume history analyses the political social economic and cultural developments which led to the creation of the Albanian state and the modern nation as well as Albania s more recent experience with authoritarianism war and communism It greatly contributes to our understanding of the challenges facing contemporary Albanians as well as the issues confronting the region as a whole as it attempts to grapple with one of the last remaining significant ethnic issues in the Balkans

Historical Dictionary of Albania (Historical Dictionaries of Europe) Robert Elsie,2004 The Historical Dictionary of Albania endeavors to provide a comprehensive overview not only of Albanian history but also of contemporary Albania as it enters the 21st century focusing as it does both on the past and on a modern European nation struggling to put its formidable Stalinist past behind it For half a century Albania was a planet of its own isolated from the rest of Mother Earth since the fall of the communist regime the Albanians have been striving not without difficulty to find their place among the nations of Europe This work offers the reader basic factual information on the

country its historical development its current situation and the culture of its people through its 700 entries **Albania at War, 1939-1945** Bernd Jürgen Fischer,1999 The Second World War in Europe has generated more literature than perhaps any other event in modern history Much of the interest has focused on military history occupation policy puppet governments and resistance movements in Europe s principal states Often ignored in this flood of material however are the small nations of southeastern Europe Yet in the small states the human suffering was no less profound the destruction no less devastating the heroism no less laudable the treachery no less despicable and the impact no less profound Albania at War reviews the most important developments in Albania from the Italian invasion of the country in 1939 to the accession to power of the Albanian Communist Party and the establishment of a people s democracy in 1946 Fischer analyzes in great detail Italian goals and objectives in Albania and explains the eventual failure of Rome s policy the subsequent German invasion of the country against the Axis Powers This unique path breaking book provides a vigorous and thought provoking analysis of competing external interests in Albania and explores the great obstacles that the Albanians faced in regaining their independence at the end of the war Albania at War 1939 1945 thoroughly covers the developments in Albania during that turbulent period It is essential reading for all students of Albanian history *The Countess and the Nazis* Richard Jay Hutto,2025-03-12 From American heiress to Nazi resistance fighter Muriel White s extraordinary journey reveals how one woman s privilege became her weapon against tyranny This compelling tale traces the intricately intertwined history of American high society with European nobility in the face of rising Nazism A haunting saga of family in the turmoil and tragedy of the twentieth century Dina Gold author of *Stolen Legacy* Drawing from never before published memoirs and declassified CIA documents *The Countess and the Nazis* unveils the remarkable true story of a woman who traded America s Gilded Age society for a title in Prussia s aristocracy only to find herself making the ultimate sacrifice to protect her children from Hitler s regime As the daughter of one of America s most respected diplomats and the wife of a Prussian count Muriel White Seherr Thoss moved effortlessly through Europe s royal courts until the Nazi shadow fell across her adopted homeland When faced with evil she chose resistance over privilege Leveraged her aristocratic connections to secure escape routes for Jewish families Witnessed the Italian Fascist invasion of Albania while mentoring the future Queen Geraldine Sacrificed everything to keep her sons from being conscripted into Hitler s army Defied the Gestapo even as they held her virtually prisoner in her own country From internationally recognized historian Richard Jay Hutto comes a new biography that Publishers Weekly calls a fascinating story brought to light an exhilarating account of principled antifascism This narrative reveals how one woman s courage stood against the rising tide of evil and how she paid the ultimate price for her convictions

Black Lambs & Grey Falcons John B. Allcock,Antonia Young,2000 Revised and Updated with a New Introduction During the 19th century the Balkan countries became the subject of a rather romantic fascination for the public at large This vision of the area has been created in large measure by the writing of women travelers such as those represented in this

volume The achievements of these women are quite remarkable in many cases their travels were adventurous and even dangerous reaching into parts of the countryside which were remote and hardly known to outsiders Not only as travelers but also in the fields of medical and military service scholarship and education journalism and literature did these women contribute in very significant ways to the expansion of women s horizons and to the attempt to gain greater freedom for women in society in general Contents Editorial Introduction Black Lambs and Grey Falcons Outward and Inward Frontiers Two Victorian Ladies and Bosnian Realities 1861 1875 G M MacKenzie and A P Irby Edith Durham Traveller and Publicist Edith Durham as a Collector Emily Balch Balkan Traveller Peace Worker and Nobel Laureate The Work of British Medical Women in Serbia during and after the First World War Captain Flora Sandes A Case Study in the Social Construction of Gender in a Serbian Context Rose Wilder Lane 1886 1968 Rebecca West Gerda and the Sense of Process Margaret Masson Hasluck Louisa Rayner An Englishwoman s Experiences in Wartime Yugoslavia Mercia MacDermott A Woman of the Frontier An Anthropologist in the Village Bucks Brides and Useless Baggage Women s Quest for a Role in their Balkan Travels Constructing the Balkans Women Travellers in the Balkans A Bibliographical Guide John B Allcock is head of the Research Unit in South East European Studies and is based in the Interdisciplinary Human Studies department at the University of Bradford Antonia Young is a member of the Department for Sociology and Anthropology at Colgate University New York

Europe's deposed royal houses examining their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal's case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the Wittelsbachs the Braganças and even France's House of Orléans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light It discusses both the phenomenon's soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon's hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power's very nature and the sheer narrowness of the gap between victory and defeat British Books ,1913
