German U-boat Commanders of World War II Rainer Busch, Hans-Joachim Röhl, 1999 Details the service records of some 1 400 officers of the German Kriegsmarine known to have commanded a U boat between the commissioning of U 1 in June 1935 and the final surrender of U 977 to Argentina in August 1945 The U-Boat Commanders Jeremy Dixon, 2020-11-12 This illustrated WWII reference guide presents detailed profiles of Nazi U Boat commanders who were awarded the Knight's Cross The Knight's Cross or Ritterkreuz was one of the highest decorations given for acts of valor among the German armed forces during the Second World War When a U boat captain was awarded the decoration it was source of pride for his entire crew Sometimes it was even added to the boat's insignia In all there were 123 recipients In The U Boat Commanders Jeremy Dixon provides a highly illustrated guide to all these men and their wartime service A detailed text accompanied by almost 200 archive photographs describes the military careers of each U Boat Commander including those who received the higher grades of the award Full details are given of their tours of duty the operations they took part in how they won their award how many ships they sank and their subsequent careers U-Boats in New England Eric Wiberg, 2019-11-03 Starting weeks after Hitler declared war on the United States in mid December 1941 and lasting until the war with Germany was all but over 73 German U Boats sustainably attacked New England waters from Montauk New York to the tip of Nova Scotia at Cape Sable Fifteen percent of these boats were sunk by Allied counter attacks five surrendered in the region and three were sunk off New England Block Island Massachusetts Bay and off Nantucket These have proven appealing to divers with a result that at least three German naval officers or ratings are buried in New England one having killed himself in the Boston jail cell There were 34 Allied merchant or naval ships sunk by these subs one of them the Eagle was not admitted to have been sunk by the Germans until decades later Over 1 100 men were thrown in the water and 545 of them made it ashore in New England ports 428 were killed Importantly saboteurs were landed three places Long Island Frenchman's Bay Maine and New Brunswick Canada and Boston was mined Very little was known about this A Biographical Dictionary of World War II. Christopher Tunney, 1972 Biographical estimates of all major participants on both the Allied and Axis sides of World War II **USS Solomons CVE 67** Joseph E. Comeau Jr., 2008-07-31 This book is an Historical Account some may say it is a Museum Exhibit all by itself of the USS SOLOMONS CVE 67 and U860 which was sunk by the USS Solomons CVE 67 It is told by the crewmen and their photos Its in the format of a Family Photo Album by the time you finish reading this book you will know these men Personally This book makes it blatantly clear how important it is that we talk to our Veterans record their stories and make copies of their photos Who would have ever thought that 60 men could have enough stories to fill 547 pages and over 810 photos and documents or that they would be so Happy And willing to share Their Memories Additionally this book shows just how little time we have left to record their memories Since I started this project in February of 2002 until now March 2005 five of the men that contributed to this book have already

passed away They will never get to see the book that they helped write They are now Gone Forever BUT They will now be Remembered Forever along with their stories and photos The five men are David R Green S1 c USS Solomons CVE 67 Passed Away 27 April 2002 Age 77 Frank S Rojewski S1 c USS Solomons CVE 67 Passed Away 10 May 2003 Age 76 Joseph Ernest Comeau S1 c USS Solomons CVE 67 My Dad Passed Away 26 June 2003 Age 77 Adolf Lundquist U860 Crewman U860 was sunk by USS Solomons CVE 67 Passed Away December 2003 Age 90 Joseph Montana USS Solomons CVE 67 Passed Away 12 January 2005 Age 78 Read this book Then talk to the Veteran that you know write down His or Her stories and make copies of any photos Put them in a folder give each of His or Her Family members a copy so that the Veteran will NEVER BE FORGOTTEN OUR VETERANS HAVE EARNED THE RIGHT TO BE REMEMBERED THANK YOU center REVIEWScenter

Joseph Comeau s book on the history of this can do carrier and her World War II crew reads like a veteran s scrapbook which it is in a way There s no narrative in the traditional sense the book consists of first hand accounts rare personal snapshots and reproductions of contemporary documents such as a Welcome Aboard pamphlet produced for new arrivals aboard the SOLOMONS Comeau s father Joseph E Comeau Sr served aboard the SOLOMONS and the book is a tribute to Comeau Sr and his shipmates The book is a wealth of obscure photos and the small details of life aboard a jeep carrier during the Atlantic War Doug Buchanan Editor of Anchor Watch The Official Journal of the Historic Naval Ships Association July 2005 This is a big book large format over 540 pages and 810 photographs but regardless of its size this book is clearly a labor of love For years Joseph Comeau would ask his father Joseph Comeau Sr about his days in the Navy His father would simply reply that he was on an Escort Carrier and that they were in the Atlantic He sometimes added that he was also rather sad that there had never been a reunion for his fellow shipmates that served with him on the USS Solomons CVE 67 In February 2002 Joseph Jr got an idea Using the far reach of the Internet he began tracking down former Solomons crewmembers quickly finding 35 men in just a few short months Each time he found one he would ask that individual to write down memories of the ship and to send a copy of any photos he may have Joseph Jr stashed these materials away in a folder which soon grew to over 235 pages This he presented to his dad on Father s Day of that year It was the reunion that his father never had Sadly Joseph Comeau Sr answered the final Call to Muster on 26 June 2003 This book based on the original folder as well as further research is a great piece of history It is not necessarily a start to finish history of the USS Solomons although there is a considerable amount of information on the ship but rather individual stories of people with a common experience centered around the vessel in which they served during a war that all fought This is a chronicle of the past in the most personal sense There is a ton of history here and we highly recommend picking up a copy of this book We would like to thank Joseph Jr for undertaking this project a gift from a son to his dad David G Powers Editor of Logbook Great Aviation History 2nd Quarter 2006

Historical Origins of International Criminal Law Morten Bergsmo, CHEAH Wui Ling, YI Ping, 2014-12-12 The historical origins of international criminal law go beyond the key trials of Nuremberg and Tokyo but

remain a topic that has not received comprehensive and systematic treatment This anthology aims to address this lacuna by examining trials proceedings legal instruments and publications that may be said to be the building blocks of contemporary international criminal law It aspires to generate new knowledge broaden the common hinterland to international criminal law and further consolidate this relatively young discipline of international law The anthology and research project also seek to question our fundamental assumptions of international criminal law by going beyond the geographical cultural and temporal limits set by the traditional narratives of its history and by questioning the roots of its substance process and institutions Ultimately we hope to raise awareness and generate further discussion about the historical and intellectual origins of international criminal law and its social function The contributions to the three volumes of this study bring together experts with different professional and disciplinary expertise from diverse continents and legal traditions Volume 1 comprises contributions by prominent international lawyers and researchers including Judge LIU Daqun Professor David Cohen Geoffrey Robertson QC Professor Paulus Mevis and Professor Jan Reijntjes

U-Boats in the Bahamas (HC) Eric Wiberg, 2016-10-21 Eric Wiberg's ability to unearth obscure historical facts keeps me in a constant state of surprise I commend his relentless determination to verify every detail with local sources in Nassau's historical community for corroboration of his findings Capt Paul C Aranha author THE ISLAND AIRMAN AND HIS BAHAMA ISLANDS HOME Eric Wiberg has made a significant contribution to the bibliography of World War II history J Revell Carr Santa Fe N M This his book tells one more key part of the big story and is one more piece in the giant puzzle of the history of World War II Its value for historians cannot be underestimated Throughout the stories of the attacks by German and Italian submarines on Allied shipping in the water around the Bahamas and the Turks and Caicos several consistent themes emerge in Wiberg's thorough accounts Prime among them is the heroism of the merchant mariners who time and again put themselves in danger as they performed the critical task of moving supplies military and civilian which were vital to ultimate victory We read of numerous instances of sailors having their ships shot out from under them and then continuously going back to sea and having additional ships torpedoed and sunk We can also recognize what we know today as Post Traumatic Stress Disorder PTSD which was seldom recognized 75 years ago

The History of Canada Series: War in the St. Lawrence Roger Sarty, 2012-04-17 From 1942 to 1944 15 German submarines destroyed or severely damaged 27 ships including three Canadian warships a U S Army troop transport and the Newfoundland ferry Caribou More than 250 lives were lost It was the only battle of the twentieth century to take place within Canada's boundaries and the only battle to be fought almost exclusively by Canadian forces under Canadian rather than alliance high command And for more than 40 years the battle was characterized as a Canadian defeat But was it a defeat Drawing on new material from wartime records including ultra top secret Allied decryptions of German naval radio communications Roger Sarty shows that Canada mounted a successful defence with far fewer resources and in the face of much greater challenges than previously known He draws vivid pictures

of the intense combat on Canada's shores and the interplay of the St Lawrence battle with war politics in Ottawa Washington and London At the same time he weaves a second story how researchers reassembled the scattered war records in Canada Britain the United States and Germany and brought the long forgotten battle to life for new generations of Canadians and international audiences *The Convoy* Angus Konstam,2023-10-26 The Convoy represents a fresh approach to the story of the Battle of the Atlantic It is also the first to deal with the more spectacular story of HG 76 a major turning point in the naval war HG 76 sailed from Gibraltar to Britain in December 1941 and was specially targeted by the Germans A wolfpack of U boats was sent against it and the Luftwaffe was heavily committed too in a rare example of German inter service cooperation German intelligence agents in Gibraltar and Spain also knew every detail of HG 76 before it had even sailed seemingly stacking the odds in favour of the Kriegsmarine Despite this the convoy fought its way through Improved radar and sonar gave the convoy's escorts a slight edge over their opponents while the escort group was led by Commander Walker an anti submarine expert who had developed new aggressive U boat hunting tactics Previous Gibraltar convoys had been mauled by Luftwaffe bombers operating from French airfields This time though HG 76 would be accompanied by HMS Audacity the Royal Navy's first escort carrier a new type of warship purpose built to defend convoys from enemy aircraft and U boats Following seven days and nights of relentless attack the horrors of which are brought home through a series of first hand accounts the convoy finally reached the safety of a British port for the loss of only two merchant ships Its arrival was seen as the first real convoy victory of the war Brought to life by expert naval historian Angus Konstam The Convoy combines the story of the technical and tactical developments that won the Battle of the Atlantic for the Allies along with a narrative that reveals both the terror and the stubborn determination that defined the experiences of those that served on convoy duties
