Germans To The Front West German Rearmament In The Adenauer Era:

Germans to the Front David Clay Large,1995 **Militarization and Democracy in West Germany's Border Police, 1951-2005** David M. Livingstone,2024 A social history of West Germany's Bundesgrenzschutz BGS Federal Border Police that complicates the telling of the country's history as a straightforward success story The 2020 murder of George Floyd by Minneapolis police officers shows that police violence is still a problem in Western democracies Floyd's murder prompted some critics to hail the German police as a model of democratic policing that should be emulated After 1945 Germany's police forces had supposedly shed the militarization and authoritarian impulses still prevalent in other nations forces These uncritical appraisals however deserve closer analysis This book is a social history of West Germany's Bundesgrenzschutz BGS a federal border guard established in 1951 that became reunified Germany's first national police force It argues that the BGS revived authoritarian traditions of militarized policing and kept them alive long into the postwar era even though the country was supposedly consigning these problematic legacies to its past The BGS was staffed and led by Wehrmacht and SS veterans until the late 1970s and while West Germany was democratizing BGS commanders were still planning to fight wars and were teaching its officers street fighting tactics While the end outcome was positive the study contributes to the growing body of recent research that complicates the writing of the Federal Republic's history as a success story Dealing explicitly with post fascist West Germany's struggle to establish a democratic police force the book enters a conversation with studies concerned with democratization security and Germany's effort to overcome its Nazi past DAVID M LIVINGSTONE holds a PhD in History from the University of California San Diego He is retired as Chief of Police of Simi Valley California and is an adjunct professor at California Lutheran University Rearming Germany James S. Corum,2011-04-11 This book provides a comprehensive view of the rearmament of Germany after World War II The book centers on the debate on German rearmament inside Germany and in the international context The issues of military planning and economic effects of German rearmament are discussed as well as the rearmament of the East German State

A History of Modern Germany Dietrich Orlow,2016-11-03 Covering the entire period of modern German history from nineteenth century imperial Germany right through the present this well established text presents a balanced general survey of the country's political division in 1945 and runs through its reunification in the present Detailing foreign policy as well as political economic and social developments A History of Modern Germany presents a central theme of the problem of asymmetrical modernization in the country's history as it fully explores the complicated path of Germany's troubled past and stable present Encyclopedia of the Cold War Ruud van Dijk,William Glenn Gray,Svetlana Savranskaya,Jeremi Suri,Qiang Zhai,2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short of a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions

arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945 1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day The German Polity Eric Langenbacher, David P. Conradt, 2017-02-16 This thoroughly revised and updated edition provides a comprehensive introduction to contemporary Germany one of the world's leading economic and political powers Tracing the country's transformation since World War II the authors provide an in depth guide to Germany's institutions actors and challenges A Military History of the Cold War, 1944-1962 Jonathan M. House, 2014-04-28 The Cold War did not culminate in World War III as so many in the 1950s and 1960s feared yet it spawned a host of military engagements that affected millions of lives This book is the first comprehensive multinational overview of military affairs during the early Cold War beginning with conflicts during World War II in Warsaw Athens and Saigon and ending with the Cuban Missile Crisis A major theme of this account is the relationship between government policy and military preparedness and strategy Author Jonathan M House tells of generals engaging in policy confrontations with their governments political leaders among them Anthony Eden Nikita Khrushchev and John F Kennedy many of whom made military decisions that hamstrung their own political goals In the pressure cooker atmosphere of atomic preparedness politicians as well as soldiers seemed instinctively to prefer military solutions to political problems And national security policies had military implications that took on a life of their own The invasion of South Korea convinced European policy makers that effective deterrence and containment required building up and maintaining credible forces Desire to strengthen the North Atlantic alliance militarily accelerated the rearmament of West Germany and the drive for its sovereignty In addition to examining the major confrontations nuclear and conventional between Washington Moscow and Beijing including the crises over Berlin and Formosa House traces often overlooked military operations against the insurgencies of the era such as French efforts in Indochina and Algeria and British struggles in Malaya Kenya Cyprus and Aden Now more than fifty years after the events House describes understanding the origins and trajectory of the Cold War is as important as ever By the late 1950s the United States had sent forces to Vietnam and the Middle East setting the stage for future conflicts in both regions House's account of the complex relationship between diplomacy and military action directly relates to the insurgencies counterinsurgencies and confrontations that now occupy our attention across the globe **A Companion to the War Film** Douglas A. Cunningham, John C. Nelson, 2016-05-31 A Companion to the War Film contains 27 original essays that examine all aspects of the genre from the traditional war film to the new global nature of conflicts and the diverse formats that war stories assume in today's digital culture Includes new works from experienced and emerging

scholars that expand the scope of the genre by applying fresh theoretical approaches and archival resources to the study of the war film Moves beyond the limited confines of the combat film to cover home front films international and foreign language films and a range of conflicts and time periods Addresses complex questions of gender race forced internment international terrorism and war protest in films such as Full Metal Jacket Good Kill Grace is Gone Gran Torino The Messenger Snow Falling on Cedars So Proudly We Hail Tae Guk Gi The Brotherhood of War Tender Comrade and Zero Dark Thirty Provides a nuanced vision of war film that brings the genre firmly into the 21st Century and points the way for exciting future scholarship

Inglorious, Illegal Bastards Aaron Skabelund, 2022-07-15 In Inglorious Illegal Bastards Aaron Herald Skabelund examines how the Self Defense Force SDF the post World War II Japanese military and specifically the Ground Self Defense Force GSDF struggled for legitimacy in a society at best indifferent to them and often hostile to their very existence From the early iterations of the GSDF as the Police Reserve Force and the National Safety Force through its establishment as the largest and most visible branch of the armed forces the GSDF deployed an array of public outreach and public service initiatives including off base and on base events civil engineering projects and natural disaster relief operations Internally the GSDF focused on indoctrination of its personnel to fashion a reconfigured patriotism and esprit de corps These efforts to gain legitimacy achieved some success and influenced the public over time but they did not just change society They also transformed the force itself as it assumed new priorities and traditions and contributed to the making of a Cold War defense identity which came to be shared by wider society in Japan As Inglorious Illegal Bastards demonstrates this identity endures today several decades after the end of the Cold War

Money and Security Hubert Zimmermann, 2002-04-22 This study links the transatlantic security system and the international monetary system during the Cold War era

GIs in Germany Thomas W. Maulucci, Detlef Junker, 2013-09-02 These fifteen essays offer a comprehensive look at the role of American military forces in Germany since World War Two

After Fascism Matthew Paul Berg, Maria Mesner, 2009 The volume offers compelling examples of recent scholarship addressing various aspects of how European societies came to terms with or chose to overlook their experiences under fascism Included are studies of significant regional diversity France Spain Hungary the Netherlands Denmark Italy Germany and Austria as well as transnational themes Each essay advances its own particular thematic and methodological approach from everyday life experiences to political culture educational reform family history and memory diplomatic relations the work of international governmental organizations and a case study involving an economic institution The shared perspective of the authors is the analysis of the different and various ways in which the fascist past cast a shadow over societies after fascism

The Rise and Fall of the European Defence Community K. Ruane, 2000-06-06 Using the European Defence Community EDC as a case study this book examines the competing and often conflicting view of the British and American governments towards European integration in the early 1950s The British fearing an agonizing reappraisal of the American defence commitment to Europe if the supranational EDC

failed went to great lengths to ensure the success of the scheme When despite these efforts the EDC finally collapsed in August 1954 NATO was plunged into arguably the most severe crisis in its history The crisis also possessed an Anglo American dimension with London and Washington badly divided on how it should be resolved In the end the British were instrumental in the creation of the Western European Union as a successor to the EDC Their crisis management however had been rooted in fear of the agonizing reappraisal a danger dismissed by many historians as exaggerated but which the British in 1954 were perhaps right to take seriously

The Cold War U.S. Army Ingo Trauschweizer, 2008 Focuses on the Seventh Army in West Germany the largest and best prepared field army ever deployed by the U S in peacetime to show how the U S army redefined its identity structure and mission in order to avoid obsolescence during the Cold War era of nuclear weapons and air power

The German Polity David P. Conradt, Eric Langenbacher, 2013-03-18 This thoroughly revised and updated edition of The German Polity provides a comprehensive introduction to contemporary German politics focusing especially on the recovery of the economy and Germany's growing power in Europe and beyond Looking back David P Conradt and Eric Langenbacher trace the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification Looking to the present the authors explain and assess its major institutions actors and issues Looking forward they explore the looming economic security and demographic challenges the political system must address in the years to come

Between Empire and Alliance Marc Trachtenberg, 2003 Written by scholars from both sides of the Atlantic the work discusses the role European dependence on American support played in the history of European unification

The Atlantik-Brücke and the American Council on Germany, 1952-1974 Anne Zetsche, 2021-03-23 Based on impressive multi archival work and a keen sense for a good narrative the author introduces us to the complex interlocking networks of the littleknown Atlantik Brücke and the American Council on Germany A fantastic addition to our understanding of the Transnational Transatlantic in the 20th century Giles Scott Smith Roosevelt Chair in New Diplomatic History Leiden University The Netherlands An original and insightful book exploring how two transatlantic networks worked to improve and solidify West Germany's relationship with the United States in the aftermath of World War II transnational history at its best Deborah Barton Assistant Professor of History University of Montreal Canada Revisiting the relationship between the USA and Germany following the Second World War this book offers a new perspective and focuses on the influence of two organisations in accelerating West Germany's integration into the Atlantic Alliance Tracing the Atlantik Brücke and the American Council on Germany's ACG origins to the late 1940s and tracking their development and activities throughout the 1950s 70s this book covers new ground in German American historiography by bridging public and private relations and introducing central actors that have previously been hidden from academic debate The author unveils and examines dense transatlantic elite networks that allowed Germany to rejoin the community of nations regain sovereignty and become a trusted member of the North Atlantic Treaty Organisation NATO Analysing transatlantic relations through the lens of the

intertwined history of the Atlantic Bridge and the ACG this book explores public private networks on a transnational level providing valuable reading for those studying political history European and American post war relations and the Cold War

The United States and Germany in the Era of the Cold War, 1945-1990 Detlef Junker, Philipp Gassert, Wilfried Mausbach, David B. Morris, 2004-05-17 Publisher Description **Heligoland** Jan Rüger, 2017 The story of Heligoland the North Sea island which for generations stood as a symbol of Anglo German conflict A fascinating microcosm of a long and often troubled relationship covering two centuries and two world wars *Cold War Germany, the Third World, and the Global Humanitarian Regime* Young-sun Hong, 2015-03-05 This book examines competition and collaboration among Western powers the socialist bloc and the Third World for control over humanitarian aid programs during the Cold War Young sun Hong's analysis reevaluates the established parameters of German history On the one hand global humanitarian efforts functioned as an arena for a three way political power struggle On the other they gave rise to transnational spaces that allowed for multidimensional social and cultural encounters Hong paints an unexpected view of the global humanitarian regime Algerian insurgents flown to East Germany for medical care barefoot Chinese doctors in Tanzania and West and East German doctors working together in the Congo She also provides a rich analysis of the experiences of African trainees and Asian nurses in the two Germanys This book brings an urgently needed historical perspective to contemporary debates on global governance which largely concern humanitarianism global health south north relationships and global migration
