God Is At Work How God Is Transforming People And Nations Through Business:

God is at Work Kenneth A. Eldred, 2005-01-01 It is not by chance that democratic capitalism flourished first and foremost in countries with a strong Judeo Christian worldview Scriptural principles include the equality of each person before the law the sanctity of property rights the ethical demand to be fair and compassionate employers the injunction to work diligently and honestly the grace to undertake new endeavors and a hope for the future A business environment characterized by heartfelt biblical morality will be far more successful than one that is characterized by dishonesty disloyalty distrust and disorder On the flip side where these biblical values are not present capitalism will fail to live up to its potential Thus economic transformation requires a spiritual transformation in which minds are renewed and new values are adopted

The Church in the Workplace C. Peter Wagner, 2006-05-20 If Christians are in the workplace then so is the church In *The Church In The Workplace* C Peter Wagner explores how the role of the church in the work life of believers is just as much a ministry a service to God and even worship as what believers do on Sunday in their local churches A further indispensable step toward activating faith at work is to understand clearly how the extended church operates through the nuclear church and how bridges can be built to join the two Wagner does just this as he looks at the biblical perspective on work the Holy Spirit's call to the church to bring about social transformation and worldwide examples of the role the church has already played in the workplace [Marketplace Miracles](#)

The Kingdom of God in Working Clothes R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday

work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God s new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news
