God Made It Grow Historical Sketches Of Teams Church Planting Work:

God Made It Grow Vernon Mortenson, 1994-01-01 *Saving the Overlooked Continent* Hans Krabbendam, 2020-09-15
How American Protestant missionaries created a new worldwide religious network Among a wide spectrum of American Protestants the horrors of World War II triggered grave concern for Europe's religious future They promptly mobilised resources to revive Europe's Christian foundation *Saving the Overlooked Continent* reconstructs this surprising redirection of Western missions For the first time Europe became the recipient of America's missionary enterprise The American missionary impulse matched the military economic and political programs of the U S all of which positioned the United States to become Europe's dominant partner and point of cultural reference One result was the importation of the internal conflicts that vexed American Protestants theological tensions between modernists and traditionalists and organisational competition between established churches and independent parachurch associations Europe was offered a new slate of options that sparked civic and ecclesiastical responses But behind these contending religious networks lay a considerable overlap of goals and means based on a shared missionary trajectory By the mid 1960s most Protestant American agencies admitted that the expectation of a religious revival had been too optimistic despite their initiatives having led to an integration of Europe in the global evangelical network The agencies reconsidered their assumptions and redefined their strategies The initial opposition between inclusive and exclusive approaches abated and the path opened to a sustained cooperation among once fierce opponents *Missiology*, 1995 An international review **God Gave the Growth** Susan Brown Snook, 2015-06-01 Practical and theoretical instruction for mainline church planting The Episcopal Church has recognized that planting new churches is a high priority through the Mission Enterprise Zones initiative which provides grant funding for new worshipping communities in partnership with dioceses While there is significant literature and training available for church planters in evangelical contexts very little is available for planters in the Episcopal mainline context This book addresses how to rise up and train leaders for the difficult task of planting new churches in the twenty first century It answers the essential questions such as why should we plant churches what models of church planting are most successful what kinds of leaders are necessary and what problems can be expected Through the author's personal experience and interviews with diocesan experts and leaders in mainline denominations it provides strategies approaches and problem solving techniques **Evangelical Studies Bulletin**, 1995 *The Cumulative Book Index*, 1996 A world list of books in the English language *World Christian Trends Ad30-ad2200 (hb)*, 2001 *International Mission Bibliography* Norman E. Thomas, 2003-10-16 This massive reference is the key to finding the most important works on missiology published from 1960 2000 Representing the research of more than 30 sub editors in mission related disciplines including history theology social aspects education evangelism spirituality and political life and includes sections on Africa the Americas Asia Europe and Oceania Complete publication details and ISBNs are given for each entry **Evangelical Dictionary of World Missions** A. Scott Moreau, 2000 The first

comprehensive one volume reference work to consider the history of world missions and contemporary study of the subject from an evangelical perspective American Book Publishing Record ,2006 Lungta ,1998 Called from Obscurity H. Louis Fader,2002 Gergan Dorje Tharchin 1890 1976 Tibetan Christian missionary **The Philippine Council of Evangelical Churches** Raymundo Go,2019-04-30 In this historical account Dr Raymundo Go presents the arrival and growth of evangelicalism in the Philippines from 1898 to 2000 looking in particular at the formation of the Philippine Council of Evangelical Churches PCEC and the motivating factors of the founding members Weaving together a narrative almost forgotten in the Philippines Dr Go also brings unique insights on the impact that North American events and theological debates had on the nascent Philippine church Through detailed explanation of the interaction and influence of the modernist liberal fundamental and evangelical movements in shaping Philippine Christian history this study addresses the historical reason for a lack of unity in the Philippine church Dr Go applies Paul Hiebert s theory of bounded and centred sets to the divisions between key organizations and churches in the Philippines to analyze and understand the behaviours of the influential groups involved in shaping Protestantism in the Philippines today This important work is not only needed to draw attention to the history of the church in the Philippines but it is vital in showing the need to learn from a divided past when considering the potential for future reconciliation and unity in the body of Christ **God Gave Rock and Roll to You** Leah Payne,2024-01-04 By combining musical styles young people loved with the wholesomeness their parents wanted Contemporary Christian Music CCM became a multimillion dollar industry In this book author Leah Payne traces the history of contemporary Christian music in America and in the process demonstrates how the industry its artists and its fans shaped and continue to shape conservative mostly white Protestant evangelicalism **Historical Sketches** Lee S. Duguid,1987 In Search of Persons of Peace Carolyn Leslie Knight,2021-01-14 But whatever house you enter first say Peace to this house And if a son of peace is there your peace will rest on it if not it will return to you Luke 10 5 6 In Search of Persons of Peace is packed with extraordinary stories that will thrill your heart and motivate you to action Encounter famous historical missionaries whose lives and ministries were forever changed through encounters with persons of peace Enjoy with fresh insight the New Testament persons of peace stories Discover individuals who are today seeing countless souls saved as a result of finding persons of peace God has receptive people persons of peace of every age and every walk of life who are ready to influence multitudes for Christ He uses us to find them and share his life changing message Persons of peace then become a bridge to their families friends and acquaintances When God connects a witness to a person of peace witnesses multiply incredibly fast Persons of peace are all around us Will you join in the search to find them **From the Ground Up** Stephen Leston,2025-06-27 In the pursuit of making disciples of all nations it s essential to remember the core of our mission gospel centered relationships It s not about numbers or visible success Instead it s about the deep personal connections we form to make disciples Yet in a world where globalism clashes with nationalism and tribalism and civilizations clash with

civilizations missionaries face tough challenges to overcome hate and distrust and authentically engage believers In a comprehensive guide filled with wisdom and personal stories pastor and missionary Stephen Leston relies on his professional experience in cross cultural church planting in complex regions to share a groundbreaking approach to church planting and discipleship He frames discipleship as a lifelong journey for followers of Jesus not at the moment of conversion or teaching doctrine Included are strategies to navigate diverse and hostile environments while fostering vibrant communities practical methods to build trust and ensure the church blends seamlessly with the local culture without compromising the gospel and reminders to measure discipleship impact through the lens of relationships and multiplication not attendance buildings or cash From the Ground Up offers a revolutionary approach and practical strategies that guides church planters and missionaries to first love people then make disciples and then form those disciples into local churches

Encountering Missionary Life and Work (Encountering Mission) Tom Steffen, Lois McKinney Douglas, 2008-06-01 This new volume in the award winning Encountering Mission series is for current and future missionaries It provides practical guidance regarding getting ready for the mission field and the realities of life on the field The authors are well qualified to write such a manual each having served as a missionary for more than twenty years and each having taught missions in seminary The authors begin by examining the contemporary context for missions including the recognition that the world's mission fields are in constant and often rapid change They then discuss aspects of preparing oneself for the mission field beginning with home front preparations and moving to on the field preparations The final section deals with practical issues and challenges of missionary life

Pentecostal Churches in Transition Shane Clifton, 2009 The global growth of Pentecostal movements during the course of the twentieth century has been widely documented although to date there has been little written on their developing ecclesiology After making the case for a concrete rather than idealised approach to ecclesiology this book describes and analyses the transitions that have framed the ways in which Australian Pentecostals have understood church life and mission From a loosely knit faith missions movement to congregational free church structures to the so called apostolic models of mega churches Australian pentecostalism stands as a microcosmos of ecclesial developments that have occurred throughout the world This book therefore provides a means of reflecting upon what has been gained and lost in the process of ecclesiological change
