## **God Said:**

God Said Benjamin Paul Ciaccio, II, Benjamin Paul Ciaccio, 2010-03 The concept of the Holy Trinity has always been an enigma Now through the perspective of the creative process a formula that permeates throughout creation discovers how a person is created in the image of the Holy Trinity Here is just a sample where a formula for creation has uncovered this truth The mathematical formula 1 1 1 3 The mathematical formula  $1 \times 1 \times 1$  1 The creative process mental physical spiritual Science and the 3 realms of existence The 3 types of human knowledge and faith The 3 parts of human existence and essence The 3 parts to God's essence and existence The 3 branches of government The 3 ways parts to good and evil The 3 parts to change and time The 3 contents in the Ark of the Covenant The 3 requirements for divine authority Etc etc etc Benjamin Ciaccio was born and raised in a large Catholic Irish Italian family in Omaha Nebraska Ben Jr is a self educated person whose father challenged him to discover the secret truths in life His diversity of interests ranged from history geography science and technology to the current news While his mother held the belief that there are two things you do not talk about in public namely religion and politics Ben's father felt that these two issues are what influences people most in life and should have a dialogue in public affairs For years Benjamin was not satisfied with analogies and sought a definitive answer as to how man is created in God's image His intrigue with life's mysteries and wonders has developed throughout the years It is his perspective that there are truths waiting to be realized and old truths that will never change

John Douglas Morrison, 2006-03-01 Has God said Has God actually spoken declared himself and his purposes to us Historically the Christian faith has affirmed God's redemptive revelatory speaking as historical contentful redemptive centrally in Jesus

Christ and under Christ and by the Spirit in the text of Holy Scripture But in the past three centuries developments in Western culture have created a crisis in relation to historical divine authority The modern reintroduction of destructive dualisms cosmological and epistemological via Descartes Newton Spinoza and Kant have injured not only the physical sciences e g positivism but Christian theology as well The resulting eclipse of God has permeated Western culture In terms of the Christian understanding of revelation it has meant the separation of God from historical action the rejection of God s actual self declaration and especially in textual form Holy Scripture After critical analysis of these dualistic developments this book presents the problematic effects in both Protestant Schleiermacher Bultmann Tillich and Roman Catholic Rahner Dulles theology The thought and influence of Karl Barth on the nature of Scripture is examined and distinguished from most Barthian approaches The effects of dualistic Barthian thought on contemporary evangelical views of Scripture Pinnock Fackre Bloesch are also critically analyzed and responses made Helm Wolterstorff Packer The final chapter is a christocentric multileveled reformulation of the classical Scripture Principle via Einstein Torrance and Calvin that reaffirms the church s historical identity thesis that Holy Scripture is the written Word of God a crucial aspect of God s larger redemptive revelatory purpose in Christ
