God In South Africa The Challenge Of The:

God in South Africa Albert Nolan, 1988 *God in South Africa* Albert Nolan, 2024-02-01 This is a reprint of the 1988 publication which is now out of print The book was written while Albert Nolan was in hiding during the State of Emergency in South Africa This volume includes reviews of the book used with permission from the South African Grace and Truth journal from 1990 The author believes that in South Africa the practice of the struggle is the practice of faith and to show this he reviews the central themes of the Christian faith as found in the Old Testament and the preaching of Jesus the nature of sin and salvation and of God's action in the world He also faces the dilemma of Christians who can no longer support the apartheid state but are uncertain where the liberation struggle will lead Like his best selling *Jesus before Christianity* *God in South Africa* is a contextual theology a theology rooted in the painful conversion of a church to the cause of liberation It can be regarded the author says as a conversation between South African Christians but out of that conversation comes a challenge to Christians everywhere to discover the meaning of the gospel to find God in their situation This profound book written in the 1980s to guide those seeking to deploy the gospel message against the repressive and abhorrent South African apartheid regime continues to speak powerfully to all peoples in all times and in all places It continues to show how the gospels respond to the signs of the times anywhere that people are in crisis providing the tools to build a contextualised and local theology that can preach the good news of God's liberating power against all forms of injustice Albert Nolan South Africa's Gustavo Gutierrez revealed hope that God cares for and finds the poor and oppressed wherever they are For my own community the potential to construct a contextualised and local Ukrainian theology offers hope that the good news always challenges those who oppress and forever speaks liberation for those burdened by an unjust war and the despair found in its wake

Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation. The volume sets the agenda for the future of the field and provides a synthesis of approaches to date. In doing so, it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation. This applies in equal measure to approaches and methods that are often framed as traditional or mainstream, e.g. the methodological canon of the historical critical approach as the offspring of the European Enlightenment, and those that are often dubbed contextual, e.g. forms of feminist or indigenous interpretation. The volume grounds contextual biblical interpretation within the broader landscape of biblical studies, and the chapters are all interested in the contexts in which bibles are read. Rather than a series of examples of contextual biblical interpretation, this book is concerned with what it means to do contextual biblical interpretation, how contextual biblical interpretation challenges biblical scholarship, and what chances there are for this mode of inquiry. What contexts are engaged and elucidated when it comes to bible use? What contexts are made visible and invisible? How can different contexts be theorized and understood? The volume argues that it is not context that matters; rather, contemporary contexts should be a challenge and a chance for biblical scholarship, its present and its future.

Reader in Trinitarian Theology

Henco van der Westhuizen, 2022-12-15. Speaking God today signifies assuming the task constitutive of the discipline of systematic theology. A relational God who lives in ex-static self-giving creates Christian communities of hospitality and generosity and offers a healing vision of truth, goodness, and beauty. Speaking the Triune God extends the promise of the benediction: May the grace of the Lord Jesus Christ and the love of God and the fellowship of the Spirit be with you all. Rian Venter. In this first volume on doing Theology in South Africa, Henco van der Westhuizen assembled an array of articles by South African theologians on Trinitarian Theology from 1976 to today.

Global Dictionary of Theology

William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25. Theological dictionaries are foundational to any theological library. But until now there has been no Global Dictionary of Theology, a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology. The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South. But it also reflects the increase in two-way traffic between these two sectors, as well as the global awareness that has permeated popular culture to an unprecedented degree. The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus, a distinctive feature of the Global Dictionary of Theology is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A. Dyrness, Veli-Matti Kärkkäinen, Juan F. Martínez, and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students, and lay Christian leaders will all find the Global

Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context *Postcolonial Homiletics?* Wessel Wessels,2024-03-29 This book pursues the question of consciousness and thought through the art of preaching in a postcolonial era Indeed the past has bestowed upon the present the legacy of colonization and in the South African context apartheid However the endeavor of postcolonizing theology and homiletics is a contentious space that has not been settled This book promotes a counterargument to the prevalent directions of decolonization by focusing on three themes of importance consciousness perspective and identity through the insights of primary postcolonial sources *The Tenderness of Conscience* Allan Boesak,2005-03-01 With this book theologian and political observer Allan Boesak once again displays the strengths of his writings that were evident in the seventies and eighties bringing Christian theology to bear on the political and socio economic realities of our world A serious and open hearted commentary on the African Renaissance and the spirituality of politics but with the clarity of the deeply embedded Christian message Danny Titus *Pacifism and Pentecostals in South Africa* Marius Nel,2018-06-27 Most of the early twentieth century Pentecostal denominations were peace churches that encouraged a stance of conscientious objection However since the Second World War Pentecostals have largely abandoned their pacifist viewpoint as they have taken on a more literal Biblical hermeneutic from their interaction with Evangelical denominations This book traces the history of nonviolence in Pentecostalism and suggests that a new hermeneutic of the Bible is needed by today s Pentecostals in order for them to rediscover their pacifist roots and effect positive social change The book focuses on how Pentecostalism has manifested in South Africa during the twentieth century Much of the available academic literature on hermeneutics and exegesis in the field of Pentecostal Studies is of an American or British European origin This book redresses this imbalance by exploring how the Bible has been used amongst African Pentecostals to teach on the apparent paradox of a simultaneously wrathful and loving God It then goes onto suggest that how the Bible is read directly affects how Pentecostals view their role as potential reformers of society So it must be engaged seriously and thoughtfully By bringing Pentecostalism s function in South African society to the fore this book adds a fresh perspective on the issue of pacifism in world Christianity As such it will be of great use to scholars of Pentecostal Studies Theology and Religion and Violence as well as those working in African Studies **Gathering at God's Table** Katharine Jefferts Schori,2012 A profound reminder of our role in God s vision for a restored and reconciled world The work before us this mission of God s is immense cosmic even The world is hungry thirsty homeless sick lonely imprisoned and enslaved because some parts are The creation is groaning in travail because of our abuse of the garden in which we have been set The body is ailing Participating in God s mission is about seeing and responding to that collective suffering and beginning to understand our interconnection with the other parts of the body from the Introduction In the Christian tradition believers are called to do more than sit around and pray Throughout the Gospel and throughout history people of faith have been quite

literally booted out into the world to bring God's love to everybody not just a select few That's the meaning of mission from the Latin verb *mitto* meaning to send It is the work that Jesus and his disciples set out to do feeding healing and teaching In an insightful and powerful voice Katharine Jefferts Schori presiding bishop of The Episcopal Church explores the meaning of mission in the context of contemporary life reminding us of the Anglican Communion's Five Marks of Mission Proclaim the Good News of the Kingdom Teach Baptize and Nurture New Believers Respond to Human Need with Loving Service Seek to Transform Unjust Structures of Society Strive to Safeguard the Integrity of Creation and Sustain and Renew the Life of the Earth

Burrridge, 2007-10-22 In contrast to many studies of New Testament ethics which treat the New Testament in general and Paul in particular this book focuses on the person of Jesus himself Richard Burrridge maintains that imitating Jesus means following both his words which are very demanding ethical teachings and his deeds and example of being inclusive and accepting of everyone Burrridge carefully and systematically traces that combination of rigorous ethical instruction and inclusive community through the letters of Paul and the four Gospels treating specific ethical issues pertaining to each part of Scripture The book culminates with a chapter on apartheid as an ethical challenge to reading the New Testament using South Africa as a contemporary case study enables Burrridge to highlight and further apply his previous discussion and conclusions *ThirdWay* ,1979-07 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *Journal of Theology for Southern Africa* ,2007
