Religion on the Margins Benjamin M. Pietrenka,2024-10-22 In the eighteenth century missionaries of the radical Pietist Moravian Church wandered from Germanic Europe to the edges of the known world in search of tolerance and a closer relationship to God This open minded cosmopolitan undertaking led to unintended consequences however both for the Moravians and for the other persecuted peoples European African and Indigenous they sought to convert Religion on the Margins examines the complexities of early modern Moravians as a cosmopolitan community focused on an eschatological global vision while having to negotiate diverse cultures and most importantly the institution of slavery Drawing on a transatlantic archive of letters diaries teachings and mission histories Benjamin M Pietrenka sheds light on how a professedly anti colonial cast of characters became entangled in the complex realities of European colonialism in the Atlantic world Ultimately Pietrenka shows how the Moravians operating from within the constraints of mission work became complicit in the European imperial project in spite of their stated values and their own experience of marginalization For scholars of early modern religion empire and politics Pietrenka s book challenges tendencies in the field to equate modernity with secularization and invites us to consider how nonelite actors understood religion and ethnicity through each other in

ways that contributed to the emergence of modern scientific racism and white supremacy "The Gospel Awakening." Dwight Lyman Moody, 1885
