**Gods and the One God** Robert McQueen Grant, 1986 This volume in the Library of Early Christianity series explores the early Christian movement especially as it is described in the book of Acts and uses information about other religions being practiced during the same time period to fill in the story of religious conflict The Library of Early Christianity is a series of eight outstanding books exploring the Jewish and Greco Roman contexts in which the New Testament developed Library of early Christianity, v.1 : gods and the one God Robert M. Grant, 1986 Gods and the One God Robert McQueen Grant, 1986-01-01 **The Moral World of the First Christians** Wayne A. Meeks, 1986-01-01 Describes the social setting of the early Christians looks at the Greek and Roman ethical traditions and explains the moral formation of the beginning Christian movement **Biblical and Theological Studies on the Trinity** Rob McIver, Paul Petersen, 2013-12-31 The word trinity is not in the Bible The expression of the doctrine was developed over a long period and finalized only in the fourth century Many Christians who want to be biblical have questioned the official church doctrine on the Godhead The following collection of articles from a Seventh day Adventist conference in Sydney emphasizes however that the concept of the trinity is thoroughly biblical The book covers a variety of aspects of the discussion of the doctrine both biblical historical and theological such as the trinity in the gospel of John the meaning of monogenes Kellogg and the trinity and Islam and the trinity The Plan of God in Luke-Acts John T. Squires, 1993 This study examines one significant theological theme in Luke Acts that of The plan of God It traces the way this theme is developed throughout Luke Acts both through direct statements by the writer and through various associated means such as divine appearances signs and wonders the fulfilment of prophecy and indications of fate as of necessity Dr Squires locates Luke's use of this theme in the context of the history writing of the Hellenistic period noting numerous passages in those works which illumine Luke's theological purposes His book shows how the notion of the plan of God is used by Luke as he writes to confirm his readers faith encouraging them to bear witness to this faith and equipping them for the task of defending it The Johannine Exegesis of God Daniel Rathnakara Sadananda, 2014-12-02 Johannine Exegesis of God is a stimulating study of the explicit and implicit theological language of the Johannine community It exegetically explores crucial questions concerning the Fourth Evangelist's language used to characterize God It makes a sojourn into the relationship between Johannine Christology and Theology It examines the dialogue dynamics of a theological conversation between those who do not share the same theological affirmations and enumerates how the Johannine community derives benefit becomes enriched and learns inclusiveness through its dialogue conflict with its pluralistic environment In approaching and interpreting the Gospel narrative the implications of Theology in the Johannine community's struggle for legitimacy identity and existence become clear The Theology of the Johannine community shows a creative dialect with its sociological context and its experiential theologising makes its theological language authentic clear and precise **The Collected Writings of James Leo Garrett Jr., 1950-2015: Volume Four**

James Leo Garrett Jr.,2020-05-06 James Leo Garrett Jr has been called the last of the gentlemen theologians and the dean of Southern Baptist theologians In The Collected Writings of James Leo Garrett Jr 1950 2015 the reader will find a truly dazzling collection of works that clearly evince the meticulous scholarship the even handed treatment the biblical fidelity the wide historical breadth and the honest sincerity that have made the work and person of James Leo Garrett Jr so esteemed and revered among so many for so long Volume 4 is the first of two volumes that will contain his theological essays Spanning sixty five years and touching on topics from Baptist history theology ecclesiology church history and biography religious liberty Roman Catholicism and the Christian life The Collected Writings of James Leo Garrett Jr 1950 2015 will inform and inspire readers regardless of their religious or denominational affiliations **Rethinking "Gnosticism"** Michael Allen Williams,1999-04-12 Most anyone interested in such topics as creation mythology Jungian theory or the idea of secret teachings in ancient Judaism and Christianity has found gnosticism compelling Yet the term gnosticism which often connotes a single rebellious movement against the prevailing religions of late antiquity gives the false impression of a monolithic religious phenomenon Here Michael Williams challenges the validity of the widely invoked category of ancient gnosticism and the ways it has been described Presenting such famous writings and movements as the Apocryphon of John and Valentinian Christianity Williams uncovers the similarities and differences among some major traditions widely categorized as gnostic He provides an eloquent systematic argument for a more accurate way to discuss these interpretive approaches The modern construct gnosticism is not justified by any ancient self definition and many of the most commonly cited religious features that supposedly define gnosticism phenomenologically turn out to be questionable Exploring the sample sets of gnostic teachings Williams refutes generalizations concerning asceticism and libertinism attitudes toward the body and the created world and alleged features of protest parasitism and elitism He sketches a fresh model for understanding ancient innovations on more mainstream Judaism and Christianity a model that is informed by modern research on dynamics in new religious movements and is freed from the false stereotypes from which the category gnosticism has been constructed

Acts Charles C. Williamson,2000-03-01 Originally published Louisville Ky Geneva Press 2000 Angels of Light, Powers of Darkness Stephen Noll,2003-04-25 Recent years have brought an unexpected revival of popular interest in angels Books professing to draw back the curtain on the unseen angelic world filled entire bookstore shelves Here as if to mock the cold universe of modernity were the stories of numerous and warm encounters with angelic beings But who are angels and what is their nature and purpose in the biblical scheme of things Are the biblical stories to be taken literally or symbolically or should they be relegated to another day and age How have the great theologians of the church regarded the angels And most important what are the nature and role of angels in God s cosmos and his redemptive plan Stephen Noll answers these questions in this detailed exploration of angels in the tapestry of Scripture Here is a biblical theological study of angels Satan and the powers that fills a significant gap and will command the attention of serious students of scripture **Augustus to**

**Constantine** Robert McQueen Grant,2004-01-01 This masterful study of the early centuries of Christianity vividly brings to life the religious political and cultural developments through which the faith that began as a sect within Judaism became finally the religion of the Roman empire First published in 1970 Grant s classic is enhanced with a new foreward by Margaret M Mitchell which assesses its importance and puts the reader in touch with the advances of current research

**Paul, Women, and Wives** Craig S. Keener,1992-06-01 Paul s letters stand at the center of the dispute over women the church and the home with each side championing passages from the Apostle Now in a challenging new attempt to wrestle with these thorny texts Craig Keener delves as deeply into the world of Paul and the apostles as anyone thus far Acknowledging that we must take the biblical text seriously and recognizing that Paul s letters arose in a specific time and place for a specific purpose Keener mines the historical lexical cultural and exegetical details behind Paul s words about women in the home and ministry to give us one of the most insightful expositions of the key Pauline passages in years Homer Or Moses? **Miracle and Mission** James A. Kelhoffer,2000 The Longer Ending of the Gospel of Mark Mark 16 9 20 was appended to the Gospel of Mark in the first half of the second century James A Kelhoffer explores this passage s distinct witness to the use of gospel traditions and the development of Christian thought Concerning the origin of this passage he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark He studies the passage s sometimes innovative literary forms as well Also of interest is the passage s claim that the ascended Lord will help those who believe to perform miraculous signs casting out demons speaking in new languages picking up snakes drinking poison with impunity and healing the sick when they preach the gospel verses 17 18 20 This expectation is compared with portraits of miracles especially in the context of mission in the New Testament various apocryphal acts and Christian apologists of the second and third centuries In the two final chapters the author interprets the signs of picking up snakes verse 18a and drinking a deadly substance with impunity verse 18b in their history of religions contexts An Epilogue summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16 9 20

**A Biblical Theology of Material Possessions** Gene A. Getz,2012-04-01 Some researchers estimate that evangelical Christians give an average of 2 percent of their income to further the kingdom of God Such a practice reveals a theology of material possessions that is clearly out of line with God s Word Gene Getz in an extensive search reveals intriguing detailed information on the subject of material possessions based on Scripture The synthesis of this and selected extrabiblical literature resulted in the formation of more than 120 biblical principles that can be applied by any person in any culture Dr Getz not only shares these principles but offers guidance for church leaders and laypeople who want to apply them in their church

**Trinitarian Personhood** Bill Ury,2002-02-01 The concept of the person is a crucial yet elusive

component in the development of Western thought Few concepts are as replete with definitional difficulty Equally important is the application of a proper definition to all major Christian doctrinal commonplaces This work recognizing the insufficiency of modern theology to offer a cogent concept of person proposes a thorough historical and theological evaluation of Trinitarian personhood presented in three critical paradigm shifts by which one can measure the development of the idea of true personhood presented The three watershed eras of discernment of divine personhood presented are seen here as first the Cappadocian position of the mutual indwelling perichoresis of the divine persons is contrasted with Augustine's view of the place of relations in defining divine persons Second the ideas of Richard of St Victor whose *caritas consummata* and its relational implications met the nemesis of the Thomistic category of subsistent relations And last as an example of this important discussion in modernity the German Heribert Mühlen's dynamic phenomenological approach to Trinitarian personhood is offered as a means of countering the implicit modalisms of Barth and Rahner If the personhood of God is in essence Being in Another then Christianity must apply that ontology to all sectors of reality to be fully Christian

**Powers of Darkness**

Clinton E. Arnold, 2025-06-12 Satan worship Witches New Age channelers The last two decades of the twentieth century witnessed a vast upsurge in occult activity Scores of popular books have warned Christians of the dangers and urged them to do battle against these spiritual forces Few books however have developed a careful biblical theology on demons principalities and powers Clinton Arnold seeks to fill this gap providing an in depth look at Paul's letters and what they teach on the subject For perspective he examines first century Greek Roman and Jewish beliefs as well as Jesus teaching about magic sorcery and divination Arguing against many recent interpretations that have seen principalities and powers as impersonal social economic and political structures Arnold contends that the New Testament view is that such forces are organized personal beings which Jesus defeated at the cross and will bring into full subjection at his return In his concluding section Arnold suggests practical ways in which Christians today can contend with the forces of evil Powers of Darkness is a thoughtful biblical look at an urgent challenge facing the church
