s rullar life story and the origin of the Ikshvaku dynasty along with the life story and struggle of Lord Rama and Goddess Sita Here the author only considered the human features and characters of Lord Rama As Lord Rama was considered the greatest king of Ikshvaku dynasty though there are many great kings who were born in this gynecology but the way Rama followed his commitment and truthfulness he became immortal on the earth and god like futures The scarification of Rama and Sita and their ascetic life give steer people to become decent men Though there were many great kings like Ishvanku Mandhata Bhagirathi Dileepa and Harishchandra in this great dynasty the god like feature of Rama is always adorable for everyone Rama was not only a decent son a husband brother king and father but also a great solitaire and successful ruler of Kosala

The City of God Saint Augustine (of Hippo),2009 Saint Augustine of Hippo is one of the central figures in the history of Christianity and this book is one of his greatest theological works Written as an eloquent defense of the faith at a time when the Roman Empire was on the brink of collapse it examines the ancient pagan religions of Rome the arguments of the Greek philosophers and the revelations of the Bible *The City of God* St. Augustine,2022-05-03 16 centuries ago the greatest empire the world had ever seen The Roman Empire symbolically with the sack of its capitol the eternal city of Rome died It was the end of 1 000 years of civilization by the hands of barbarian hordes from Germania Many Romans argued at the time that the Empire was crumbling because the ancient gods had been displaced by the now official and dominant Christian faith The City of God is a rebuttal of this belief but that is far from all that it is In addition to being an apologetic work of Christian influence is also one the most important theological constructions on theological anthropology esp human depravity political instability and the glory of God of his kingdom his City his righteousness Moreover the book is perhaps the most important and groundbreaking political philosophy the church has yet to produce Second only to Augustine s Confessions in popularity and spreading a wider theological net than Augustine s De Trinitate The City of God is the greatest and most comprehensive of Augustine s works It is impossible to understand his thought or its trajectory without this work Now bound in a reader friendly design and size and printed on straight white and semi gloss pages this edition is excellent for both a straight read of the text or a critical study of it *The London Quarterly Review* William Lonsdale Watkinson,William Theophilus

Mallard,2011 The growing population of Meta humans Mutants had become the growing cause of great concern for the U S government and the human American population at large so the government established a mutant research and educational facility on a small U S territory the Caribbean Island of Bain for the purpose of studying and educating young mutants so that they could become useful and responsible American citizens Not long later the facility staff mutants and the entire island vanished from the face of the earth along with several of America s top scientist and military personnel That was five years ago but now Bain Island has reappeared and one hundred and fifty years

has past on the island and now the native humans need help A human utopia built at the expense and suffering of generations of mutant slaves has been violently overthrown In its place is a powerful mutant society dominated by ferocious female headed clans backed by a savage male warrior caste and now the humans bow low To the American President and people the mutants and island are of the United States They must surrender their sovereignty land and technology The human slaves must be freed The mutant queen and her warriors do not agree *The City of God Books 1-10* Saint Augustine, Epochs
