## **Gods Kinship With Dark Colors:**

*God's Kinship with Dark Colors* John J. Johnson, John L. Johnson, 1994-09-01 Written to enable readers to formulate a distinction between physical and mental darkness this book highlights God's relationship with black and darkness colors that God after creating frequently used as a visual symbol to identify His divine presence *God's Kinship with Dark Colors* John L. Johnson, 1990 *Masonic Light from Ancient Africa* Keith Moore 32i, 2018-01-30 This book explores the critical thinking that Freemasons of African descent have towards the understanding of the Bible as well as the impact of Christianity in African American culture To the Mason the Bible is the guide of faith for it gives us God's holy instructions It also has within it a secret knowledge that many of our traditional churches refused to tap into Therefore this knowledge is esoteric in nature and this is what masonry thrives on This book will examine not only the contributions by ancient Kemet Egypt To religion but the entire content of Africa which has a conglomerate of religions all are pointing to one divine creator

**Hip-Hop-Perations** Khalil Amani, 2000-10-31 What up Just like to welcome you to this class here at W F U I am Dr Horatio Honeycutt As you all know a class in multicultural studies is required of all entering freshmen so I \_m happy that you \_ve chosen this course to fulfill that requirement I know that you will find this class stimulating exciting and truly challenging So welcome again I \_m passing out a syllabus for your perusal This semester you will get acquainted with Black people in the urban ghetto of this city We will be going on a field trip into the heart of the hood to get a firsthand look at how the language is spoken But I must warn you before we get to that point you must do a complete overhaul of your perception of Black people We will have to become as black as we can be as not to stand out and as they say in the hood get our asses bumrushed In other words we don \_t want to draw too much attention to ourselves and cause the indigenous population to pummel our bodies into mutilated pieces of DNA But not to worry I \_ve already established communication with some of the more violent elements in the community See You \_ve already learned your first black word bumrush It means to suddenly bombard without warning to attack Put it in your vocabulary you \_ll need it Kahlil Amani Jive 101 Ebonics 1619 Khalil Amani offers his take on Black America through both poetry and prose in Hip Hop Operations Amani is a graduate of San Diego Mesa College and the author of *Ghetto Religiosity* 2000 *500 Questions and Answers on the Black Presence in the Bible* John L. Johnson, 2000 *500 Questions and Answers on the Black Presence in the Bible* is one of the most remarkable books for modern day literature It is a master collection of critical questions and answers that expose some of the world's best kept secrets about the Bible's account of Africa and People of Color This informative material was inspirationally written so that mankind could acquire a broader understanding of God's love toward Africa and of the Black man's contribution to both the Bible and natural history an acknowledgment that many Christian leaders and academicians have shrewdly kept from the public Let it be widely acknowledged that the prime objective of this text is to uplift the mind and spiritual morality of the affluent poor and downtrodden who have been institutionally mis educated regarding their Golden Heritage in the Holy

Scriptures This book presents Twenty seven exciting participants from hundreds who were in the audience Facts presented by renowned historians and biblical scholars about historical Africa One hundred and thirty groups of cross Scripture and historical references to ensure quality reading

**God Stopping A Nuclear War** Robert Lauzeckas, 2011-03-14 Welcome to the Little Scroll promised in the Bible Promised to prevent a nuclear war and more crazy shootings So pay attention Before I describe the book read a little from it Does it or does it not describe the recent shootings in France Or the problems with ISIS If you think it does then read this book You got a lot to learn about the real God and Satan God vs Satan is a secret war between which populations use their left or right brains the most Right hand good hand because God favors left brain thinking verbal Jews before the right brain thinking of artistic people This is why they fight The Holy Ghost won't allow God to rule mankind if he rules as an unfair tyrant If he smothers the creative abilities of the right brain Being a tyrant contradicts the purpose of his existence It also sterilizes the progress of a society If that occurs the Life Force will eventually betray that society Dooming it to failure I'll explain the Life Force later Then why is God trying to push total left brain control in Europe by using Muslims to push Islamic laws in Europe He isn't pushing it Satan is But why would he do it Isn't it contrary for his plans for Europe Yes in the long run it is but not in the short run Plans spanning human lifetimes Considering what you know about them now what do you think is the biggest danger as far as Satan is concerned Isn't a big part of their war biological Isn't a lot of their war about which populations use their left brains or right brains more For many people upbringing greatly influences brain usage but not in Semitic populations with their natural genetic predisposition towards using their left brains It's more nature over nurture for how their minds work The genetic trait for left brain dominance is dangerous for Satan if it spreads too much in Europe So how does he deal with this problem This is the tricky part God knows he can't abuse his power by becoming too strict in populations created to be more balanced It would hinder progress by choking creativity which would turn the Life Force against him So he doesn't push too much He knows he has to temper his ways with different populations So what does Satan do He influences radical religious minds to become unreasonable to become inflexible ungrateful and unable to assimilate into European cultures Satan makes them overstep their boundaries in Europe But to what purpose How does this help him Satan knows the right brains in white Europeans will grow resentful and find Islamic laws repugnant in their own nations in the long run This in turn will trigger a group genetic response in whites to become racist for real When social approval for the attitude becomes condoned Every biological group like a body has a safety mechanism built into it to protect the body from foreign invaders When our bodies realize they have been invaded by germs an alarm is triggered A biological alarm which triggers the production of white cells in them There is a similar group mechanism which protects racial gene pools Satan is trying to trigger it in Europe But he can't do it unless Muslims don't assimilate into Europe without trying to subvert it So what does he have to do to pull this trigger He has to inject hatred of Western life styles into the minds of radical Muslims Making them hate the Western nations they live in Making them

headstrong and intolerant Making it impossible for them to assimilate into European culture Even making them insist on living under Islamic law in populations which couldn't tolerate it The English the Italians the French the Spanish the Germans the Russians and more populations could never live under Islamic law Not unless they were conquered Which is why some Muslims believe they have to conquer Europe not with guns but by producing more babies When they do that they have declared war on Europeans Now back to psychic networks

Begrimed and Black Robert Earl Hood, Hood's unique and fascinating work probes the mythic roots of racial prejudice in Western attitudes toward color With special attention to the history of ideas but also to pictorial images and popular movements Hood documents the inception and growth of the myth of black carnality with its commingling of disdain and desire fear and fascination

**Age of the Gentiles and the White God Delusion** Timothy Huges, 2012-10 The book is a logical Bible study and in depth examination of Race Sex Power Politics and War The Author addresses the false doctrine and propaganda that has been fronted for centuries by Christianity and Judaism as to their supremacy above other religions and races He also examines the role these two religions have played in promoting these false doctrines which literally contradict the written laws of the Bible The book further looks at Islam where the Author acknowledges the origin and foundation of its original teachings as is likened by God's Commandments and as written in the Holy Bible and Holy Qur'an The Author takes a scalpel to dissect race and religion to its core The Author separates the gentile dogma of Christianity and Judaism and highlights their contradiction to the Laws of God Lastly he dwells on separation of races based on their individual religious philosophies concluding in the introduction of Lucifer as a Chief Architect of Gentile religious doctrine and practices Lucifer's mission is to maintain the delusion of the white God and its false power to rule over Black and Semite people Quotes from Author I am challenging the world's Christian religious believers communities and the general masses to follow the true laws of God They should stop falling prey to the False Luciferian Doctrine and the delusion of White God I affirm to the world that I am a true servant of God who is challenging all religious ministers to debate evidence and facts referred to in this book through the lesson chapters so that they may distinguish the truth from the lie I challenge them to debate about the alleged religious authorities in reference to the Christian and Jewish faith in order to determine if truly their religious practices is of the God of Heaven and Earth I challenge all ministers to prove that they follow and believe in the commandments Laws and Statues of God as written in the scriptures I further challenge all of them to debate the true ethnology and race of God's chosen people his first family being the black and Semite Hebrews who are identified by their skin pigmentation and coloration and their true religion to be Abrahamic This would also prove that True Israelites are cousins to the Ishmaelite's In addition I challenge all ministers of Jewish Authority to a debate as to the true ethnology of True Hebrews of the Land of Palestine and Canaan It is worth noting that the true Hebrews were removed from the Holy land and thereafter cursed by God and Scattered unto Gentile nations in all four corners of the earth And shall remain there until the second coming of Jesus as was prophesied in his Revelation war

against the Christian Jewish Armies of Gog Europe and Magog America Israel and as foretold in the book of Revelations I challenge them to deny that it has been 2000 years of Christian Propaganda Crusade by the gentiles and gentile Jews and Theologians Philosophers and Historians to hide the true identity of the true Israelites Their mission has been to remove parts of and alter the Holy Scriptures thereby changing the Laws of God Their intention is to make everyone follow Luciferian Doctrine Because of this God gave Revelation unto Jesus Christ to bring forth the final Armageddon to all who changed His Laws This led to his prophecy against the Christians Nicolaitans and Jewish doctrine religion which He hated for they are the synagogue disciples of Satan

**The Unbound God** Chris L. de Wet, 2017-07-14 This volume examines the prevalence function and socio political effects of slavery discourse in the major theological formulations of the late third to early fifth centuries AD arguably the most formative period of early Christian doctrine The question the book poses is this in what way did the Christian theologians of the third fourth and early fifth centuries appropriate the discourse of slavery in their theological formulations and what could the effect of this appropriation have been for actual physical slaves This fascinating study is crucial reading for anyone with an interest in early Christianity or Late Antiquity and slavery more generally

**Looking for God in Brazil** John Burdick, 1993-12-28 For a generation the Catholic Church in Brazil has enjoyed international renown as one of the most progressive social forces in Latin America The Church's creation of Christian Base Communities CEBs groups of Catholics who learn to read the Bible as a call for social justice has been widely hailed Still in recent years it has become increasingly clear that the CEBs are lagging far behind the explosive growth of Brazil's two other major national religious movements Pentecostalism and Afro Brazilian Umbanda On the basis of his extensive fieldwork in Rio de Janeiro including detailed life histories of women blacks youths and the marginal poor John Burdick offers the first in depth explanation of why the radical Catholic Church is losing and Pentecostalism and Umbanda winning the battle for souls in urban Brazil
