**Run the Race to Win!** Regina D. Williamson, 2022-11-03 Have you ever been the person waiting for the doctor's office to call and give you the results of a recent biopsy Maybe you were waiting with someone dear to you your mother a beloved aunt your sister a niece or even your best friend Those hours and days of waiting can fill even the most calm and stoic person with a sense of dread And then the results from the pathology report finally come in You get a phone call from the doctor's office or a nurse calls and says the doctor wants you to come in Your heart is pounding your mouth becomes completely dry and every nerve cell is on edge with anxiety And then you hear the words I'm sorry but the news is not good You have cancer The tumor is malignant and is growing fast We want to schedule you for surgery as soon as possible If any of you reading these words are honest with ourselves when we first hear the words You have cancer we see it as a death sentence Our mind begins to suddenly flash through our family history like a computer retrieving stored files We see images of all the people who we've known and lost A mother an aunt a sister two cousins and yes a coworker who lost her battle to breast cancer just last year These images flood us with a sense of fear and hopelessness But it doesn't have to be

that way for a believer in Jesus Christ In Jesus s own words He said The thief comes to steal kill and destroy but I have come that you might have life and have it more abundantly John 10 10 This memoir will give some of you a roadmap for hope but it will certainly be a road less traveled The roadmap is based on the divinely inspired Word of God That is the starting point for the race you are about to begin It will also share one woman s courageous journey through multiple bouts with breast cancer her faith in God s plan and her eternal hope The Goal A radical change in diet based on God s eating plan for His children from the very beginning and the courage to resist the medical profession s plan for us Let s begin the journey Visit Regina s website at [www.BeatingBreastCancer.net](http://www.BeatingBreastCancer.net) , **The Hallelujah Diet** George H. Malkmus, Peter Shockey, Stowe D. Shockey, 2006 Stressing the healing power of food and how its proper use restores the body to a natural healthy state this book provides life changing and life saving information recipes and eating plans Heal the Body Holistically Carolyn J. Williams, 2016-06-29 There is a transcendent awareness above the five senses that we relate to as common sense that is present and readily accessible to each and every one of us When we realize it we see it is the source of true peace good health happiness satisfaction courage and joy We ve got to feel connected to something bigger than ourselves Whether you call it god universal mind love presence divine spirit life energy there is a force that beats our hearts breathes our breaths keeps the sun shining The more we struggle to live the less we live Give up the notion that you must be sure of what you are doing Instead surrender to what is real within you by detoxifying meditating quieting the mind fasting and praying for that within is sure And yet we don t know how to access it we don t know how to bring it into our awareness We don t know how to manifest it or embody it Born Again Bodies R. Marie Griffith, 2004-10-04 Fat People Don t Go to Heaven screamed a headline in the tabloid Globe in November 2000 The story recounted the success of the Weigh Down Workshop the nation s largest Christian diet corporation and the subject of extensive press coverage from Larry King Live to the New Yorker In the United States today hundreds of thousands of people are making diet a religious duty by enrolling in Christian diet programs and reading Christian diet literature like What Would Jesus Eat and Fit for God Written with style and wit far ranging in its implications and rich with the stories of real people Born Again Bodies launches a provocative yet sensitive investigation into Christian fitness and diet culture Looking closely at both the religious roots of this movement and its present day incarnations R Marie Griffith vividly analyzes Christianity s intricate role in America s obsession with the body diet and fitness As she traces the underpinning of modern day beauty and slimness ideals as well as the bigotry against people who are overweight Griffith links seemingly disparate groups in American history including seventeenth century New England Puritans Progressive Era New Thought adherents and late twentieth century evangelical diet preachers *Forget the Die-Its; Learn to Live-It!* Karen Knox, 2007-12-01 A LIVE it program is designed for long term lifestyle improvements with the goal of optimum health physically mentally emotionally and spiritually Forget the Die its Learn to LIVE it will inspire and motivate you to make lifestyle changes one area at a time by sharing easy to understand information on topics like nutrient

density protein needs lethal labels rest and surrender water how to be thankful exercise sunshine and even goal setting A LIVE it program is based on principles education and encouragement advocating lifestyle changes for long term overall health improvement Education must precede motivation Before one can be moved into action there must be understanding Knowledge indeed creates the power to change From Birth Until Sunset Marie DiMercurio RT(R) MHSc,2021-03-25 Finally a book that tells the truth of how the standard American diet which has been adopted by most of the world has betrayed us and is destroying our bodies and complicating our health The SAD offers synthetic chemicals into our diet and environment which accumulates within the human body thus promoting disease A lifetime following the standard American diet and lifestyle could lead to an early death This book offers the learning process on how to get away from this destructive system which one can then have optimal health and freedom from allergies cravings food addictions and withdrawals The problems as well as the solutions are well explained This is one woman s journey from sickness to recovery which is needed by our society in this time of epidemics <http://frombirthuntilsunset.com>
