Dreams, Trances, Visions Dr. Philip D. Derber, 2015-06-11 In our modern culture we have everything from ATV's to MTV God will never be outdone by modern technology He has always had His DTV's dreams trances and visions which He uses to communicate His direction and deliverance for our lives In this book Dr Derber explores the Biblical basis for each of these and explains their purpose function and operation We don't pursue them merely to experience them but to better understand God's means of communication Although God's eternal Word is more than enough for our lives our supernatural God still chooses at times to speak to some of us in Dreams Trances and Visions *God's Communications* John

Discerning Life with Dreams: The Triadic Relationships Between Dreams, Discernment, and Spiritual Intelligence B. Anne Frey, 2008-01-23 This study explored the relationship between dreams discernment and spiritual intelligence It focused on the experience of people who use dreams to help them with spiritual discernment or decision making in a spiritual context A case study methodology included questionnaires personal dream records and interviews to understand the seven participants experiences of exploring their dreams for guidance Participants were self selected by answering an ad seeking people whose dreams had helped them to make a decision who journaled their dreams and who consider themselves to be spiritual Most participants reported being drawn to dreamwork by a significant life experience While participants shared different perceptions as to what discernment consists of each participant reported that dreams helped them to grow spiritually A number of outcomes were exemplified falling into two main groupings a the use of discernment in order to understand a dream whether or not they ended up reaching a resolution or making a decision about the dream and b the use of dreams as part of a discernment process whether or not the dreams helped them to resolve their discernment issue or make a decision The intensity of emotion attached to an issue seemed for some to render it more difficult to arrive at particular decisions For others dreams seemed to ease the burden of discernment or decision making by raising their degree of confidence towards their resolution or decision Deepening appreciation of and growing desire for living spiritually and learning more about spirituality were indicators of a developing spiritual intelligence For most spiritual growth occurred through knowledge or learning gained from their dreams For some their belief about God's role in their life impacted their experience of the Divine in their dreams Finally the study showed that individuals are not always aware of what had helped them suggesting a subconscious process at work in both discernment and decision making The study affirmed a triadic link between dreams discernment and spiritual intelligence among people involved in spiritual dreamwork It demonstrated ways by which the discernment process can build confidence in people who are turning to their dreams for guidance in a spiritual context **Understanding Your Revelations From God** Dr. Joe Ibojie, 2018-02-20 Delving Deeply into God Revealed Understanding Your Revelations From God A Training Manual for Every Dreamer Seer Watchman Intercessor and Prophet is

Circuit Riders Rimi Xhemajli,2021-06-22 In The Supernatural and the Circuit Riders Rimi Xhemajli shows how a small but passionate movement grew and shook the religious world through astonishing signs and wonders Beginning in the late eighteenth century early American Methodist preachers known as circuit riders were appointed to evangelize the American frontier by presenting an experiential gospel one that featured extraordinary phenomena that originated from God's Spirit In employing this evangelistic strategy of the gospel message fueled by supernatural displays Methodism rapidly expanded Despite beginning with only ten official circuit riders in the early 1770s by the early 1830s circuit riders had multiplied and caused Methodism to become the largest American denomination of its day In investigating the significance of the supernatural in the circuit rider ministry Xhemajli provides a new historical perspective through his eye opening demonstration of the correlation between the supernatural and the explosive membership growth of early American Methodism which fueled the Second Great Awakening In doing so he also prompts the consideration of the relevance and reproduction of such acts in the American church today **Spirit and Power** Donald E.
