Berland,Aparna Rao,2004-03-30 Social scientists have generally remained impervious to a major economic and cultural adaptation namely the peripatetic lifestyle although this adaptation has been an integral part of developments within the socioeconomic and cultural networks that social scientists study This lack of interest derives perhaps from the ambiguous integration of peripatetics into these networks as well as the often negatively charged constructs Gypsies outsiders or marginal others imposed on peripatetics by

dominant cultures As peddlers of the strange to borrow a phrase from Clifford Geertz peripatetics are situated at the fringes of their host societies and many students of the social ecological and behavioral sciences still continue to overlook the roles of peripatetic peoples This collection presents the latest in cross cultural comparative research on the nature of peripatetic peoples Contributors examine the place of peripatetic peoples in the everyday lives and diverse cognitive maps of client communities Relying on Georg Simmel s construct of The Stranger the contributors to this volume suggest that peripatetic peoples are simultaneously outsiders and insiders but most important they are entrepreneurial middlemen traders par excellence All told the essays provoke vital reassessments of the anthropological focus on the role and status of cultural brokers and go betweens in political economic and social interactions

The Image of God in the Garden of Eden Catherine L. McDowell, 2015-09-09 Catherine McDowell presents a detailed and insightful analysis of the creation of adam in Gen 2 5 3 24 in light of the Mesopotamian m s p p t p washing of the mouth opening of the mouth and the Egyptian wpt r opening of the mouth rituals for the creation of a divine image Parallels between the mouth washing and opening rituals and the Eden story suggest that the biblical author was comparing and contrasting human creation with the ritual creation animation and installation of a cult statue in order to redefine elem eloh m as a human being the living likeness of God tending and serving in the sacred garden McDowell also considers the explicit image and likeness language in Gen 1 26 27 Drawing from biblical and extrabiblical texts she demonstrates that elem and dem t define the divine human relationship first and foremost in terms of kinship To be created in the image and likeness of Elohim was to be metaphorically speaking God s royal sons and daughters While these royal qualities are explicit in Gen 1 McDowell persuasively argues that kinship is the primary metaphor Gen 1 uses to define humanity and its relationship to God Further she discusses critical issues noting the problems inherent in the traditional views on the dating and authorship of Gen 1 3 and the relationship between the two creation accounts Through a careful study of the t led t in Genesis she demonstrates that Gen 2 4 serves as both a hinge and a telescope the creation of humanity in Gen 2 5 3 24 should be understood as a detailed account of the events of Day 6 in Gen 1 When Gen 1 3 are read together as the final redactor intended these texts redefine the divine human relationship using three significant and theologically laden categories kinship kingship and cult Thus they provide an important lens through which to view the relationship between God and humanity as presented in the rest of the Bible Mani's Pictures Zsuzsanna

Gulácsi, 2016-04-18 The founder of Manichaeism Mani 216 274 277 CE not only wrote down his teachings to prevent their adulteration but also created a set of paintings the Book of Pictures to be used in the context of oral instruction That pictorial handscroll and its later editions became canonical art for Mani s followers for a millennium afterwards This richly illustrated study systematically explores the artistic culture of religious instruction of the Manichaeans based on textual and artistic

evidence It discusses the doctrinal themes soteriology prophetology theology and cosmology depicted in Mani's canonical pictures Moreover it identifies 10th century fragments of canonical picture books as well as select didactic images adapted to other non canonical art objects murals hanging scrolls mortuary banners and illuminated liturgical manuscripts in Uygur Central Asia and Tang Ming China *God & King, the Devarāja Cult in South Asian Art and Architecture* Grace Morley, 2005 Contributed papers presented in the Seminar held to commemorate the memory of Grace Morley the first director of National Museum India With reference to South and South East Asia God Pictures in Korean Contexts Laurel Kendall, Jongsung Yang, Yul Soo Yoon, 2015-09-30 Shamans walking on knives fairies riding on clouds kings with dragon mounts They are gods and they are paper images Some are repulsed and unsettled by shaman paintings some cannot stop collecting them and some use them as sites of veneration Laurel Kendall Jongsung Yang and Yul Soo Yoon explore what it is that makes a Korean shaman painting magical or sacred How does a picture carry the trace of a god and can it ever be just a painting again How have shaman paintings been revalued as art Do artfulness and magic ever intersect Does it matter as a matter of market value that the painting was once a sacred thing Navigating the journey shaman paintings make from painters studios to shaman shrines to private collections and museums the three authors deftly traverse the borderland between scholarly interests in the material dimension of religious practice and the circulation of art Illustrated with sixty images in color and black and white the book offers a new vantage point on the social life of things This is not a story of a collecting West and a disposing rest the primary collectors and commentators on Korean shaman paintings are South Koreans re imagining their own past in light of their own modernist sensibility It is a tale told with an awareness of both recent South Korean history and the problematic question of how the paintings are understood by different South Korean actors most particularly the shamans and collectors who share a common language and sometimes meet face to face

American Book Publishing Record Cumulative 1998 R R Bowker Publishing, 1999-03 **Greek Texts and Armenian Traditions** Francesca Gazzano, Lara Pagani, Giusto Traina, 2016-08-22 An interdisciplinary approach crucial as it is in most fields of research proves itself to be unescapable in the study of interactions between the ancient Armenian and Greek worlds and literatures The volume arises from such an awareness and collects papers presented in a conference which has been organized in 2013 at the University of Genova thanks to a cooperation with the Universit Paris Sorbonne following in the footsteps of a tradition inaugurated by Giancarlo Bolognesi in the years 80 and 90 The subject is explored from many points of view the topic of Armenian translations of Greek texts with considerations of a methodological nature and the discussion of case studies aspects which pertain to the historical context and the historiographical sources the wide theme of the Armenian reception of Biblical Christian and Byzantine literature and finally philological linguistic and lexical problems The aim of this kind of research is to exploit the cooperation among classical philologists linguists and Armenologists in order to face the challenge of investigating a subject which requires many different competences *Kalhār (white Water-lily)* Gouriswar
