*Hey, God! What Went Wrong and When Are You Going to Fix It?* Samuel D. G. Heath, 2009-05 Awarded an American Legion Scholarship I am also an award winning author and have published numerous articles and books Having attended several colleges and universities eventually earning my Ph D in Human Behavior I hold several life credentials in education earned during many years as an educator together with years spent working in the Aerospace Industry and other occupations But to call Einstein s famous equation  $E=MC^2$  incomplete because it does not account for life and death does seem quite extraordinary yet these remain the two greatest mysteries they have ever been denying us thus far a theory of everything The title of this book Hey God What went wrong and when are You going to fix it is a perfectly legitimate question and one that often comes to the minds of most of us We know something animates life and departs with death but what this something is not all our science has yet discovered though things like the Large Hadron Collider may provide needed insight and it has been in the pursuit of knowledge about these two greatest mysteries that has compelled me into so many varied academic studies and careers attempting to make sense of the world and our place in it and how people think and deal with the issues of life and death philosophically religiously and politically The things I have discovered along the way compelled me to much research and speculation about these mysteries and how they impact our lives to communicate my thoughts about them to others But there are many things some of them terribly wrong which we wish God would intervene and set right and question why He does not Some years ago I removed from the greater part of society to live in semi seclusion alone with my books and thoughts in a quiet part of the Sequoia National Forest devoting myself to contemplation speculating about many things and committing my thoughts in writing fulltime As a writer and author given to much introspection and fascinated by human behavior nature and our universe it was important to me to simplify my life as much as possible as anyone given to philosophical speculation about many things must That much of my writing covers some metaphysical thoughts about God angels and demons an afterlife and Biblical stories of origins of prophecies of the End Times and so much more have been absorbing studies as well and I freely share my thoughts about these in this volume *Awakening to God Year A* Fran Salone-Pelletier, 2004 These lively reflections on the lectionary readings for Year A affirm that all of us can listen for and hear God in the ordinary events of daily life In a personal poignant and persuasive manner Fran Salone Pelletier probes the readings to make God s word relevant to readers here and now *Chaucer's Chain of Love* Paul Beekman Taylor, 1996 This book explores the Chain of Love a Platonic metaphor for the invisible bond between Creator and Creation for the space between beginnings and ends of temporal succession and for the heard or unheard word between thought and deed or between contrition and satisfaction in the process of penitence **Creative Meditation** Dr. Joseph Murphy, 2009-11-11 BOOKS BY DR JOSEPH MURPHY The Amazing Laws of Cosmic Mind Power The Cosmic Energizer Miracle Power of the Universe The Cosmic Power Within You Great Bible Truths for Human Problems The Healing Power of Love How to Attract

**The New Revelation:** Zemfira Minaeva, Since ancient times man has used the trial and error method as the only available way of making decisions on all aspects of his life According to scientific data the trial and error method actually implies 99 99% mistakes This means that on average only one out of 10 000 attempts made by man is successful Such a poor efficiency does not leave human society with any chance to cope with the fast escalating challenges and threats of our time This book contains information on the groundbreaking discoveries that fundamentally alter our conception of the world and human capabilities By unifying science and religion the author of these discoveries has managed to develop inter alia a scientifically proven alternative to the trial and error method This new method of decision making demonstrates how to make each of man s trials successful and thereby increase the efficiency of any activity including spiritual dramatically up to 10 000 times For the first time in history humanity can be transfigured spiritually Mt 17 2 by using the extraordinary potential of the new knowledge This is the only way to intellectual and technological breakthroughs that can lead the world community to unprecedented prosperity and harmony instead of the abomination of desolation at the end of the age Mt 24 14 15

Helleberg,1988 Using her own personal experiences and spiritual struggles Marilyn Helleberg shows each reader how to find the special plan God has determined for her or his life and how to turn defeats and disappointments over to God Church Doctrine, Volume 2 Paul C. McGlasson,2014-08-04 The present volume is the second in a five volume study of church doctrine The multivolume set will cover the major parts of church doctrine Canon God Creation Reconciliation and Redemption The first volume now in print begins with an introduction to the entire project on why doctrine matters which stresses the ecumenical global and above all biblical horizons of church doctrine as a primary expression of Christian witness The purpose of this second volume can be simply stated to let God be God In a world in which the God of the Christian witness is often confused with the tribal god of religion a god who sets us against them who divides humanity into nations peoples regions races the gospel proclaims the living God of the Bible who fashions a new humanity on the earth This God in the freedom of his love elects to be for humanity and calls all humanity to live for him Church doctrine is not a luxury but a necessity for the living community of faith by which its witness in word and deed is tested against the one true measure of Christ the risen Lord **The Presence and Absence of God** Ingolf U. Dalferth,2009 Safeguarding the distinction between God and world has always been a basic interest of negative theology But sometimes it has overemphasized divine transcendence in a way that made it difficult to account for the sense of God s present activity and experienced actuality Criticisms of the Western metaphysics of presence have made this even more difficult to conceive On the other hand there has been a widespread attempt in recent years to base all theology on religious experience the Christian church celebrates God s presence in its central sacraments of baptism

and Eucharist process thought has re conceptualized God's presence in panentheistic terms and some have argued that God might be poly present not omnipresent But what does it mean to say that God is present or absent For Jews Christians and Moslems alike God is not an inference an absentee entity of which we can detect only faint traces in our world On the contrary God is present reality indeed the most present of all realities However belief in God's presence cannot ignore the widespread experience of God's absence Moreover there is little sense in speaking of God's absence if it cannot be distinguished from God's non presence or non existence So how are we to understand the sense of divine presence and absence in religious and everyday life This is what the essays in this volume explore in the biblical traditions in Jewish and Christian theology and philosophy and in contemporary philosophy of religion

shares his personal story and struggle in coming to terms with evolution and Christianity The House That God Built Zebedee King, 2016-02-27 By looking at the nightly news and simply observing for themselves the denigration of homes and communities across our country many would agree that family foundations are cracking and shifting out of place This has resulted in untold devastation within the home and our other social systems therefore many households and lives have simply given way and collapsed under the weight of a host of societal pressures Many believe that a generation of social experimentation along with our cultures fixation at redefining virtually every foundational institution especially the first human institution marriage are responsible for placing the family and society on very shaky ground indeed leaving a very dubious moral and economic legacy for successive generations When cracks begin to appear upon the walls of a house it may indicate a shifting or damaged foundation which may indicate poor foundation work As a result builders typically reexamine the blueprints the master plan to determine the manner and materials with which the house and foundations built in order to pinpoint and repair a weak or damaged foundation It is the authors conviction that in many households within society weak or faulty spiritual and moral foundations have been laid resulting in the cultural cataclysm we witness throughout our land In his book *The House that God Built Gods Master Plan for Marriage and His Blueprint for Blessing Book One of his Strong Foundation for Strong Families series* the author discusses the need for a RE Vision of marriage and the family but not by redefining replacing or removing these honorable foundations and pillars which have supported societies from the beginning of time Rather by employing the word RE Vision he calls for a refocus a fresh new look at Gods original design for the marriage and family This plan is found in Gods Holy Word specially the first two chapters of the Book of Genesis because this he feels is where marriage family and social systems began Therefore the book is a thorough exposition of the first chapters of Genesis which explore the motivations and the methods through which God Himself built His house the heavens and the earth This study provides keen spiritual and practical insights as to how we can build our homes according to Gods plans so as to receive His best blessings upon our homes and upon our communities **The Oxford Handbook of Theology,**
