God's Plan For Me

GOOD NEWS ABOUT CHRIST, THE KINGDOM OF GOD, AND SALVATION

The bible tells us God created everything, including you and me, and He is in charge of everything.

We all choose to disobey God. The bible calls this sin. Sin separates us from God and deserves God's punishment of death.

God sent Jesus, the perfect solution to our sin problem, to rescue us from the punishment we deserve. It's something we, as sinners, could never earn on our own. Jesus alone saves us.

He lived a perfect life, died on the cross for our sins, and rose again. Because Jesus gave up His life for us, we can be welcomed into God's family for eternity. This is the best gift ever!

Believe in your heart that Jesus alone saves you through what He's already done on the cross. Repent, turning from self and sin, to Jesus. Tell God and others that your faith is in Jesus.

Gods Others:

God's Others David Perlstein,2010-06-08 Gods Others Non Israelites Encounters with God in the Hebrew Bible reveals the stories of two dozen of the best kept secrets in what is often referred to as the Old Testamentthe foundation text for the three Abrahamic faiths Often overlooked or misunderstood these non Israelite individuals and groups encounter God through personal or historic revelations They include Melchizedek King of Salem Lot Abrahams nephew Hagar Abrahams concubine Laban Jacobs brother in law The Pharaoh of the Exodus Jethro Moses father in law Rahab harlot of Jericho The Queen of Sheba Ruth Nebuchadnezzar king of Babylon The Gentiles of Jonah Job Gods others demonstrate that people may approach God by many paths They show that claims to exclusive religious truth which often have pitted Jews Christians and Muslims against each other represent a misreading of the Hebrew Bible and the Jewish position of respect for others Traditional and modern commentary add depth to these biblical stories making them as accessible as they are fascinating [A God Like No Other: Depaganizing the God of the Hebrew Bible](#) David A. Brondos,2024-07-15 For centuries scholars and interpreters of the Hebrew Scriptures or Old Testament have read those Scriptures as if they spoke of a God whose desires concerns and interests were essentially no different than those of the other gods of antiquity known to us Like those gods what the God of Israel supposedly sought above all else was the honor worship and obedience of human beings and their submission to his will as his faithful and devoted servants While he undoubtedly demanded the practice of what was good right and merciful among his people in a way that set him apart from other gods ultimately he did so for his own sake in order to bring about in them the type of behavior that pleased him and compel them to live in conformity with his justice holiness and righteousness Those who sought to enjoy his blessings and avoid his fierce wrath and punishments had no choice but to strive to keep him content by observing all that he had commanded and making atonement for the sins and offenses they committed by offering him the sacrifices that appeased him Although he loved his people deeply his righteous and holy nature placed limits on that love and prevented him from showing them his favor unless the demands of his nature were satisfied When we abandon such an understanding of the God of Israel and instead read the Hebrew Bible on its own terms in order to grasp the logic underlying its narratives however a very different portrait of God emerges The God of whom the biblical texts speak is a God who desires nothing but the good for all those whom he has created and refuses to back down from his efforts to bring them to live in ways that will allow them to enjoy the wholeness and well being he desires for all when they insist on filling their lives with injustice suffering and violence When he demands that they obey all that he has commanded by practicing justice and compassion and avoiding behaviors that do them harm he does so not for his sake but for theirs If he jealously refuses to let his people serve and worship other gods it is only because those gods bring death and destruction rather than the life that is found in him alone While at times he must himself resort to violence and even bring down evil on human beings in order to put a stop to oppression and injustice he does so only because his passionate and unbending commitment to the well being of

all of the families of the earth together with his beloved people Israel will not allow him to hold back or relent in his efforts to save them not from him but from themselves Christian and Jewish readers alike will find in the present volume a God who is very different from the God they have been taught to encounter previously in the biblical texts a God whose ultimate concern is not for his own glory honor or worship or for the demands of a righteous and holy nature that holds him captive but for the healing wholeness and well being of all of his creatures Such an understanding of God not only calls into question traditional interpretations of the Hebrew Bible but also lays the basis for a fresh reading of the many difficult passages that have long challenged biblical interpreters due to the violent and troubling image of God that they convey

In the Twilight with God Benjamin W. Farley, 2014-11-19 Granted that God may exist how may God be defined in our time Addressing this issue Benjamin Farley explores a variety of belief systems Western and Eastern religious and skeptical Taking an approach that is both critical of religion as well as sympathetic Farley refuses to shy away from hard questions or to dismiss constructive answers that speak to the human condition He distinguishes human intellectual ascent towards God from humankind's innate and inner sense to know and relate to the living God demonstrating the efforts and rewards of both approaches in Christianity as well as in Hinduism Buddhism Taoism and Zen Alongside these more obviously religious approaches Farley reviews the methodologies and findings of today's greatest scientific minds including skeptics such as Hawking Dawkins and Wilson as well as their skeptical forerunners of the past He argues that belief in God can no more ignore the scientific truth about the universe than science can dismiss the spiritual yearnings and hunger of humanity for purpose meaning and its inescapable sense of the presence of God

Gods and Humans in the Ancient Near East Tyson L. Putthoff, 2020-11-05 In this book Tyson Putthoff explores the relationship between gods and humans and between divine nature and human nature in the Ancient Near East In this world gods lived among humans The two groups shared the world with one another each playing a special role in maintaining order in the cosmos Humans also shared aspects of a godlike nature Even in their natural condition humans enjoyed a taste of the divine state Indeed gods not only lived among humans but also they lived inside them taking up residence in the physical body As such human nature was actually a composite of humanity and divinity Putthoff offers new insights into the ancients understanding of humanity's relationship with the gods providing a comparative study of this phenomenon from the third millennium BCE to the first century CE

If Atheists Created God Andrew Mytaf, 2024-12-21 What kind of God would atheists create if tasked with envisioning a deity rooted entirely in logic physical reality and intuitive morality If Atheists Created God explores this bold question by addressing humanity's core moral dilemmas and examining the key arguments in debates between atheists and Christians At its core the book seeks to derive a rational backup version of God a hypothetical model of a deity that even ardent sceptics and atheists might consider a plausible and acceptable alternative This carefully reasoned philosophical framework envisions a concept of God that would not only align with human understanding but also foster the progress of civilisation This book will appeal to critical thinkers

philosophy enthusiasts and anyone seeking a rational approach to life's big questions. The author's clear prose makes complex ideas accessible without sacrificing depth. Prepare for an intellectual journey that challenges assumptions and expands minds, offering a rare opportunity to engage with profound concepts in a truly rational manner. Key topics explored include a fresh perspective on free will that resolves disputes between compatibilists and hard determinists; an innovative approach to natural evil which is considered unsolvable; a nuanced analysis of consciousness, personal identity, and the nature of the self; a rational framework for understanding ethical dilemmas and moral decision making; thought-provoking discussions on gender roles, hierarchy, and equality from evolutionary and philosophical viewpoints. The arguments presented are unprecedented and promise to ignite global debates. The author skilfully navigates complex terrain, offering readers a chance to reconsider their worldviews through rigorous logic and evidence-based reasoning. By applying analytical philosophy to age-old questions, he illuminates pathways for reconciling humanistic understanding with existential inquiries.

The End of Divine Truthiness: Love, Power, and God Paul Joseph Greene, 2017-08-01. In *The End of Divine Truthiness*, Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love. With urgent resolve, Greene answers Martin Luther King Jr.'s pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power. Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty. Wielding Stephen Colbert's word "truthiness" as a scalpel, Greene slices out one perilous theology after another to restore the wholesome truth that God is love. Supported by three world religions: Buddhism, Christianity, and Taoism, he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love. To reunify love and power here in the world as King challenges, it is time to abandon ideologies of divine power that devastate divine love and promote atrocities. Greene's call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love.

Initiation into the Mysteries of the Ancient World Jan N. Bremmer, 2014-07-28 The ancient Mysteries have long attracted the interest of scholars an interest that goes back at least to the time of the Reformation After a period of interest around the turn of the twentieth century recent decades have seen an important study of Walter Burkert 1987 Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place To do precisely that is the aim of this book It gives a thick description of the major Mysteries not only of the famous Eleusinian Mysteries but also those located at the interface of Greece and Anatolia the Mysteries of Samothrace

Imbros and Lemnos as well as those of the Corybants It then proceeds to look at the Orphic Bacchic Mysteries which have become increasingly better understood due to the many discoveries of new texts in the recent times Having looked at classical Greece we move on to the Roman Empire where we study not only the lesser Mysteries which we know especially from Pausanias but also the new ones of Isis and Mithras We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity Its detailed references and up to date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion but also for those scholars who work on initiation or esoteric rituals which were often inspired by the ancient Mysteries Lectures on Christian Theology. pieces in the puzzle of human nature It s undeniable that religion is a core tenet of human nature It is also true that our overwhelmingly religious species is also as atheistic as it s ever been Yet no scientific understanding of religion is complete without accounting for those who actively do not believe In this refreshing and revelatory book Gervais argues that religion is not an evolutionary puzzle so much as two evolutionary puzzles that can only be solved together First is the Puzzle of Faith the puzzle of how Homo sapiens and Homo sapiens alone came to be a religious species Second is the Puzzle of Atheism how disbelief in gods can exist within our uniquely religious species The result is a radically cohesive theory of both faith and atheism showing how we became a uniquely religious species and why many are now abandoning their belief Through a firsthand account of breakthroughs in the scientific study of atheism including key findings from cognitive science cultural evolution and evolutionary psychology Disbelief forces a rethinking of the prevailing theories of religion and reminds both believers and atheists of the shared psychologies that set them on their distinct religious trajectories In casual prose and with compelling examples Gervais explains how we became religious why we re leaving faith behind and how we can get along with others across the religious divides we ve culturally evolved
