**The Tangierman's Lament** Earl Swift, 2014-12-19 Go where the story is that's one tenet of journalism Earl Swift has had little trouble living up to In two decades of covering the commonwealth Swift has hiked canoed even spelunked a singular path through Virginia He has also stopped and listened This collection brings together some twenty Virginia tales wherein hardship is revealed as tragedy and humor appears as uncanny illuminating strangeness The Pulitzer nominated title story takes us to the Chesapeake island of Tangier home to a Methodist enclave over two hundred years old

with an economy almost wholly dependent on the blue crab The gradual exodus of the island s young people and the dwindling crab hauls point to an inevitable extinction that finds a dramatic metaphor in the erosion of the island itself which is literally disappearing beneath its inhabitants feet An epic piece of reporting When the Rain Came revisits the August night in 1969 when Hurricane Camille descended on Nelson and Rockbridge counties bringing with it a deluge of nearly Biblical proportions that killed 151 people It was later characterized by the Department of the Interior as one of the all time meteorological anomalies in the United States Swift looks beyond the extraordinary numbers to find the individual stories told to him by the people who still remember the trembling floorboards and rain too heavy to see or even breathe through Other stories include a nerve wracking inside look at the Pentagon on the morning of 9 11 the travails of a failed novelist turned folk art demigod an account of a 1929 Scott County tornado deemed the deadliest in Virginia history and a profile of Nelson County swami Master Charles who boasts a corps of meditative followers a mountain retreat in Nellysford and an incomplete resume Each piece reconfirms Virginia as a land uncommonly rich in stories and Earl Swift as one of its most perceptive and tireless chroniclers
