examine the causes of these conflicts the strategies and tactics used by the opposing armies and the impact of these battles on the course of Scottish history We will begin our journey with the Roman invasion of Scotland in the first century AD The Romans were one of the most powerful armies in the world and they were determined to conquer Scotland However the Scots were a fierce and determined people and they were not easily defeated The Roman invasion of Scotland was a long and bloody affair and it ended with the Romans being forced to withdraw We will then move on to the Wars of Independence which were fought between Scotland and England in the thirteenth and fourteenth centuries These wars were fought for the right of Scotland to be an independent nation The Scots were led by a number of great leaders including William Wallace and Robert the Bruce The English were led by a number of equally skilled leaders including Edward I and Edward III The Wars of Independence were a long and bloody struggle but in the end Scotland won its independence We will then examine the Jacobite risings which were a series of attempts by the Stuart dynasty to regain the Scottish throne The Jacobites were supported by a number of Highland clans and they fought bravely against the British government However the Jacobites were ultimately defeated and the Stuart dynasty was never restored to the Scottish throne Finally we will look at the impact of these wars and battles on the course of Scottish history These wars and battles have shaped Scotland s culture its politics and its identity They have helped to make Scotland the nation that it is today Scottish Wars and Battles is an essential read for anyone interested in Scottish history This book is packed with information and insights and it is sure to keep you entertained from beginning to end If you like this book write a review

Phantom Philip Warner, 1990-12-31 The story of the shadowy special reconnaissance unit whose intelligence helped the Allies win World War II. It operated in Italy Sicily Austria France Belgium Holland and Germany. It was at Dieppe with the Commandos in France with the SAS at Arnhem with Airborne and in Germany until the surrender. Phantom aka GHQ Liaison Regiment was one of the most secret and most effective of the wartime special regiments. It was formed in 1939 with the mission of finding out exactly where all the Allied forward positions were a task which required linguistic ability unlimited tact and radio expertise. After Dunkirk its squadrons at first kept an eye on all invasion points before deploying to Greece and to the Middle East. An indispensable direct communication link between the forward patrols and command headquarters its members were as varied and colorful as its tasks. Among them were a Cambridge college postgraduate three professors a famous actor playwright a film star a famous sculptor a steward of the Jockey Club a commissioner of the Metropolitan Police and numerous authors and journalists. This fascinating history goes beyond Phantom's aura of mystery and shows how it was so successful in its role of tracking both allied and enemy movements and relaying vital information direct to commanders.

A Cavalryman in the Crimea Philip Warner, 2009-11-15 Among the British troops bound for the Black Sea in May 1854 was a young officer in the 5th Dragoon Guards Richard Temple Godman who sent home throughout the entire Crimea campaign many detailed letters to his family at Park Hatch in Surrey. Temple Godman went out at the start of the war took part in the successful Charge of the Heavy Brigade at Balaklava and in other engagements and did not return to England until June 1856 after peace had been declared. He took three very individual horses and despite all his adventures brought them back unscathed. Godman's dispatches from the fields of war reveal his wide interests and varied experiences they range from the pleasures of riding in a foreign landscape smoking Turkish tobacco and overcoming boredom by donning comic dress and hunting wild dogs to the pain of seeing friends and horses die from battle disease deprivation and lack of medicines. He writes scathingly about the skein of rivalries between the Generals a good many muffs among the chiefs inaccurate and highly coloured newspaper reports and while critical of medical inefficiency regards women in hospitals as a sort of fanaticism. Yet at other times he will employ the pen of an artist in describing a scene or wax eloquent on the idiosyncrasies of horses. He is altogether a most gallant and sensitive young cavalryman and deservedly went on to achieve high rank after the war. Always fresh and easy to read his letters provide an unrivalled picture of what it was really like to be in the Crimea.
