Picturing Argentina: Myths, Movies, and the Peronist Vision Currie K. Thompson,2014-05-28 Although Juan Domingo Per n s central role in Argentine history and the need for an unbiased assessment of his impact on his nation s cinema are beyond dispute the existing scholarship on the subject is limited In recent decades Argentina has witnessed a revival of serious film study some of which has focused on the nation s classical movies and in one case on Peronism None of this work has been translated into English however This is the first English language book that offers an extensive assessment of Argentine cinema during first Peronism It is also the first study in any language that concentrates

systematically on the evolution of social attitudes reflected in Argentine movies throughout those years and that assesses the period's impact on subsequent filmmaking activity. By analyzing popular Argentine movies from this time through the prism of myth, second-order communication systems that present historically developed customs and attitudes as natural, the book traces the filmic construction of gender, criminality, race, the family, sports, and the military. It identifies in movies the development and evolution of mindsets and attitudes that may be construed as Peronist. By framing its consideration of films from the Peron years in the context of earlier and later ones, it demonstrates that this period accelerates and sometimes registers backward-looking responses to earlier progressive mythic shifts and it traces the development in the 1950s of a critical mindset that comes to fruition in the new cinema of the 1960s. *Picturing Argentina: Myths, Movies, and the Peronist Vision* is an important book for Latin American studies, film studies, and history collections.

Did They Rest in Peace?

Joseph William Lewis Jr. M.D., 2018-10-18. *Ashes to ashes, dust to dust*. By what miracle can an assortment of seemingly unrelated particles come together and correctly assemble to form a human being? Amazingly, once aggregated, these atoms, molecules, and compounds manage to interact reasonably coherently during our lives but seek to return to their dusty state when death occurs. Of the billions of our species who have existed on earth over the millennia, most have quietly and inexorably returned to ashes and dust when their term of life expired. This book tracks some of the misadventures of selected corpses, including burials that went awry, body snatching, exhumations, human relic collection, and assorted desecrations. Over the years, it seems that a remarkable number of bodies have failed to enjoy the admonition to Rest in Peace. Whether these aberrations in the burial process have disturbed the afterlife of the departed, everyone is dying to discover the answer.

Fangio. Pablo Morosi, 2025-08-22. Fangio fue sin dudas una leyenda del automovilismo: el quintuple campeón mundial de la Fórmula 1 es considerado uno de los más grandes pilotos de todos los tiempos. Esta biografía relata sus reconocidas proezas en las pistas, pero sobre todo, echa luz a las sombras y da voz a los silencios del hombre de carne y hueso detrás del volante. Ni el paso de los años ni la irrupción de nuevos corredores en la constelación del automovilismo internacional pudieron eclipsar a Juan Manuel Fangio. Su vida deportiva no deja de asombrar: entre 1938 y 1958 alcanzó 79 victorias y en la Fórmula 1 obtuvo cinco campeonatos con cuatro escuderías diferentes: Alfa Romeo, Maserati, Ferrari y Mercedes-Benz. Su desempeño fue simplemente arrollador y sigue despertando la pasión por el automovilismo tanto en los fanáticos de las carreras como en los nuevos pilotos argentinos. El periodista Pablo Morosi realizó una investigación exhaustiva y minuciosa sobre el piloto balcarceño que le demandó más de cien entrevistas y análisis de documentos y viejos archivos hasta ahora casi inaccesibles. El resultado es este relato atrapante que repasa la historia del Chueco desde su infancia y adolescencia en Balcarce, sus primeras competencias automovilísticas, la formación del Equipo Argentino y la gloria internacional hasta su posterior retiro como empresario y presidente de Mercedes-Benz Argentina. Sin embargo, la investigación no se detiene y se sumerge en los pliegues complejos de sus relaciones con numerosas mujeres y sus hijos no reconocidos. Su habil trato con el poder político de

turno los conservadores en Balcarce la relación con Perón y evita el acompañamiento a la Junta Militar presidida por Videla o su simpatía por Carlos Saúl Menem. El peculiar secuestro en Cuba es que su personalidad serena, el gran talento, la tenacidad, un extraordinario poder de concentración y la astucia hicieron de Fangio un piloto deslumbrante que aprendió a mantenerse firme, acelerar en las curvas, sacar pequeñas ventajas y sortear imprevistos. Ese hombre oculto detrás del volante que definió su trayectoria en pocas palabras: Es más difícil vivir que correr. Las carreras duran un par de horas, vivir dura toda la vida.

Juan Manuel Fangio : casualidad o causalidad Edgardo Samuel Berg, 2022-01-11. I believe that this is not just an investigative work. It is a fantastic journey that takes the readers from villa del Parque Reale, a location not far from Milano, and finishes on April 16th 1950 in San Remo. The journey has the main purpose to dig out Juan M Fangio's first stages after the Second World War and to understand how the man born in Balcarce could climb up until reaching the summit of the Racing Car world in less than four years. The focus of this incredible journey is not focussed when Fangio is part of the Formula 1 world but four years earlier. Nevertheless, to understand what was happening during the post-war Europe and in the opulent post-war Argentina can be only understood by surfing many pre-war events that happened in Europe, more precisely in Italy and Germany. A huge rivalry grew between these two allies whose outcome paved the way to the creation of the Formula 1 Championship. Within this atmosphere, the start of the Second war created the perfect environment for the appearance and growth of Argentinean names and figures. An Italian-rooted surname turned to be a fantastic help to reach sports and political goals. Notwithstanding, sports was not the only objective. Regimes copy regimes and where some fail, others try to succeed. Pursuing this objective, the Argentinean 1947-1950 regime concentrated its efforts on building up part of its power upon a tripod. As they were doing so, any success was shown up to the whole country. Money and propaganda went hand in hand. The war had left the Argentinean Central Bank loaded so any dream could be fulfilled. The question that started this journey was: Why was Fangio and not another driver the chosen one since the very beginning? We have learnt about his driving skills and abilities as well as mechanical knowledge. But most of the times, these skills seem not to be enough. A causal chain of events aligned in such a way that it allowed the Balcarce former TC driver and champion to climb to the top of the sportspeople Olympus. If you are willing and daring to step onto this journey in time and space, be my guest and discover whether Juan Manuel Fangio was a coincidence or a causality of the time and politics. Thanks for joining me.

Burning Rubber Charles Jennings, 2014-08-12. In *Burning Rubber*, Charles Jennings tells the fast and furious tale of motor sport's premier competition from its earliest roots in the suicidal road races of the Edwardian age to the brave new world of Hamilton, Button, Alonso and Vettel in the 2000s. In a narrative bristling with anecdote and incident, he explores the lost world of the 1950s racetrack, the rise of British constructors in the 1960s, the impact of technological changes from the late 1970s, the advent of the high profile team boss in the 1980s and the revolution wrought on Formula One by computers in the 1990s. Throughout, sparkling and incisive profiles shed revelatory light on the drivers who have risked life and limb.
