The Fantastic Return of the Fabulous Fable Factory Thomas Tierney, Joseph Robinette, 2006 Playbook *Challenges in Corpus Linguistics* Mark Kaunisto, Marco Schilk, 2024-09-15 This book contributes to the discussion of challenges faced in different areas of corpus linguistics namely the compilation annotation and analysis of linguistic corpora In a field of growing corpus sizes and expanding possibilities of gathering data some old issues persist while at the same time new problems have emerged As the compilation and study of language corpora gets increasingly sophisticated and complex continuous attention on ways of dealing with the data in question and challenges in text selection and interpretation is needed The contributions to this volume address problems relating to a variety of areas in corpus linguistic study including corpus annotation data variability learner language social media texts and database utilization The authors provide critical overviews and research based analyses discuss the nature of some of the common pitfalls and offer solutions to existing problems Critical Discourses of the Fantastic, 1712-1831 David Sandner, 2016-04-22 Challenging literary histories that locate the emergence of fantastic literature in the Romantic period David Sandner shows that tales of wonder and imagination were extremely popular throughout the eighteenth century Sandner engages contemporary critical definitions and defenses of eighteenth and early nineteenth century fantastic literature demonstrating that a century of debate and experimentation preceded the Romantic s interest in the creative imagination In *The Fairy Way of Writing* Joseph Addison first defines the literary use of the supernatural in a modern and rational age Other writers like Richard Hurd James Beattie Samuel Johnson James Percy and Walter Scott influence the shape of the fantastic by defining and describing the modern fantastic in relation to a fabulous and primitive past As the genre of the purely imaginary Sandner argues the fantastic functions as a discourse of the sublime imagination albeit a contested discourse that threatens to disrupt any attempt to ground the sublime in the realistic or sympathetic imagination His readings of works by authors such as Ann Radcliffe William Beckford Horace Walpole Mary Shelley Walter Scott and James Hogg not only redefine the antecedents of the fantastic but also offer a convincing account of how and why the fantastic came to be marginalized in the wake of the Enlightenment *Fantastic histories* Victoria Flood, 2024-05-28 *Fantastic Histories* explores the political and cultural contexts of the entry of fairies to the historical record in twelfth century England and the subsequent uses of fairy narratives in both insular and continental history and romance It traces the uses of the fairy as a contested marker of historicity and fictionality in the histories of Gerald of Wales and Walter Map the continental mirabilia of Gervase of Tilbury and the fourteenth and fifteenth century French M lusine romances and their early English reception Working across insular and continental source material *Fantastic Histories* explores the practices of history writing fiction making and the culturally determined boundaries of wonder that defined the limits of medieval history **The Woman Citizen** ,1924 **The Encyclopedia of Fantastic Film** R.
