

Far And Away

Far and away
In Gaia's dew you hide
Far and away
In ethereal mist you glide
Far and away
Through regions of natures rim
Far and away
Until the western ocean grows dim
Far and away

You travel through villages of yore
Far and away
Deep into the essence core
Far and away
'Til Hermes has lived life to full
Far and away
Distance tries it's magnetic pull...

Far And Away Poetry Ser:

Political Poetry in the Wake of the Second Spanish Republic Grant D. Moss, 2017-12-06 From notions of art for art's sake to committed poetry it may seem that poets cannot achieve reconciliation between the politics and poetry. However, among committed Communist poets of the 20th century of the Spanish speaking world, three poets stand out as examples of a search to bring together their political and their poetic commitments: Rafael Alberti, Nicolás Guillén, and Pablo Neruda. *Political Poetry in the Wake of the Second Spanish Republic* analyzes the simultaneous development of politics and poetics in these three Spanish language poets as it was nurtured by the Second Spanish Republic, 1931-1939. Beginning in these years, Alberti, Guillén, and Neruda strove to tackle the challenge of committing to their own independent poetic projects and to their politics at the same time. Later, these three poets maintained their Communist Party affiliation until their deaths and produced collections of quality poetry. Despite the differences in their overall poetic trajectories and projects, the ability to maneuver between politics and poetry without sacrificing either one is common among them. Because of their unique experiences during the time of the Second Spanish Republic in Spain, each author explicitly denounced the injustices that the opposing Francoist forces had committed against the Republic. After the fall of the Republic in 1939, Alberti, Guillén, and Neruda continued to intertwine their politics with their poems, only in a less obvious manner. Therefore, each could solidify his position within the poetic canon while at the same time each could maintain his position as a committed or at least card-carrying Communist.

The Traffic in Poems Meredith L. McGill, 2008 The transatlantic crossing of people and goods shaped nineteenth-century poetry in surprising ways that cannot be fully understood through the study of separate national literary traditions. American and British poetic cultures were bound by fascination, envy, influence, rivalry, recognition, and piracy, as well as by mutual fantasies about and competition over the Caribbean. Drawing on examples such as Felicia Hemans's elaboration of the foundational American myth of Plymouth Rock, Emma Lazarus's ambivalent welcome of Europe's cast-off populations, black abolitionist Mary Webb's European performances of *Hiawatha*, and American reprints of Robert Browning and George Meredith, the eleven essays in this book focus on poetic depictions of exile, slavery, immigration, and citizenship and explore the often asymmetrical traffic between British and American poetic cultures. **AN**

Many years later we find her reimagining a frightening feminine space where she contests the terrible fate of

Greek heroines In Cecilia Meireles we discover a writer at odds with her femininity who declares herself androgynous Like Mistral she too travelled extensively and we see her arguing against the wealth of capitalism and industrialization when she travels to the United States in 1940 Rosario Castellanos straightforwardly argues for women s procreative rights in almost all of her poetry And in an illuminating re reading of Mistral Castellanos allows the shadow of her predecessor to vocalize the tragedies of the inability to control woman s reproductive choices Book jacket
