Far Ends Of Time Earth:

The Far Ends of Time and Earth Isaac Asimov, 1979 Here are several of the author's debut fantasies *Ends of the Earth* Neil Shubin, 2025-02-04 The bestselling author of *Your Inner Fish* takes readers on an epic adventure to the North and South Poles to reveal the secrets locked in the ice about life, the cosmos, and our planet's future. Renowned scientist Neil Shubin has made extraordinary discoveries by leading scientific expeditions to the sweeping ice landscapes of the Arctic and Antarctic. He's survived polar storms, traveled in temperatures that can freeze flesh in seconds, and worked hundreds of miles from the nearest humans all to deepen our understanding of our world. Written with infectious enthusiasm and irresistible curiosity, *Ends of the Earth* blends travel writing, science, and history in a book brimming with surprising and wonderful discoveries. Shubin retraces his steps on a dinosaur dance floor, showing us where these beasts had populated the once-tropical lands at the poles. He takes readers meteor hunting, as meteorites preserved in the ice can be older than our planet, and can tell us about our galaxy's formation. Readers also encounter insects and fish that develop their own anti-freeze and aquatic life in ancient lakes hidden miles under the ice that haven't seen the surface in centuries. It turns out that explorers and scientists have found these extreme environments as prime ground for making scientific breakthroughs across a vast range of knowledge. Shubin shares unforgettable moments from centuries of expeditions to reveal just how far scientists will go to understand polar regions. In the end, what happens at the poles does not stay in the poles; the ends of the earth offer profound stories that will forever change our view of life and the entire planet.

Far Ends of Time and Earth Isaac Asimov, 1955 Ends of the Earth Ian P. Buckingham, 2020-12-01 This is the second book in the Changeling Saga, the tale of an enchanted family's battle with dark magic and an accursed past. Healing from the wounds caused by generations of cruel separation, climaxing with the Battle of Berkhamsted Castle in ancient Ashridge Forest, the quest to track down the source of the poison still flowing from the Firehills and infecting their ancient Cornish family line continues. As the danger of the pandemic grows, they are once again compelled to divide their forces and, in the process, test the strength of their renewed bond. But even as they learn to master their unique changeling powers and abilities, gain wisdom, and uncover more allies during the course of their trials, will fellowship be enough to keep them from the clutches of the corrupting evil still lurking in plain sight, as well as in the shadowy, unexplored, and feared places.
