The Far Ends of Time and Earth Isaac Asimov, 1979 Here are several of the author's debut fantasies
Time and Earth Isaac Asimov, 1955 *Did Time Begin? Will Time End?* Paul H. Frampton, 2010 Physics
Ends of the Earth Neil Shubin, 2025-02-04 The bestselling author of *Your Inner Fish* takes readers on an epic adventure to the North and South Poles to reveal the secrets locked in the ice about life, the cosmos, and our planet's future. Renowned scientist Neil Shubin has made extraordinary discoveries by leading scientific expeditions to the sweeping ice landscapes of the Arctic and Antarctic. He's survived polar storms, traveled in temperatures that can freeze flesh in seconds, and worked hundreds of miles from the nearest humans all to deepen our understanding of our world. Written with infectious enthusiasm and irresistible curiosity, *Ends of the Earth* blends travel, writing, science, and history in a book brimming with surprising and wonderful discoveries. Shubin retraces his steps on a dinosaur dance floor, showing us where these beasts had populated the once-tropical lands at the poles. He takes readers meteor hunting, as meteorites preserved in the ice can be older than our planet, and can tell us about our galaxy's formation. Readers also encounter insects and fish that develop their own anti-freeze and aquatic life in ancient lakes hidden miles under the ice that haven't seen the surface in centuries. It turns out that explorers and scientists have found these extreme environments as prime ground for making scientific breakthroughs across a vast range of knowledge. Shubin shares unforgettable moments from centuries of expeditions to reveal just how far scientists will go to understand polar regions. In the end, what happens at the poles does not stay in the poles; the ends of the earth offer profound stories that will forever change our view of life and the entire planet.
Madhouse at the End of the Earth Julian Sancton, 2021-05-04 NEW YORK TIMES BESTSELLER The exquisitely researched and deeply engrossing *The New York Times* true survival story of an early polar expedition that went terribly awry with the ship frozen in ice and the crew trapped inside for the entire sunless Antarctic winter. The energy of the narrative never flags. Sancton has produced a thriller. *The Wall Street Journal* In August 1897, the young Belgian commandant Adrien de Gerlache set sail for a three-year expedition aboard the good ship *Belgica* with dreams of glory. His destination was the uncharted end of the earth, the icy continent of Antarctica. But de Gerlache's plans to be first to the magnetic South Pole would swiftly go awry. After a series of costly setbacks, the commandant faced two bad options: turn back in defeat and spare his men the devastating Antarctic winter, or recklessly chase fame by sailing deeper into the freezing waters. De Gerlache sailed on, and soon the *Belgica* was stuck fast in the icy hold of the Bellingshausen Sea. When the sun set on the magnificent polar landscape one last time, the ship's occupants were condemned to months of endless night. In the darkness, plagued by a mysterious illness and besieged by monotony, they descended into madness. In *Madhouse at the End of the Earth*, Julian Sancton unfolds an epic story of adventure and horror for the ages. As the *Belgica*'s men teetered on the brink, de Gerlache relied increasingly on two young officers whose friendship had blossomed in captivity: the expedition's lone American, Dr. Frederick Cook, half-genius, half-con-

man whose later infamy would overshadow his brilliance on the Belgica and the ship's first mate soon to be legendary Roald Amundsen even in his youth the storybook picture of a sailor Together they would plan a last ditch nearly certain to fail escape from the ice one that would either etch their names in history or doom them to a terrible fate at the ocean's bottom Drawing on the diaries and journals of the Belgica's crew and with exclusive access to the ship's logbook Sancton brings novelistic flair to a story of human extremes one so remarkable that even today NASA studies it for research on isolation for future missions to Mars Equal parts maritime thriller and gothic horror Madhouse at the End of the Earth is an unforgettable journey into the deep *Far From This Earth* Chad Oliver,2015-07-30 *Far From This Earth* and *Other Stories* is volume 2 of a collection of Chad Oliver's SF containing the following Stardust Let Me Live in a House Field Expedient Transformer If Now You Grieve a Little Anachronism North Wind Pilgrimage The Wind Blows Free Of Course Rite of Passage Didn't He Ramble Second Nature Ghost Town End of the Line Just Like a Man *Far From This Earth* King of the Hill Meanwhile Back on the Reservation A Lake of Summer *Deciphering End-time Prophetic Codes* Perry Stone,2015 Cyclical and historical biblical patterns reveal America's past present and future events including warnings and patterns to leaders **The Hermit of Far End** Margaret Pedler,2021-04-25 In *The Hermit of Far End* Margaret Pedler crafts a compelling narrative that intertwines elements of romance and psychological exploration against the backdrop of the English countryside The story revolves around a mysterious recluse living on the fringes of society probing themes of solitude redemption and the human condition Pedler's lyrical prose and richly evocative descriptions create a vivid landscape that captivates readers while her skillful character development encourages a profound empathetic engagement with the protagonist's inner turmoil and quest for belonging The novel can be contextualized within the early 20th century genre of psychological fiction reflecting the era's growing fascination with the complexities of the human psyche Margaret Pedler was a notable figure among early 20th century writers celebrated for her keen observation of social dynamics and the intricacies of personal relationships Her own experiences including her time as a nurse during World War I undoubtedly informed her understanding of isolation and emotional resilience themes that permeate *The Hermit of Far End* This novel exemplifies her ability to blend poignant storytelling with profound insights into human nature reflecting the author's own exploration of life's dichotomies I highly recommend *The Hermit of Far End* to readers who appreciate literary works that delve into the depths of character psychology while offering a rich tapestry of setting and societal commentary Pedler's unique voice and the intricate interplay of themes make this novel a poignant exploration of what it means to be truly seen and understood **To the Ends of the Earth** Paul Theroux,1994-04-02 There are those who think that Paul Theroux is the finest travel writer working in English This collection can only enhance that reputation The New York Times Book Review Author and travel writer Paul Theroux does what no one else can he travels to the isolated unusual and fascinating spots of the world and creates an elegy to them that makes readers feel they are traveling with him Evocative breathtaking intriguing here is the armchair traveler's guide to

Understanding the New Testament and the End Times, Second Edition Rob Dalrymple, 2018-04-16 Many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church nor of the scholarly world today For some this has led to a disillusionment with eschatological speculations For others the results are apathy and a failure to understand the mission of God s people This is tragic For when the entirety of the New Testament is read and understood from an eschatological perspective the grand narrative of Scripture and its fulfillment in Jesus comes clearly into focus A proper framework for understanding eschatology directly correlates to a proper understanding of the mission of God s people who are themselves carrying forth the biblical story as we approach the New Jerusalem To fail to comprehend eschatology is to fail to comprehend our mission This book has two objectives First to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview Second to demonstrate that a proper eschatological framework relates to the mission of God s people and the demand for holiness Thus eschatology matters

Prophecy Wayne J. Bentley, 2022-08-25 Prophecy Now through End Times starts with the Great Apostasy a falling away and continues to explain the events of Revelation in order up to the Return of Jesus If Jesus did not return the events explained in this text would lead to the extinction of humanity Jesus said No flesh shall be saved Humanity ends it is an extinction event The events leading up to Jesus s return have the days shortened and the Earth tilting four times killing off most of humanity Everyone in Asia dies except the two hundred million man army that is attacking Israel when Jesus returns Here in the United States the coastlines will be destroyed by an object from outer space that hits the Earth and sends tidal waves around the globe The heartland will survive with the help of the Church of Philadelphia There is little to zero trade between the countries of the world because the object from space destroys the ships The Antichrist rules in the revived Holy Roman Empire and declares himself god He kills every Catholic in his empire and attacks Israel Jesus said Watch that you may be accounted worthy to escape all these things <https://www.prophecynowtoendtimes.com>

To the Ends of the Earth David Yallop, 2014-10-23 ON Friday 27th June 1975 a young Venezuelan burst from a Paris apartment straight into the world s headlines He left for dead four men He had previously blithely lobbed a grenade into a crowded cafe attempted to

assassinate the president of the Zionist Federation of Great Britain seized the French Embassy in Holland and launched two rocket attacks on planes at Orly airport His crimes were apparently endless He went on the kidnap the OPEC ministers in Vienna He is known to the world as Carlos The press dubbed him the Jackal Security forces consider him The World's Most Wanted Man Favid Yallop tracked Carlos down to a small village in the Bekaa Valley outside war torn Beirut Through two long nights he listened to part of Carlos's story Then under tragic circumstances the trail went dead For the next seven years Yallop tried to rediscover Carlos the Jackal but what began as a manhunt became a journey into a frightening world of terrorism espionage and Middle Eastern politics Drawing on the investigative skills that made *In God's Name* an international bestseller written with clarity passion and humanity To the Ends of the Earth is a monumental and riveting book a pursuit of truth that is destined to become a classic

An Outline of the End Times PT Nicholson, 2016-12-15 An Outline of the End Times is written by a layperson for laypeople In an attempt to be comprehensive yet concise and thorough PT Nicholson explores prophetic scripture in relation to the end times He weighs up counterarguments of key issues that divide Christians regarding the tribulation and the millennium and carefully synthesizes an outline of events without overlooking difficulties Combined with exhaustive scripture references he uses charts tables maps sketches and graphs to explain issues and analyse topics as succinctly as possible About 25 percent of the Bible is prophecy and according to a well known and respected scholar on Bible prophecy John Walvoord five hundred of one thousand prophetic events remain unfulfilled Yet many Christians have only a vague notion of how end time events will unfold due to inadequate teaching and a shortage of comprehensively researched books on the subject An Outline of the End Times serves as a reference resource to help meet this need

The Rapture, the End-times and the Millennium Russell R. Standish, Colin D. Standish, 2004 Volume seven of the Antichrist Septenate takes up issues crucial to our understanding of the final events preceding the return of our Lord and Savior Jesus Christ

End Times to 2019 David Montaigne, 2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible's seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don't let someone else tell you which parts you should focus on No this isn't what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren't meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events

The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book s publication would not have been tolerated by those in power But by now it doesn t matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24 36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more

End Times Matrix (Including the Revelation) Roy Stout,2022-09-16 Although Roy Stout is well into his eighth decade in life he has never received a complete education of the Book of Revelation Although many bible study groups and even pastors seem to steer clear of this important book Roy believes there is a wealth of knowledge to be unearthed within the scripture Through careful research Roy shares interesting tidbits of wisdom and contemplates other possibilities for believers about end times that include The Jews will inherit the earth that has no sea The Christians will inherit The New Jerusalem a cube suspended in space Everybody s name is written in the book of life Christ will make His third visit to earth before and after the tribulation Earth s population will be cut in half to four billion not including the war of Armageddon where millions will attack Israel or the Gog war where Gog the prince of Meshesh the ancient name of Moscow and Tubal attacks Israel In this fascinating study the subject of end times is presented in a clear cut manner that will help Christians fully understand the complex Book of Revelation
