Some Poems of North Dakota and Massachusetts Thomas T. Johnston, 1923 *Hunting Men* Dave Smith, 2006-12-01 In *Hunting Men* poet Dave Smith reasserts the validity of poetry in our times With eloquence grace and a searching intelligence Smith illuminates both poems and poets Believing that great poetry cannot be divorced from an intimate organic link to place he builds a compelling case for the importance of southern poets Like the hunters who taught Smith as a young man patience observation and willingness to rely on his senses he leads readers on an expedition through a specific poetic place with a sure sense of direction and destination Beginning with a discussion of southern poetry that seeks to define the form and its value for a global readership the first of the book's three sections also includes reflections on Edgar Allan Poe John Crowe Ransom Robert Penn Warren and James Dickey In the second part Smith focuses on contemporary poets Richard Hugo Stephen Dunn Stephen Dobyns and Larry Levis among others In the final chapters he examines how he came to be a poet and reflects on the nature and practice of poetry Smith describes himself as a poet born and raised in the South but never entirely comfortable with the neighborhood or many of the public assumptions about southernness By describing why southern poetry is important to him he reveals why poetry matters to all of us as he asserts the moral weight of regional art My success if it occurs will be to send readers to the books of the poets where the world as they knew it waits and is full of the delights of the unglimped and known
