

# Fascism In Europe

**Frederik Forrai Ørskov**

## **Fascism In Europe:**

*Fascism in Europe* S.J. Woolf, 2020-09-10 What was fascism why did it gain support between the wars and could it happen again This collection of essays published in 1981 by leading authorities on the subject offers a comprehensive study of European fascism with a detailed analysis of its roots its extraordinary strength between the two world wars and its prospects in modern Europe The essays discuss the economic political and social conditions out of which individual fascist movements arose the crucial problem of why a few fascist parties succeeded but most failed The essays on Italy Germany and Spain examine the continuities and contradictions between the fascist movements in opposition and the fascist regimes in power The introductory and conclusive essays are concerned with the overall problem of the historical nature of the fascist phenomenon but all the papers address themselves directly to this theme testing the generalizations made by social scientists against the historical experiences of individual countries Besides Italy and Germany which harboured the major fascist movements the countries discussed range from those with traditional parliamentary democracies such as England France Belgium and Norway to the new states which emerged from the collapse of the central European empires such as Austria Hungary Romania and Poland Originally published in 1968 under the title *European Fascism* this survey acquired a worldwide reputation for its excellent and wide ranging account of the history role and functions of fascism in Europe The present edition contains six new or wholly re written essays and three substantially revised ones

**Fascism in Europe, 1919-1945** Philip Morgan, 2003 *Fascism in Europe 1919 1945* surveys the phenomenon which is still the object of interest and debate over fifty years after its defeat in the Second World War It introduces the recent scholarship and continuing debates on the nature of fascism as well as the often contentious contributions by foreign historians and political scientists From the pre First World War intellectual origins of Fascism to its demise in 1945 this book examines the two waves of fascism in the immediate post war period and in the late 1920s and early 1930s whether the European crisis created by the Treaty of Versailles allowed fascism to take root why fascism came to power in Italy and Germany but not anywhere else in Europe fascism s own claim to be an international and internationalist movement the idea of totalitarianism as the most useful and appropriate way of analyzing the fascist regimes

**The Civic Foundations of Fascism in Europe** Dylan Riley, 2010-03-01 Dylan Riley reconceptualizes the nature and origins of interwar fascism in this remarkable investigation of the connection between civil society and authoritarianism From the late nineteenth century to World War I voluntary associations exploded across Europe especially among rural non elites But the development of this civil society did not produce liberal democracy in Italy Spain and Romania Instead Riley finds that it undermined the nascent liberal regimes in these countries and was a central cause of the rise of fascism Developing an original synthesis of Gramsci and Tocqueville Riley explains this surprising outcome by arguing that the development of political organizations in the three nations failed to keep pace with the proliferation of voluntary associations leading to a crisis of political representation to which fascism

developed as a response His argument shows how different forms of fascism in Italy Spain and Romania arose in response to the divergent paths taken by civil society development in each nation Presenting the seemingly paradoxical argument that the rapid development of civil society facilitated the rise of fascism in Italy Spain and Romania Riley credibly challenges the notion that a strong civil society necessarily leads to the development of liberal democracy Scholars and students interested in debates about the rise of fascism and authoritarianism democratization civil society and comparative and historical methods will find his arguments compelling and his conclusions challenging

**Fascism without Borders** Arnd Bauerkämper,Grzegorz Rossoliński-Liebe,2017-05-01 It is one of the great ironies of the history of fascism that despite their fascination with ultra nationalism its adherents understood themselves as members of a transnational political movement While a true Fascist International has never been established European fascists shared common goals and sentiments as well as similar worldviews They also drew on each other for support and motivation even though relations among them were not free from misunderstandings and conflicts Through a series of fascinating case studies this expansive collection examines fascism s transnational dimension from the movements inspired by the early example of Fascist Italy to the international antifascist organizations that emerged in subsequent years

Fascism and the Right in Europe 1919-1945 Martin Blinkhorn,2014-07-22 This new text places interwar European fascism squarely in its historical context and analyses its relationship with other right wing authoritarian movements and regimes Beginning with the ideological roots of fascism in pre 1914 Europe Martin Blinkhorn turns to the problem torn Europe of 1919 to 1939 in order to explain why fascism emerged and why in some settings it flourished while in others it did not In doing so he considers not just the major fascist movements and regimes of Italy and Germany but the entire range of fascist and authoritarian ideas movements and regimes present in the Europe of 1919 1945

**Enterprise in the Period of Fascism in Europe** Harold James,Jakob Tanner,2017-07-05 The essays in this volume consider the involvement of business corporations and of individual businessmen in the politics of the 1930s and 1940s in the move away from the market and also from democracy towards state control and authoritarianism including the massive intervention of the state in property rights How far did businesses attempt to guide this intervention for their own purposes and to what extent did they succeed This debate deals centrally with the role of German business of banks of industrial corporations and of small tradesmen in the Nazi regime An older discussion of how they may have facilitated the Nazi takeover has been supplemented here by an investigation into how they made the regime s policies possible and the extent to which the profit motive drove them to participate with sometimes more sometimes less enthusiasm in the politics of inhumanity Such discussion has been given further impetus by legal action initially in the United States in the form of class action suits on behalf of the victims of Nazism What do such legal and political debates mean for business history What are the current responsibilities of business facing the consequences of historical action And what lessons should be learned concerning the ethics of business behaviour The contributions to this

volume were originally presented as papers at a conference organised by the Society for European Business History in Paris in November 1998

**The Rise of Fascism** Nova Ashford, The end of World War I in 1918 marked a significant turning point in European history The war left much of the continent in ruins both physically and economically and set the stage for the rise of fascist ideologies in the years that followed The Treaty of Versailles signed in 1919 officially ended the war but imposed harsh penalties on Germany including territorial losses military restrictions and heavy reparations This treaty not only created economic hardship but also fostered a deep sense of resentment and humiliation among the German population which would later be exploited by Adolf Hitler and the Nazi Party Europe's social fabric was also torn by the consequences of the war Millions of soldiers and civilians had lost their lives and entire generations were left scarred by the brutality of the conflict This loss of life and the devastation of entire communities created a climate of disillusionment and distrust in established political systems Many people particularly veterans and the working class found themselves struggling to adapt to the post war reality The economic situation in many countries particularly in Germany and Italy was dire Inflation unemployment and a lack of basic resources contributed to widespread unrest and a sense of betrayal among the populace The Russian Revolution of 1917 had already shown the potential for radical change as Bolsheviks overthrew the Russian monarchy and established a communist regime The success of the Bolshevik Revolution created fear and anxiety across Europe particularly among the upper classes and conservative elites This fear of communism led to a reactionary shift in politics with many turning to fascism as a way to safeguard national interests and prevent the spread of socialist ideologies

**Who Were the Fascists** Stein Ugelvik Larsen, Bernt Hagtvet, Jan Petter Myklebust, 1980 *World Fascism* Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale *World Fascism A Historical Encyclopedia* covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal *Beyond the Fascist Century* Constantin Iordachi, Aristotle Kallis, 2020-11-11 This book evaluates the current and future state of fascism studies reflecting on the first

hundred years of fascism and looking ahead to a new era in which fascism studies increasingly faces fresh questions concerning its relevance and the potential reappearance of fascism This wide ranging work celebrates Roger Griffin s contributions to fascism studies in conceptual and definitional terms but also in advancing our understanding of fascism which have informed related research in a number of fields and directions since the 1990s Bringing together three generations of fascism scholars the book offers a combination of broad conceptual essays and contributions focusing on particular themes and facets of fascism The book features chapters which although diverse in their approaches explore Griffin s work while also engaging critically with other schools of thought As such it identifies new avenues of research in fascism studies placing Griffin s work within the context of new and emerging voices in the field

**Women, Gender, and Fascism in Europe, 1919-45** Kevin Passmore,2003 Investigates the role of women and gender in fascist and non fascist movements of the extreme right The text re examines the nature of the extreme right in the light of research in the field of women s and gender studies offering an accessible overview of developments in Europe

**Conflict, Communism and Fascism** Frank McDonough,2001-01-04 An engaging range of period texts and theme books for AS and A Level history The period 1890 to 1945 witnessed such momentous events in European history as the Russian Revolution and the First and Second World Wars It also saw the rise and fall of Hitler s Nazi Germany and Mussolini s Fascist Italy In this accessible and stimulating text Frank McDonough concentrates on a number of key themes the conflict which produced the two world wars the road to the Russian Revolution and the fascist regimes in Germany and Italy The text also examines the main historical debates surrounding these topics Conflict communism and fascism includes a document study section on Nazi Germany 1933 1945

**Catholicism and Fascism in Europe 1918 - 1945** Jan Nelis,Anne Morelli,Danny Praet,2015-05-01 Die im vorliegenden Band versammelten Aufs tze analysieren die vielf ltige Art und Weise wie der Vatikan die nationalen Kirchen und einzelne Katholiken mit dem Aufstieg der extremen Rechten in Europa w hrend der 1920er 1930er und fr hen 1940er Jahre umgingen vom Ende des Ersten Weltkriegs der mit Recht als einer der wichtigsten Katalysatoren des europ ischen Faschismus in der Zwischenkriegszeit gilt bis zum Schluss und zu den unmittelbaren Nachwirkungen des Zweiten Weltkriegs W hrend einige Aufs tze sich auf theoretische methodologische Probleme konzentrieren besch ftigen sich die meisten Beitr ge mit jeweils einem Land oder einer Region wo eine faschistische Bewegung oder ein solches Regime zwischen den Kriegen und w hrend des Zweiten Weltkriegs erfolgreich war und wo es gleichzeitig eine signifikante katholische Pr senz in der Gesellschaft gab Fast ganz Europa wird behandelt ein beispielloses Unternehmen und eine gro e Zahl wichtiger Kontexte und Methoden wird untersucht So wirken die Beitr ge mit an der allgemeinen Entwicklung eines interpretativen Cluster Modells das eine Reihe von Grundmustern der Forschung vereinigt und zuk nftige Untersuchungen anregen wird The papers presented in this volume analyse the many ways in which the Vatican national Churches and individual catholics dealt with the rise of the extreme right in Europe throughout the 1920s 1930s and early 1940s from the end of the First World War

arguably one of the main catalysts of European interwar fascism to the conclusion and immediate aftermath of the Second World War While a number of papers focus primarily on theoretical methodological issues pertaining to the book s general theme the majority of papers focus on either a country or region where a fascist movement or regime flourished between the wars and during the Second World War and where there was a significant catholic presence in society The various chapters cover almost the entire European continent an endeavour that is unprecedented and they explore a wide range of relevant contexts and methodologies thus further contributing to the general development of an interpretive cluster model that incorporates a series of investigative matrixes and that will hopefully inspire future research

### **The Interwar World**

Andrew Denning, Heidi J.S. Tworek, 2023-08-29 The Interwar World collects an international group of over 50 contributors to discuss analyze and interpret this crucial period in twentieth century history A comprehensive understanding of the interwar era has been limited by Euro American approaches and strict adherence to the temporal limits of the world wars The volume s contributors challenge the era s accepted temporal and geographic framings by privileging global processes and interactions Each contribution takes a global thematic approach integrating world regions into a shared narrative Three central questions frame the chapters First when was the interwar Viewed globally the years 1918 and 1939 are arbitrary limits and the volume explicitly engages with the artificiality of the temporal framework while closely examining the specific dynamics of the 1920s and 1930s Second where was the interwar Contributors use global history methodologies and training in varied world regions to decenter Euro American frameworks engaging directly with the usefulness of the interwar as both an era and an analytical category Third how global was the interwar Authors trace accelerating connections in areas such as public health and mass culture counterbalanced by processes of economic protectionism exclusive nationalism and limits to migration By approaching the era thematically the volume disaggregates and interrogates the meaning of the global in this era As a comprehensive guide this volume offers overviews of key themes of the interwar period for undergraduates while offering up to date historiographical insights for postgraduates and scholars interested in this pivotal period in global history

*National Socialist Cultural Diplomacy* Frederik Forrai Ørskov, 2025-06-30 National Socialist Cultural Diplomacy provides the first comprehensive account of the German Nordic Writers House From 1934 to 1939 young Scandinavian and Finnish writers spent summers at a seaside villa in Travemünde mingling with representatives of the new German literature to enjoy beach days excursions in the Third Reich and evening discussions on literature politics and comradeship The book treats the Writers House as a case study of National Socialist cultural diplomacy offering fresh insights on the ways in which semi official cultural mediators addressed navigated and were constrained by a dilemma central to all cultural diplomacy but more urgently so in the case of totalitarian regimes like the Third Reich that in order to be perceived as legitimate culture cannot be too obviously circumscribed by politics while cultural autonomy comes with a lack of control that does not sit well with totalitarian regimes Between the prevalent ideal in the Nordic cultural sphere that culture stands apart from politics on the

one hand and the political aims of official German diplomacy on the other the institution showcases the constraints faced by aspiring cultural diplomats in the Third Reich and the strategies with which the Writers House s organizers addressed them With the Writers House as a prism National Socialist Cultural Diplomacy also offers a case study of the fault lines that emerged in the Nordic literary sphere with the post 1933 ideologization of the German literary field its institutions and its lucrative book market At stake was the role and identity of the literary intellectual the proper relationship between culture economics and politics and for some of the visiting writers whether to place consciousness over comradeship This book will be of interest to researchers of Nazism social and cultural history and the history of the extreme right **Europe's 1968**

Robert Gildea,James Mark,Anette Warring,2017-02-09 By the late 1960s in a Europe divided by the Cold War and challenged by global revolution in Latin America Asia and Africa thousands of young people threw themselves into activism to change both the world and themselves This new and exciting study of Europe s 1968 is based on the rich oral histories of nearly 500 former activists collected by an international team of historians across fourteen countries Activists own voices reflect on how they were drawn into activism how they worked and struggled together how they combined the political and the personal in their lives and the pride or regret with which they look back on those momentous years Themes explored include generational revolt and activists relationship with their families the meanings of revolution transnational encounters and spaces of revolt faith and radicalism dropping out gender and sexuality and revolutionary violence Focussing on the way in which the activists themselves made sense of their revolt this work makes a major contribution to both oral history and memory studies This ambitious study ranges widely across Europe from Franco s Spain to the Soviet Union and from the two Germanys to Greece and throws new light on moments and movements which both united and divided the activists of Europe s 1968 *Europe's Long Century* Spencer Di Scala,2013 The twentieth century has been interpreted as a short century

marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe s Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today

Comprehensive current and affordable Europe s Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book s biographical sketches profile the lives of important though not always well known people who influenced Europe s long century **From Hitler to Codreanu** Carlos Manuel Martins,2020-12-30 This book examines

fascist ideology in seven leaders of parties and movements in the interwar period It makes use of the conceptual

morphological approach focused on core and adjacent concepts as well as on the interlinkages between them With such an approach the book seeks to offer an innovative perspective on fascism and arrive at a conceptual configuration of fascist ideology capable of highlighting its main concepts and combinations Furthermore it examines the major texts of seven leaders from Germany Italy the UK Portugal Spain France and Romania Adolf Hitler Benito Mussolini Oswald Mosley Rol o Preto Primo de Rivera Marcel D at and Corneliu Codreanu With the conceptual approach the book reasserts the possibility of finding a definition of generic fascism at the same time as depicting the ideological varieties espoused by each leader This title will be of interest to students and scholars of fascism extremism and the far right     A Fascist Century R.

Griffin,2008-08-20 Ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century Mussolini s prophesied fascist century Includes studies of fascism s attempted temporal revolution Nazism as extended case study and fascism s postwar evolution

European Cosmopolitanism Gurminder Bhambra,John Narayan,2016-10-26 This book provides a fresh examination of the cosmopolitan project of post war Europe from a variety of perspectives It explores the ways in which European cosmopolitanism can be theorized differently if we take into account histories which have rarely been at the forefront of such understandings It also uses neglected historical resources to draw out new and unexpected entanglements and connections between understandings of European cosmopolitanism both in Europe and elsewhere The final part of the book places European cosmopolitanism in tension with contemporary postcolonial configurations around diaspora migration and austerity Overall it seeks to draw attention to the ways in which Europe s posited others have always been very much a part of Europe s colonial histories and its postcolonial present

## Reviewing **Fascism In Europe**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Fascism In Europe**," an enthralling opus penned by a highly acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve in to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

### **Fascism In Europe Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Fascism In Europe has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Fascism In Europe has opened up a world of possibilities. Downloading Fascism In Europe provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Fascism In Europe has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Fascism In Europe. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Fascism In Europe. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Fascism In Europe, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Fascism In Europe has transformed the way we access information. With the convenience, cost-effectiveness,

and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Fascism In Europe Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Fascism In Europe is one of the best book in our library for free trial. We provide copy of Fascism In Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Fascism In Europe. Where to download Fascism In Europe online for free? Are you looking for Fascism In Europe PDF? This is definitely going to save you time and cash in something you should think about.
