Fascisme Français:

A History of Fascism in France Chris Millington, 2019-12-12 CHOICE Outstanding Academic Title 2021 A History of Fascism in France explores the origins development and action of fascism and extreme right and fascist organisations in France since the First World War Synthesizing decades of scholarship it is the first book in any language to trace the full story of French fascism from the First World War to the modern National Front via the interwar years the Vichy regime and the collapse of the French Empire Chris Millington unpicks why this extremist political phenomenon has at times found such fervent and widespread support among the French people The book chronologically surveys fascism in France whilst contextualizing this within the broader European and colonial frameworks that are so significant to the subject Concluding with a useful historiographical chapter that brings together all the previously explored aspects of fascism in France A History of Fascism in France is a crucial volume for all students of European fascism and France in the 20th century **France in the Era of Fascism** Brian Jenkins, 2007 This volume brings together the leading critics of the immunity thesis to fascism in France in the 1930s Robert Paxton Zeev Sternhell and Robert Soucy who have refined and updated their positions in these essays **The Extreme Right in France** James Shields, 2007-05-07 As well as providing a detailed biography of Le Pen the leader of the National Front in France this book also explores the wider development of the extreme right as a significant intellectual and political force within France *Fascisme français ?* Serge Bernstein, Jean-Noël Jeanneney, Michel Winock, 2014-10-09 La France a t elle t le laboratoire du fascisme avant d en tre la plus pure r alisation avec le r gime de Vichy C est la th se d fendue de livre en livre par l historien isra lien Zeev Sternhell objet d une controverse rebondissements Au del des querelles de personnes et en se limitant strictement la discussion intellectuelle une mise au point d passionn e s impose Serge Bernstein et Michel Winock s y emploient dans ce livre avec le concours d historiens fran ais et trangers Non le fascisme ne prit jamais en France l allure d un mouvement de masse Et s il y eut bien une impr gnation fasciste dans les ann es 1930 elle fut surtout le fait d intellectuels dont Zeev Sternhell grossit l influence Une analyse salutaire et sans concession qui d construit le mythe des origines fran aises du fascisme French Fascism Robert Soucy, 1995-01-01 Did fascism have a significant following in France in the 1930s Were its supporters predominantly from the political right or left This provocative book in conjunction with its acclaimed predecessor French Fascism The First Wave demolishes the notion that fascism never took hold in France Robert Soucy argues that France has a long standing fascist tradition one that arose he argues more from counterrevolutionary forces on the right than from forces on the left Analyzing fascist double talk Soucy underscores the social and economic conservatism of such mass movements as Francisme the Solidarit Fran aise the Parti Populaire Fran ais and the Croix de Feu as well as the ideological and membership crossovers between them Examining police reports of the era he penetrates beneath the socialist rhetoric of these movements and describes their financial backing from the steel and electricity industries and the middle and lower middle class constituencies rather than workers who provided most of their

recruits Soucy investigates why thousands of French men and women found fascist ideas attractive during this period and what fueled the more authoritarian and brutal aspects of French fascism According to Soucy these tendencies seen most recently in the right wing activity of Jean Marie Le Pen s National Front periodically emerge from perceived threats from alien elements in French society whether they be Communists Socialists immigrants Jews feminists hedonists democrats or liberals soft on Marxism and secularism **The Developing of the Radical Rights in France** Edward J.

Arnold,2000-05-23 This book traces the origins and evolution of extreme right wing thought in France from the end of the nineteenth century to the present day It establishes the presence of an ideological tradition or organicist exclusive nationalism initiated at the end of the nineteenth century which adapts itself to the post First World War and re emerges forcibly during the Occupation Elements of this same tradition are present in the modern discourse of the extreme right in post war France This helps the student of modern French politics to see movements like the Front National in their historical perspective *Intellectuals in the Latin Space during the Era of Fascism* Valeria Galimi,Annarita Gori,2020-02-26 This

volume investigates a galaxy of diverse networks and intellectual actors who engaged in a broad political environment from conservatism to the most radical right between the World Wars Looking beyond fascism it considers the less investigated domain of the Latin space which is both geographical and cultural encompassing countries of both Southern Europe and Latin America Focus is given to mid level civil servants writers journalists and artists and important transnational agents as well as the larger intellectual networks to which they belonged The book poses such questions as In what way did the intellectuals align national and nationalistic values with the project of creating a Republic of Letters that extended beyond each country s borders a space in which one could produce and disseminate thought whose objective was to encourage political action What kinds of networks did they succeed in establishing in the interwar period Who were these intellectuals in action What role did they play in their institutions and cultural associations activities A wider and intricate analytical framework emerges exploring right wing intellectual agents and their networks their travels and the circulation of ideas during the interwar period and on a transatlantic scale offering an original contribution to the debate on interwar authoritarian regimes and opening new possibilities for research Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license Empire's

Legacy John Welly Peter Veugelers,2020 Settler relations and identities in colonial Algeria The unmaking of the colony From newcomers to incipient constituency New political configurations Gaullism loses ground Building a base for the National Front The far right organizes in the Var A city under the far right Discourse and politics Transmitting a far right affinity Holding off the National Front **Conservatives and Right Radicals in Interwar Europe** Marco Bresciani,2020-12-30

This book features a broad range of thematic and national case studies which explore the interrelations and confrontations between conservatives and the radical Right in the European and global contexts of the interwar years It investigates the

political social cultural and economic issues that conservatives and radicals tried to address and solve in the aftermaths of the Great War Conservative forces ended up prevailing over far right forces in the 1920s with the notable exception of the Fascist regime in Italy But over the course of the 1930s and the ascent of the Nazi regime in Germany political radicalisation triggered both competition and hybridisation between conservative and right wing radical forces with increased power for far right and fascist movements The book will be of great interest to students and scholars of politics history fascism and Nazism Reactionary Nationalists, Fascists and Dictatorships in the Twentieth Century Ismael Saz,Zira Box,Toni

Morant,Julián Sanz,2019-07-23 This book provides a comparative study of fascisms and reactionary nationalisms It presents these as transnational political cultures and examines the dictatorships and regimes in which these cultures played significant roles The book is organised into three main sections focusing on nationalists fascists and dictatorships in turn The chapters range across French Italian Spanish Portuguese and German experiences and include a broader overview of the political cultures in Central and Eastern Europe as well as Latin America The chapters consider the identities organizations and evolution of the various cultures and specific political movements alongside the intersections between these movements and how they adapted to changing contexts By doing so the book offers a global view of fascisms and reactionary nationalisms and promotes debate around these political cultures

The French National Front Harvey G Simmons,2018-03-05 Over the past few decades extreme right political parties have won increasing support throughout Europe The largest and most sophisticated of these is the French National Front Led by the charismatic Jean Marie Le Pen the Front is now the third most important political force in France after the mainstream right and the socialists This clear and comprehensive book explores the antecedents for the meteoric rise of the National Front Beginning with a political history of the extreme right from 1945 to 1995 Harvey Simmons traces links between Le Pen and French neo fascist and extreme right organizations of the 1950s and 1960s and concludes with analyses of the Front s antisemitism racism organization ideology language electorate and views on women Simmons argues that the Front is not a party like any other but a major threat to French democracy *The French Right Between the Wars* Samuel Kalman,Sean Kennedy,2014-01-01 During the interwar years France experienced severe political polarization At the time many observers particularly on the left feared that the French right had embraced fascism generating a fierce debate that has engaged scholars for decades but has also obscured critical changes in French society and culture during the 1920s and 1930s This collection of essays shifts the focus away from long standing controversies in order to examine various elements of the French right from writers to politicians social workers to street fighters in their broader social cultural and political contexts It offers a wide ranging reassessment of the structures mentalities and significance of various conservative and extremist organizations deepening our understanding of French and European history in a troubled yet fascinating era *France in the Second World War* Chris Millington,2020-07-23 During 1940 1944 the citizens of France and its Empire endured the dark years of invasion

The Conditions of Democracy in Europe 1919-39 D. Berg-Schlosser, J. Mitchell, 2016-01-08 Why did democracy survive in some European countries between the wars while fascism or authoritarianism emerged elsewhere This innovative study approaches this question through the comparative analysis of the inter war experience of eighteen countries within a common comprehensive analytical framework It combines social and economic structure and political actor related aspects to provide detailed historical accounts of each case which serve as background information for the systematic testing of major theories of fascism and democracy

From victory to Vichy Chris Millington, 2013-07-19 The most up to date and comprehensive English language study of its kind From victory to Vichy explores the political mobilisation of the two largest French veterans associations during the interwar years the Union française and the Union nationale des combattants UNC Drawing on extensive research into the associations organisation policies and tactics this study argues that French veterans were more of a threat to democracy than previous scholarship has allowed As France descended into crisis the UF and the UNC sought to extend their influence into the non veteran milieu through public demonstrations propaganda campaigns and the foundation of auxiliary groups Despite shifting policies and independent initiatives by the end of the 1930s the UF and the UNC had come together in a campaign for authoritarian political reform leaving them perfectly placed to become the eyes and ears of Marshal Pétain s Vichy regime Offering an original contribution to the history of late Third Republican political culture From victory to Vichy will appeal to students and scholars of modern France and Europe

Un paradoxe français Simon Epstein, 2015-08-01 Spécialiste de l'antisemitisme Simon Epstein a constitué au fil des ans un socle informatif considérable sur les itinéraires contrastés de deux cat

gories de Français ceux qui protestent contre le racisme et l'antisemitisme dans les années 1920 et 1930 avant de s'engager dans la Collaboration et ceux qui expriment une hostilité ou un préjugé à l'égard des juifs puis qui se retrouvent l'heure venue dans la Résistance Ce livre ne retrace ni l'histoire de l'antiracisme ni celle de l'antisemitisme il est l'histoire du passage de l'un à l'autre Les principaux chefs de la Collaboration ont traversé chacun sa manière une phase de dénonciation de la haine antijuive beaucoup furent même militants de la Ligue internationale contre l'antisemitisme LICA Réciproquement de nombreux résistants et non des moindres sont originaires d'une extrême droite nationaliste qui dans les années 1930 fut fertile en prises de positions hostiles aux juifs C'est ce paradoxe que Simon Epstein décrit puis analyse en s'appliquant aussi à montrer l'occultation dont ces chassés-croisés dérivants certes mais significatifs ont fait l'objet dans les mémoires françaises

Catholicism and Fascism in Europe 1918 - 1945 Jan Nelis, Anne Morelli, Danny Praet, 2015-05-01 Die im vorliegenden Band versammelten Aufsätze analysieren die vielfältige Art und Weise wie der Vatikan die nationalen Kirchen und einzelne Katholiken mit dem Aufstieg der extremen Rechten in Europa während der 1920er 1930er und frühen 1940er Jahre umgingen vom Ende des Ersten Weltkriegs der mit Recht als einer der wichtigsten Katalysatoren des europäischen Faschismus in der Zwischenkriegszeit gilt bis zum Schluss und zu den unmittelbaren Nachwirkungen des Zweiten Weltkriegs Während einige Aufsätze sich auf theoretische methodologische Probleme konzentrieren beschreiben sich die meisten Beiträge mit jeweils einem Land oder einer Region wo eine faschistische Bewegung oder ein solches Regime zwischen den Kriegen und während des Zweiten Weltkriegs erfolgreich war und wo es gleichzeitig eine signifikante katholische Präsenz in der Gesellschaft gab Fast ganz Europa wird behandelt ein beispielloses Unternehmen und eine große Zahl wichtiger Kontexte und Methoden wird untersucht So wirken die Beiträge mit an der allgemeinen Entwicklung eines interpretativen Cluster Modells das eine Reihe von Grundmustern der Forschung vereinigt und zukünftige Untersuchungen anregen wird The papers presented in this volume analyse the many ways in which the Vatican national Churches and individual Catholics dealt with the rise of the extreme right in Europe throughout the 1920s 1930s and early 1940s from the end of the First World War arguably one of the main catalysts of European interwar fascism to the conclusion and immediate aftermath of the Second World War While a number of papers focus primarily on theoretical methodological issues pertaining to the book's general theme the majority of papers focus on either a country or region where a fascist movement or regime flourished between the wars and during the Second World War and where there was a significant Catholic presence in society The various chapters cover almost the entire European continent an endeavour that is unprecedented and they explore a wide range of relevant contexts and methodologies thus further contributing to the general development of an interpretive cluster model that incorporates a series of investigative matrixes and that will hopefully inspire future research La France des années 1930 Renaud Meltz, 2023-11-17T00:00:00+01:00 La France des années 1930 dans toutes ses dimensions tant politique qu'économique sociale et culturelle La France des années 30 est travaillée par un recul inquiet de la confiance en la démocratie libérale Elle
