It Makes (No) Sense Nicolae Naumof,2014-01-03 From a rational point of view people often do things that make little or no sense But when these actions are viewed through the lens of behavioral sciences a new interpretation emerges Through the filter of a four dimensional model of human behavior the reasons that people do what they do begin to come into focus Building on this idea It Makes No Sense offers a counterintuitive perspective and macro rules on human judgment decision making and behavior The first section of the book How We Think explores human judgment and decision making This knowledge serves as the basic of understanding of how social factors transient internal
