**Chai Noon** Jonathan L. Friedmann,2025 Only a few Westerns contain explicitly Jewish stories or themes and very rarely do Old West tales involve identifiably Jewish characters Yet Jewish contributors have shaped the Western once Hollywood s most popular genre ever since the silent era both onscreen and offscreen and some filmmakers have sought to infuse the genre with a distinctly Jewish sensibility In *Chai Noon* Jonathan L Friedmann applies some of the central questions of Jewish film studies to the Western What makes a movie Jewish What counts as a Jewish image on screen What types of Jewish representation are appropriate How much of a film s Jewishness owes to the filmmakers and how much to the viewer s interpretation This volume joins other reconsiderations of outsider and minority representations in Westerns to offer a more nuanced view of the genre Friedmann engages with larger themes of Jewish identity in popular film including depictions of race ethnicity and foreignness He also identifies similar concerns within the invention and creation of the imaginary West writ large in American culture The juxtapositions prove to be both unexpected and intuitively understandable
