Modern Architectural Theory Harry Francis Mallgrave,2009-07-13 Modern Architectural Theory is the first book to provide a comprehensive survey of architectural theory primarily in Europe and the United States during three centuries of development In this synthetic overview Harry Mallgrave examines architectural discourse within its social and political context He explores the philosophical and conceptual evolution of its ideas discusses the relation of theory to the practice of building and most importantly considers the words of the architects themselves as they contentiously shaped Western architecture He also examines the compelling currents of French rationalist and British empiricist thought radical reformation of the theory during the Enlightenment the intellectual ambitions and historicist debates of the nineteenth century and the distinctive varieties of modern theory in the twentieth century up to the profound social upheaval of the 1960s Modern Architectural Theory challenges many assumptions about architectural modernism and uncovers many new dimensions of the debates about modernism

Classicism and the Construction of Capital Cities Richard Alston,2025-05-15 Exploring the intriguing interplay between tradition and modernity in the 19th century capitals of London Athens and Rome Richard Alston delves into the political and architectural choices that shaped these cities as representations of self consciously modern nations Politicians and architects invested in classical styles in their efforts to break with traditions and assert new values Classical style was employed to address questions of urbanism and nation citizenship and belonging and history and civilization The story of 19th century architectural Classicism offers a compelling narrative of utopian dreams clashing with authoritarian politics to generate the complexities of modern urban landscapes Through these three case studies this book illuminates how Classicism became a potent tool for expressing elitist nationalism in London excluding Greeks from their own capital in Athens and reinforcing aspiration to a technocratic new Rome As such grand visions collided with modern urban realities Alston unravels the mythic allure and ultimate failure of these utopian endeavours This book presents a riveting exploration of the architectural choices that reflected the aspirations and challenges of a rapidly changing world leaving a lasting impact on the capitals and their nations

German Jewry and the Allure of the Sephardic John M. Efron,2019-05-28 In the eighteenth and nineteenth centuries as German Jews struggled for legal emancipation and social acceptance they also embarked on a program of cultural renewal two key dimensions of which were distancing themselves from their fellow Ashkenazim in Poland and giving a special place to the Sephardim of medieval

Spain Where they saw Ashkenazic Jewry as insular and backward a result of Christian persecution they depicted the Sephardim as worldly morally and intellectually superior and beautiful products of the tolerant Muslim environment in which they lived In this elegantly written book John Efron looks in depth at the special allure Sephardic aesthetics held for German Jewry Efron examines how German Jews idealized the sound of Sephardic Hebrew and the Sephardim's physical and moral beauty and shows how the allure of the Sephardic found expression in neo Moorish synagogue architecture historical novels and romanticized depictions of Sephardic history He argues that the shapers of German Jewish culture imagined medieval Iberian Jewry as an exemplary Jewish community bound by tradition yet fully at home in the dominant culture of Muslim Spain Efron argues that the myth of Sephardic superiority was actually an expression of withering self critique by German Jews who by seeking to transform Ashkenazic culture and win the acceptance of German society hoped to enter their own golden age Stimulating and provocative this book demonstrates how the goal of this aesthetic self refashioning was not assimilation but rather the creation of a new form of German Jewish identity inspired by Sephardic beauty
