## **Friend In The Kitchen Old Australian Cookerys:**

A Friend in the Kitchen Colin Bannerman, 1996 Colin Bannerman's gentle passion for food and old cookery books has produced a delightful insight into the Australian way of eating in what he calls the Federation years from the colony's first centenary in 1888 to the outbreak of World War I. Against an evocative historical backdrop he has drawn from books published in that period to reveal how British cuisine and its associated formalities were gradually re-shaped to suit Australia's more relaxed lifestyle.

**Seed Cake and Honey Prawns** Colin Bannerman, 2008 In this wry audacious and absorbing consideration of the history of food in this country in the last 150 years Colin Bannerman spares no dish no recipe and no chef that captures his attention.

**One Continuous Picnic** Symons, Michael, 2016-10-17 2007 marks the twenty fifth anniversary of the first publication of *One Continuous Picnic* a frequently acclaimed Australian classic on the history of eating in Australia. The text remains gratifyingly accurate and prescient and has helped to shape subsequent developments in food in Australia. Until recently historians have tended to overlook eating and yet through meat pies and lamingtons Symons tells the history of Australia gastronomically. He challenges myths such as that Australia is too young for a national cuisine and that immigration caused the restaurant boom. Symons shows us that Australia is unique because its citizens have not developed a true contact with the land have not had a peasant society. Australians have enjoyed plenty to eat but food had to be portable witness the weekly rations of mutton flour tea and sugar that made early settlers a mobile army clearing a whole continent and the tins of jam condensed milk camp pie and bottles of tomato sauce and beer that turned its citizens into early suburbanites. By the time of screw top riesling takeaway chicken and frozen puff pastry Australians were hypnotised consumers on one continuous picnic. But good food has never come from factory farms process lines supermarkets and fast food chains. Only when we enjoy a diet of fresh local produce treated with proper respect when we learn from peasants might we at last have found a national cuisine and cultivated a continent.

**Bold Palates** Barbara Santich, 2012 *Bold Palates* is lovingly researched and extensively illustrated. Barbara Santich helps us to a deeper understanding of Australian identity by examining the way we eat. Not simply a gastronomic history her book is also a history of Australia and Australians.
