Sexual and physical abuses are not easily spoken of in our society Many people would rather handle it the same way they did in the past generations with all too many children locking it away and never speaking of it ever again Denying this abuse taking place and keeping it hidden in the closet can cause mental emotional and psychological damage to the children violated Many endured sleepless nights with recurring nightmares into their adult lives knowing they were violated by people they *Cuba Since the Revolution of 1959* Samuel Farber,2011 Uncritically lauded by the left and impulsively denounced by the right the Cuban Revolution is almost universally viewed one dimensionally Farber one of its most informed left wing critics provides a much needed critical assessment of the revolution's impact and legacy Truman, Franco's Spain, and the Cold War Wayne H. *Stalin* Stephen Kotkin, 2017-10-31 Monumental The New York Times Book Review Pulitzer Prize finalist Stephen Kotkin has written the definitive biography of Joseph Stalin from collectivization and the Great Terror to the conflict with Hitler's Germany that is the signal event of modern world history In 1929 Joseph Stalin having already achieved dictatorial power over the vast Soviet Empire formally ordered the systematic conversion of the world's largest peasant economy into socialist modernity otherwise known as collectivization regardless of the cost What it cost and what Stalin ruthlessly enacted transformed the country and its ruler in profound and enduring ways Building and running a dictatorship with life and death power over hundreds of millions made Stalin into the uncanny figure he became Stephen Kotkin's *Stalin* Waiting for Hitler 1929 1941 is the story of how a political system forged an unparalleled personality and vice versa The wholesale collectivization of some 120 million peasants necessitated levels of coercion that were extreme even for Russia and the resulting mass starvation elicited criticism inside the party even from those Communists committed to the eradication of capitalism But Stalin did not flinch By 1934 when the Soviet Union had stabilized and socialism had been implanted in the countryside praise for his stunning anti capitalist success came from all quarters Stalin however never forgave and never forgot with shocking consequences as he strove to consolidate the state with a brand new elite of young strivers like himself Stalin's obsessions drove him to execute nearly a million people including the military leadership diplomatic and intelligence officials and innumerable leading lights in culture While Stalin revived a great power building a formidable industrialized military the Soviet Union was effectively alone and surrounded by perceived enemies The quest for security would bring Soviet Communism to a shocking and improbable pact with Nazi Germany But that bargain would not unfold as envisioned The lives of Stalin and Hitler and the fates of their respective dictatorships drew ever closer to collision as the world hung in

the balance Stalin Waiting for Hitler 1929 1941 is a history of the world during the build up to its most fateful hour from the vantage point of Stalin's seat of power It is a landmark achievement in the annals of historical scholarship and in the art of biography

A Long Road To Freedom Mary Mc Cartan, 2011-07-22 A Long Road to Freedom The Life of Patrick Mc Crystal An Irish Soldier's Cry for Peace By Mary Mc Cartan Most men returning from World War 2 never spoke about their experiences Still in their youth they simply closed the book on the past and started a new life The young Irish fellows returning especially to the North were forced to bury their history even further down and completely deny it for their own safety Patrick Mc Crystal was one of those men who arrived home alive with a story of horror But he locked that story inside for 53 years before being forced to tell it This is his story A first hand experience of a life time of war through the eyes of one Peace loving man who has seen the devastation of some of the most gruesome attacks on civilian populations in the 20th Century Patrick found himself in Malta in 1940 trapped in the most bombed place in world history After surviving that siege he ended up in the frontline as the Germans slaughtered British Troops on Leros As a POW Patrick helped bury the tens of thousands of German civilians killed in Dresden by Allied attacks On returning home to peaceful normality war found him again in 1969 Raising a family through the Northern Ireland Troubles was difficult and Patrick suffered the loss of his own daughter in the bombing of his hometown of Omagh in 1998 This is the survival story of a man who has seen the best and worst of human nature and truly understands the price of freedom

*The Algerian War in Film Fifty Years Later, 2004-2012* Anne Donadey, 2020-10-07 The Algerian War in Film Fifty Years Later 2004 2012 examines the cultural political and aesthetic significance of narrative films made during the fiftieth anniversary period of the war between 2004 and 2012 This period was a fruitful one in which film became a central medium generating varied representations of the war and Anne Donadey argues that the fiftieth anniversary film production contributed to France's move from a period of the return of the repressed to one of difficult anamnesis Donadey provides a close analysis of twenty narrative films made during this period on both side of the Mediterranean observing that while some films continue to center on the point of view of only one stake holding group a number of films open up new opportunities for multicultural French audiences to envision the war through the eyes of Algerian characters on screen and other films bring memories from various groups together in thoughtful articulations that represent the complexity of the situation Donadey takes this analysis a step further to analyze what types of gendered representations emerge in these films given the important participation of Algerian women in the revolutionary war Scholars of Francophone studies film women's studies and history will find this book particularly useful

*Silent Conflict* Michael Jabara Carley,2014-01-16 This deeply informed book traces the dramatic history of early Soviet western relations after World War I Michael Jabara Carley provides a lively exploration of the formative years of Soviet foreign policy making after the Bolshevik Revolution especially focusing on Soviet relations with the West during the 1920s Carley demonstrates beyond doubt that this seminal period termed the silent conflict by one Soviet diplomat launched the Cold War He shows that Soviet western relations at best grudging and mistrustful were almost always hostile Concentrating on the major western powers Germany France Great Britain and the United States the author also examines the ongoing political upheaval in China that began with the May Fourth Movement in 1919 as a critical influence on western Soviet relations Carley draws on twenty five years of research in recently declassified Soviet and western archives to present an authoritative history of the foreign policy of the Soviet state From the earliest days of the Bolshevik Revolution deeply anti communist

western powers attempted to overthrow the newly formed Soviet government As the weaker party Soviet Russia waged war when it had to but it preferred negotiations and agreements with the West rather than armed confrontation Equally embattled by internal struggles for power after the death of V I Lenin the Soviet government was torn between its revolutionary ideals and the pragmatic need to come to terms with its capitalist adversaries The West too had its ideologues and pragmatists This illuminating window into the overt and covert struggle and ultimate standoff between the USSR and the West during the 1920s will be invaluable for all readers interested in the formative years of the Cold War     USSR. ,1960
