Placing John Haines James Perrin Warren, 2017-02-15 John Haines arrived in Alaska fresh out of the Navy in 1947 and established a homestead seventy miles southeast of Fairbanks He stayed there nearly twenty five years learning to live off the country hunting trapping fishing gathering berries and growing vegetables Those years formed him as a writer the interior of Alaska and especially its boreal forest marking his poetry and prose and helping him find his unique voice Placing John Haines the first book length study of his work tells the story of those years but

also of his later itinerant life as his success as a writer led him to hold fellowships and teach at universities across the country James Perrin Warren draws out the contradictions inherent in that biography that this poet so indelibly associated with place and authentic belonging spent decades in motion and also sets Haines's work in the context of contemporaries like Robert Bly Donald Hall and his close friend Wendell Berry The resulting portrait shows us a poet who was regularly reinventing himself and thereby generating creative tension that fueled his unforgettable work A major study of a sadly neglected master Placing John Haines puts his achievement in compelling context

Taking a Chance Lesley M Francis, 2016-05-13 Trust her to die happy Just lying there in bed all tranquil not a care in the world smiling sweetly too like she's taking a refreshing nap Listening to the heavenly choir no doubt And another thing that's a real smile Well anyway it's not the usual allure free rictus she pins on the one that's about as soothing as a Jolly Roger suddenly hoisted on the only lifeboat responding to your may day call Taking a Chance traces the relationship between Imogen and her mother Ada culminating in Ada's death when Imogen is fifty years old Imogen's reminiscences start with her discovery of Ada's death revealing her quirky coping philosophy as she does so Incredibly intelligent but maybe too nice a shock discovery will have devastating consequences for her good nature Ada with a head chock full of romantic illusions needs to lose a husband in order to facilitate her dreams Claiming that his death was a tragic accident she is convicted of manslaughter and sentenced to 5 years imprisonment Only her son Robin is convinced that she is a murderer Imogen vehemently disagrees at least at the beginning It is only much later after fear on behalf of her sick mother has taken hold that she realises her mistake On the night before Ada's death Ada confesses devastating new information that destroys their relationship and has the power to tear the whole family apart In a shocked rage Imogen fails to return her mother's medication to the locked medicine cabinet as usual Taking a Chance is a gripping sometimes humorous tale of a family in turmoil Similar in style to Maeve Binchy it will appeal to fans of stories with shocking twists and unexpected endings

1951 David D. Ferman, 2012-04-28 David D Ferman describes the fall of 1951 when a sweet young coed tricked him into signing his Letter Of Intent with a small remote junior college a football coach who some thought could not pour urine out of a boot if the instructions were plainly printed on

the heel but he just kept winning anyway and a quaint little college town where a guy could easily get an enviable reputation by doing very little and a young lady could be ruined for life for doing a whole lot less While growing up in southern Kansas Dave witnessed first hand the Great Depression that wiped out fortunes across the United States and the Dust Bowl that devastated hundreds of thousands of once fertile farms both in the 1930s He remembers the hardships and sacrifices of World War II celebrating the birth of Rock n Roll and muddling through the first spasms of the Sexual Revolution Along the way Dave completed 12 years of strict parochial school education on the low rent side of Wichita where only one in ten families owned a car and very few teenagers went to college Family motivated Dave left home for college on a football scholarship to earn his teaching degrees in English and science Intrigued by semantics classes he studied the regional dialects commonly spoken by many young student athletes in the early 1950s His goal to backtrack the language evolution that produced the vivid if somewhat naive imagery life styles and culture of that far less complex time and place Now Dave revisits the fall of 1951 with affectionate splashes of literary license Numerous stories are blended together in this book which is roughly 90 percent non fiction and 10 percent creative memoir To protect his once imprudent friends who are now role models for families and others Dave changed the names locations some descriptions and several time lines That's the least that he could do to disguise such good friends and supporters from back in 1951 [Digital Photographer's Handbook](#)
