Flawed Giant Robert Dallek, 1998-04-16 Flawed Giant the monumental concluding volume to Robert Dallek's biography of Lyndon Baines Johnson provides the most thorough engrossing account ever published of Johnson's years in the national spotlight Drawing on hours of newly released White House tapes and dozens of interviews with people close to the President Dallek reveals LBJ as a visionary leader who worked his will on Congress like no chief executive before or since and also displays the depth of his private anguish as he became increasingly ensnared in Vietnam Writing in a clear thoughtful and evenhanded style Dallek reveals both the greatness and the tangled complexities of one of the most extravagant characters ever to ascend to the White House *From Pride to*

Influence Michael Hart, 2009-04-30 Recent Canadian foreign policy has fixated upon Canada's former status as a middle power within a small club of western democratic states The emergence of a US dominated world and of an integrated North American economy and the decline of multilateral rules and institutions as prime instruments of global governance have left Canadian foreign policy searching for new purpose and direction From Pride to Influence brings Canadian foreign policy into the twenty first century by grounding it in a conception of the national interest that accepts the primacy of the United States in guaranteeing Canadian national security and prosperity It will appeal to the engaged public practitioners analysts and

Continentalizing Canada Gregory J. Inwood, 2005-01-01 Free trade has been a highly contentious issue since the Conservative government of Brian Mulroney negotiated the first deal with the United States in the 1980s Tracing the roots of Canada's contemporary involvement in North American free trade back to the Royal Commission on the Economic Union and Development Prospects for Canada in 1985 also known as the Macdonald Commission Gregory J Inwood offers a critical examination of the commission and how its findings affected Canada's political and economic landscape including its present day reverberations Using original research including content analysis interviews archival information and surveys of relevant literature Inwood argues that the Macdonald Commission created an atmosphere and political discourse that made the continentalization of Canada possible by way of free trade agreements with the U S and Mexico Through the use of a suspect research program and with the aid of a select oligarchy within the Commission and the government bureaucracy opposition to continentalism from both the majority of the Canadian population and even several commissioners was ignored Accessible to readers interested in Canadian politics policy or economy **Continentalizing Canada** offers a thorough examination into the Macdonald Commission and the resulting discourse in the Canadian political economy

International Leadership by a Canada Strong and Free Mike Harris, Preston Manning, 2007 Annotation In this fifth volume of the Canada Strong and Free series Mike Harris and Preston Manning call for Canada to reclaim its leadership role in the international arena They focus on three foreign policy priorities which would enable Canada to significantly advance its national interests and international influence across a broad front Freer international trade offers the most effective means of increasing Canadian prosperity and sustaining essential social services Harris and Manning propose a Canada US Customs Union involving a common external tariff a joint approach to the treatment of third country goods a fully integrated energy market a common approach to trade remedies and border security and an integrated government procurement regime Harris and Manning recommend the adoption of the Tools of Wealth Creation approach to attacking poverty focusing not on the redistribution of wealth but on a broader distribution of tools for creating wealth such as property rights access to capital human capital development access to technology and access to trade markets They also propose greater use of public private partnerships for infrastructure and vaccine development reforming CIDA completely untying food aid from any requirements that it be provided from Canadian sources and the new paradigm of providing aid and peacekeeping simultaneously in conflict and post conflict situations

Reassessing the Rogue Tory Janice Cavell, Ryan M. Touhey, 2018-11-15 The years when John Diefenbaker's Progressive Conservatives were in office were among the most

tumultuous in Canadian history Coming to power on a surge of optimistic nationalism in 1957 the Rogue Tory had stirred up more controversy than any previous prime minister by the time he was defeated in 1963 This was nowhere more apparent than in his handling of international affairs This book reassesses foreign policy in the Diefenbaker era to determine whether its failures can be mainly attributed to the prime minister's personality traits particularly his indecisiveness or to broader shifts in world affairs Written by leading scholars who mine new sources of archival research the chapters examine the full range of international issues that confronted Diefenbaker and his ministers and probe the factors that led to success or failure decision or indecision on specific issues Rather than dismissing Diefenbaker as a Rogue Tory on the world stage this fascinating reconsideration of the Diefenbaker years challenges readers to push beyond the conventional and reassess his record with fresh eyes *America, History and Life* ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada *Canadiana* ,1990-03 *Tolerant Allies* Greg Donaghy,2002 The first detailed behind the scenes look at Canada US relations during the turbulent 1960s *Tolerant Allies* draws extensively on recently declassified Canadian and American sources to explore the most important political economic and military elements in the bilateral relationship during the 1960s *Free Trade* L. Ian MacDonald,2000 Few public policy issues have stirred political passions on both sides of the Canada US border as free trade did in the late 1980s Negotiated between Canada and the United States in 1987 the Free Trade Agreement became the dominant issue in the November 1988 Canadian federal election perhaps the most dramatic and divisive campaign in the second half of the twentieth century Ten years after implementation of the agreement the McGill Institute for the Study of Canada organized a major conference to renew the discussion of free trade and consider its economic impact It also marked the fifth anniversary of the North American Free Trade Agreement by expanding the discussion to include the impact of NAFTA on Mexico as well as the NAFTA side agreement on the environment □□□□□□ □□□,2019-02-19 *International Books in Print*, 1995 Barbara Hopkinson,[Anonymus AC01401231],1995 **Friends So Different** Americas Society,1989 **Cumulative Book Index** ,1925 A world list of books in the English language *Canadian Books in Print* ,2003
