**Friends' Intelligencer**, 1925      *The Chartist Prisoners* Stephen Roberts, 2008 This book recovers the stories of two remarkable Victorian working men Thomas Cooper and Arthur O'Neill were both imprisoned for seditious offences in 1843. The friendship they formed in Stafford Gaol lasted for fifty years. These two men wanted to be remembered as Chartist prisoners but talented and energetic they also made their marks in other areas. Cooper was the author of a famous poem *The Purgatory of Suicides* and of novels he knew well Thomas Carlyle and Charles Kingsley and came into contact with Benjamin Disraeli and Charles Dickens. Later in life he became a lecturer in defence of Christianity. O'Neill worked with Joseph Sturge and Henry Richard for peace and international arbitration attending a number of international peace conferences. An important contribution to Chartist studies this book also examines in detail artisan literary activity pacifism and Christian apologetics in Victorian Britain.

*The Notations of Cooper* Cameron Jane O'Reilly, 2017-10-01 Eleven year old Cooper Cameron likes things to be in order. When he eats he chews every bite three times on each side. Sometimes he washes his hands in the air with invisible water. He invented these rituals after the death of his beloved grandfather to protect others he loves from terrible harm. But when Cooper's behavior drives a wedge between his parents and his relationship with his older sister Caddie begins to fray his mother's only solution is to take Cooper and Caddie to the family cabin for the summer. Armed with a collection of rocks his pet frog and his notebook Cooper vows to cure himself and bring his damaged family back together.

**Who's who in Engineering**, 1922      *Mind Breach* J. L. W. Bressler, 2014-06-02 Our story begins with a tragedy that rips apart the minds a mind breach of everyone involved. Can you think of an act that would be severe enough to literally rupture your brain? Ryan Benet can and the only way to escape such pain is to enroll at a private school named Kimball Academy. The school has a long list of alumni who graduated from Ivy League Schools. That's Ryan's goal but instead of fame and fortune he becomes immersed in strange

behavior and intense experiments In the beginning the students don't appear frightened when a bell rings and they all stop as if frozen in time and then run to the side of the building forming lines that face the wall What's causing such odd behavior It appears the students have been conditioned to respond to the school's bell system Mind Breach is a thriller based on Pavlov's conditioning theory and the use of procedures and bell systems in a private school setting Against a backdrop of paintball wars and Twinkie experiments a group of teenagers is targeted for an experiment gone wrong This page turner includes a message of caution in today's age of technological advancements About the Author J L W Bressler grew up in Vallejo California moved to Utah and is currently a music teacher in Boise Idaho which she calls going from surf to ski to spud As a teacher you want to reach and inspire each student you come in contact with but sometimes their behaviors make that difficult I have worked with amazing teachers who use every method they can to mold and yes control the student What works This book is a bit of a satire on that journey Publisher's website <http://sbpra.com/JLWBressler> **Littell's Living Age**
