**French Individualist Poetry 1686-1760** Robert Finch, Eugène Joliat, 1971-12-15 This anthology has a double aim to present a body of poetry none of it easily available some of it never before reproduced and to point up a particular trend until now nearly lost sight of in the maze of generalizations about eighteenth century French poetry This trend called individualist in contradistinction to the academic and universalist trends of the century has been chosen since it is the least known and most original of the three The individualist poets are avowed moderns and their attitude toward poetry and their concept of its nature often anticipate attitudes held by our poets of our own time There has not been available to this point a sufficiently representative body of poems by these poets a gap that Professors Finch and Joliat have attempts to fill with their anthology Readers will find the notes to the poems especially useful since many of them provide out of the way background material and as well offer new insights into the poetry of the individualist poets as a group      *Who's Who of American Women, 1997-1998* Marquis Who's Who, [Anonymus AC01783920], 1996-12 WHO S WHO OF AMERICAN WOMEN is the one essential reference to depend on for accurate detailed facts on American women of achievement This new edition includes in depth biographical profiles of prominent accomplished women      **Adult Catalog: Subjects** Los Angeles County Public
