## **From Auschwitz To Ithaca The Transnational Journey Of Jake Geldwert:**

*From Auschwitz to Ithaca* Jake Geldwert, 2002 The ways in which Holocaust survivors lives have been reconfigured in a post Holocaust world as displaced persons as refugees and transnational subjects most of them in diasporic settings far from their native homes then is what is intrinsically different This focus on a reconfigured post Holocaust life guides Diane Wolf's interview and understanding of Jake Geldwert's narrative and gives it a substantially different spin from conventional Holocaust testimonials BOOK JACKET **Re-examining the Holocaust through Literature** Aukje Kluge, Benn E.

Williams, 2009-03-26 In the late 1980s Holocaust literature emerged as a provocative but poorly defined scholarly field The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books fiction film and poetry as well as the more traditional diaries memoirs and journals Ten contributors from four countries engage issues of authenticity evangelicalism morality representation personal experience and wish fulfillment in Holocaust literature which have been the subject of controversies in the US Europe and the Middle East Of interest to students and instructors of antisemitism national and comparative literatures theater film history literary criticism religion and Holocaust studies this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context

*Sociology Confronts the Holocaust* Judith M. Gerson, Diane L. Wolf, 2007-07-11 The trauma of the Jewish Holocaust has had the effect in scholarship of marginalizing it as a special case within the study of diaspora ethnicity and collective memory yet as the contributors to this collection argue the Holocaust and its aftermath has Memory and Totalitarianism Luisa Passerini, 2017-07-12 Understanding Europe's past became an urgent matter with the events of August 1991 in Moscow in the former Soviet Union The invasion of Moscow's streets by Russian people rejecting an attempted coup d'etat was the culmination of a process that had been initiated years before and raised crucial questions To what extent can these events be considered the end of an era stretching from World War I to the 1980s when Europe experienced many forms of dictatorship To what extent can the various forms of dictatorship Europe experienced in the twentieth century be grouped together Can any sort of affinity be established between them The new introduction to the paperback edition of this volume in the Memory and Narrative series Leydesdorff and Crownshaw underline the fundamental importance of the struggle for memory and its meaning *Memory and Totalitarianism* explores the remembered experiences of individuals living under different totalitarian regimes and examines the construction of memory in the aftermath of those regimes collapse It attempts to situate the findings of oral history in the context of contemporary memory It wrestles with the most painful memories that Europeans have of this century at the end of the Cold War These memories compare with oral history's research into such experiences as racist attitudes against blacks in the South or the cultural and psychological effects of apartheid in South Africa or the Aborigines claim to their own history and to a new idea of history in Australia Totalitarianisms are products of the twentieth

century that go far beyond earlier manifestations of absolutism and autocracy in their effort to completely control political social and intellectual life They were made possible by modern industrialism and technology Therefore the theme of the book expands to include many other experiences that relate to totalitarian mentalities

**Beyond Anne Frank** Diane L. Wolf, 2007-01-16 The image of the Jewish child hiding from the Nazis was shaped by Anne Frank whose house the most visited site in the Netherlands has become a shrine to the Holocaust Yet while Anne Frank's story continues to be discussed and analyzed her experience as a hidden child in wartime Holland is anomalous as this book brilliantly demonstrates Drawing on interviews with seventy Jewish men and women who as children were placed in non Jewish families during the Nazi occupation of Holland Diane L Wolf paints a compelling portrait of Holocaust survivors whose experiences were often diametrically opposed to the experiences of those who suffered in concentration camps Although the war years were tolerable for most of these children it was the end of the war that marked the beginning of a traumatic time leading many of those interviewed here to remark My war began after the war This first in depth examination of hidden children vividly brings to life their experiences before during and after hiding and analyzes the shifting identities memories and family dynamics that marked their lives from childhood through advanced age Wolf also uncovers anti-Semitism in the policies and practices of the Dutch state and the general population which historically have been portrayed as relatively benevolent toward Jewish residents The poignant family histories in *Beyond Anne Frank* demonstrate that we can understand the Holocaust more deeply by focusing on postwar lives

**Diasporas and Exiles** Howard Wettstein, 2002-10-07 Diaspora considered as a context for insights into Jewish identity brings together a lively interdisciplinary group of scholars in this innovative volume Readers needn't expect however to find easy agreement on what those insights are The concept diaspora itself has proved controversial galut the traditional Hebrew expression for the Jews perennial condition is better translated as exile The very distinction between diaspora and exile although difficult to analyze is important enough to form the basis of several essays in this fine collection Identity is an even more elusive concept The contributors to *Diasporas and Exiles* explore Jewish identity or more accurately Jewish identities from the mutually illuminating perspectives of anthropology art history comparative literature cultural studies German history philosophy political theory and sociology These contributors bring exciting new emphases to Jewish and cultural studies as well as the emerging field of diaspora studies *Diasporas and Exiles* mirrors the richness of experience and the attendant virtual impossibility of definition that constitute the challenge of understanding Jewish identity

**'His Pen and Ink Are a Powerful Mirror'**, 2020-03-23 *His Pen and Ink are a Powerful Mirror* is a volume of collected essays in honor of Ross Brann written by his students and friends on the occasion of his 70th birthday The essays engage with a diverse range of Andalusí and Mediterranean literature art and history Each essay begins from the organic hybridity of Andalusí literary and cultural history as its point of departure introduce new texts ideas and objects into the disciplinary conversation or radically reassesses well known ones and represent the theoretical

methodological and material impacts Brann has had and continues to have on the study of the literature and culture of Jews Christians and Muslims in al Andalus Contributors include Ali Humayn Akhtar Esperanza Alfonso Peter Cole Jonathan Decter Elisabeth Hollender Uriah Kfir S J Pearce F E Peters Arturo Prats Cynthia Robinson Tova Rosen Aurora Salvatierra Raymond P Scheindlin Jessica Streit David Torollo      **Footnotes** ,2003
